Alexandre Dumas,1902 Set in the weeks surrounding the taking of the Bastille *Taking the Bastille* Alexandre Dumas,2024-01-25 It was a winter night and the ground around Paris was covered with snow although the flakes had ceased to fall since some hours Spite of the cold and the darkness a young man wrapped in a mantle so voluminous as to hide a babe in his arms strode over the white fields out of the town of Villers Cotterets in the woods eighteen leagues from the capital which he had reached by the stage coach towards a hamlet called Haramont His assured step seemed to indicate that he had previously gone this road Soon above him streaked the leafless boughs upon the grey sky The sharp air the odor of the oaks the icicles and beads on the tips of branches all appealed to the poetry in the wanderer Through the clumps he looked for the village spire and the blue smoke of the chimneys filtering from the cottages through the natural trellis of the limbs It was dawn when he crossed a brook bordered with yellow cress and frozen vines and at the first hovel asked for the laborer s boy to take him to Madeline Pi tou s home Mute and attentive not so dull as most of their kind the children sprang up and staring at the stranger led him by the hand to a rather large and good looking cottage on the bank of the rivulet running by most of the dwellings A plank served as a bridge There said one of the guides nodding his head to wards it Gilbert gave them a coin

which made their eyes open still more widely and crossed the board to the door which he pushed open while the children taking one another's hand started with all their might at the handsome gentleman in a brown cloth coat buckled shoes and large cloak who wanted to find Madeline Pitou Apart from them Gilbert for such was the young man's name simply so for he had no other saw no living things Haramont was the deserted village he was seeking As soon as the door was open his sight was struck by a scene full of charm for almost anybody and particularly for a young philosopher like our roamer A robust peasant woman was suckling a baby while another child a sturdy boy of four or five was saying a prayer in a loud voice In the chimney corner near a window or rather a hole in the wall in which was stuck a pane of glass another woman going on for thirty five or six was spinning with a stool under her feet and a fat poodle on an end of this stool Catching sight of the visitor the dog barked in a civil and hospitable manner just to show that he had not been caught napping The praying boy turned cutting the devotional phrase in two and both females uttered an exclamation between joy and surprise I greet you good mother Madeline said Gilbert with a smile

Taking the Bastille Alexandre Dumas, 1904 The French Independence Day is Bastille Day July 14 It's called that because it celebrates the storming of the Bastille a famous prison during the French Revolution in 1789 In the book *Taking The Bastille* Alexandre Dumas tells the story of the weeks surrounding the storming of the Bastille *The Storming of the Bastille* Charles River Editors, 2017-02-23 Includes pictures Describes the history of the Bastille before the French Revolution Includes accounts of the storming of the Bastille by one of the defenders Includes a bibliography for further reading Includes a table of contents As one of the seminal social revolutions in human history the French Revolution holds a unique legacy especially in the West The early years of the Revolution were fueled by Enlightenment ideals seeking the social overthrow of the caste system that gave the royalty and aristocracy decisive advantages over the lower classes But history remembers the French Revolution in a starkly different way as the same leaders who sought a more democratic system while out of power devolved into establishing an incredibly repressive tyranny of their own once they acquired it The French Revolution was a turbulent period that lasted several years but the most famous event of the entire revolution came near the beginning with the storming of the Bastille Throughout the day on July 13 1789 rumors of an impending attack by the French army spread through the city of Paris A large mob formed first taking some 28 000 rifles from the Invalides the veterans hospital in the city and in search of powder for the rifles the mob stormed the Bastille an old and largely unused prison in the city While the Bastille with its imposing turrets and fort like construction was a symbol of oppression their intent was less political and more practical they needed ammunition and the prison was under relatively light guard with only a few prisoners The guards first attempted to negotiate with the group hoping to buy time for extra troops to arrive but finally the guards fired on the mob when negotiations failed Hundreds in the mob were killed and when additional troops arrived rather than defending the Bastille they joined with the mob providing canons and soldiering skills to ensure the success of the people over the Bastille guards Late in the afternoon the Bastille guards

surrendered and were killed by the mob while future revolutionaries like Robespierre supported the actions of the mob as a reflection of the will of the people even when they killed the governor of the Bastille News of the incident at the Bastille reached the royal palace of Versailles the same day but King Louis XVI did not respond or act even when the Assembly requested he pull back troops from the city Indeed the royal response was mixed with Queen Marie Antoinette favoring military action to put down the rebellion at once while Louis XVI continued to hope for some sort of peaceful solution Louis eventually agreed to pull the troops back on the afternoon of July 15 and after some of his troops had joined the mob at the Bastille Louis XVI now understood that he could not trust or rely upon the army When he asked if it was a revolt he was famously told that it was a revolution and as news of the violence spread throughout the country revolutionary groups took control of many city governments Grain shortages led to outright rebellion in some areas as hungry people broke into granaries and landlords estates and pillage destruction and arson impacted towns cities and small rural communities throughout France With that the stage was set for the French Revolution to take its course The Storming of the Bastille analyzes the history and legacy of one of the French Revolution s seminal events Along with pictures of important people places and events you will learn about the storming of the Bastille like never before in no time at all

Silence and Voice in the Study of Contentious Politics Ronald Aminzade, 2001-09-17 The aim of this book is to highlight and begin to give voice to some of the notable silences evident in recent years in the study of contentious politics The seven co authors take up seven specific topics in the volume the relationship between emotions and contention temporality in the study of contention the spatial dimensions of contention leadership in contention the role of threat in contention religion and contention and contention in the context of demographic and life course processes The seven spent three years involved in an ongoing project designed to take stock and attempt a partial synthesis of various literatures that have grown up around the study of non routine or contentious politics As such it is likely to be viewed as a groundbreaking volume that not only undermines conventional disciplinary understanding of contentious politics but also lays out a number of provocative new research agendas
