Understanding the Principles of Church Growth

Professor Isaac O. Ojutalayo,2019-04-06 The author of this work Isaac Ojutalayo has done his research on the subject of leadership and church growth The contents of this book are the written evidence The eleven chapters embrace some of the most important and necessary things that leaders should learn and practise whether they are ordained ministers or lay workers in the church The principles he has written about can also be applied in circular organisation This book reveals Dr Isaac Ojutalayo s academic achievement and experimental development He has divided each chapter into readable sections that can be easily discussed and studied The book is suitable for individuals and groups who are called by God to lead His people Dr Isaac Ojutalayo is passionate that leaders be men and women of excellence whether the congregation they lead is large or small He stresses communication generosity honesty and continuing education with the highest level of trust all essential elements of church growth He points out repeatedly that the church and the world community are suffering from a crisis of leadership that bold and honest leaders are needed in the church and in the marketplace as well as in the home In my analysis he has called for transformational leaders to rise up and effect change It is very clear that he is saying that many leaders work within situations Transformational leaders change what can be talked about whereas many other leaders talk about pay offs Transformational leaders talk about goals Many leaders bargain whereas transformational leaders appeal to a common vision Dr Isaac Ojutalayo argues that desperately needed Christians and transformational leadership will not emerge until we have a model of a transforming leader I believe that Jesus Christ was and is the most effective leader the world has ever known It is with unreserved joy that I recommend this publication to those who are interested in church leadership Professor Clinton L Ryan ThD

Neighbour,2009-06-08 Tired of reading books by pastors of large churches who could put a stick in the mud and it would grow a fruit bearing tree in a week Exhausted with doing ministry the same way expecting different results Exasperated by the lack of ownership among the members of your existing groups Then this book is for you Pulling no punches Neighbour diagnoses the problems surrounding small group and cell group ministry in America today offering practical suggestions that work *Mountain Top Life Daily Devotional 2018* Dr. D. Shin,Sheryl Takagi Silzer,2016-09-13 Why do the first generation still act like that Why can t we try some new ideas Why are the second generation so lazy Why are the second generation so disrespectful Isn t it a shame how the church is split between the two generations These and many more questions reflect the tangled conflicts within the Asian American church Cultural differences have led to many misunderstandings and conflicts Conflicts have created bitterness and churches have split apart How can these tangled threads be rewoven into a beautiful tapestry of God s grace What would it take for the Asian American church to reflect God s grace In Tapestry of Grace Dr Benjamin C Shin and Dr Sheryl Takagi Silzer apply their years of study and teaching to explain how the cultural complexities that occur between the different generations of the Asian American church can be untangled Taking lessons from their own spiritual journeys they show how each generation can experience the amazing grace of the Gospel **Church Administration Handbook** Bruce P.

Powers,2008-01-01 The third edition of the popular Church Administration Handbook pays special attention to modern issues of leadership ministry and missions *Journey in the Wilderness* Gil Rendle,Gilbert R. Rendle,2010 The last forty years have seen transitions in mainline churches that feel for many like a journey into the wilderness Yet God is calling us in this moment not to grieve over the changes we have experienced but to hear the call to a new mission and a new faithfulness In *Journey in the Wilderness* Gil Rendle draws on decades as a pastor and church consultant to point a way into a hopeful future The key to embracing the wilderness is to learn new skills in leading change to reach beyond a position of privilege and power to become churches that serve God s hurting people Beating the Boundaries John Spicer,2016-11-01 Using the image of the traditional practice of beating the bounds of the parish this book contrasts the desire to mark boundaries with God s call to explore boundaries in order to open them Building on visits to nine Episcopal and Church of England congregations Spicer explores how they are opening the boundaries between inherited expressions of church and the unique contexts in which they find themselves He argues that to beat the boundaries around their current expressions of church congregations should 1 name a missional identity common to both their past expressions of congregational life and the church they hear God calling them to become 2 identify whom they re seeking to reach in the community and how they intend to do so 3 identify what sort of new church expression God is calling them to create 4 empower a missional leader and plan for governance issues their work may raise and 5 collaboratively identify how to define success and how to understand what might be seen as failure in terms of common church metrics **Planting Missional Churches** Ed Stetzer,Daniel Im,2016-05-01 In this second edition of *Planting Missional Churches* not only will you find a completely redesigned book with new content in every single chapter but you will also find several new chapters on topics such as church multiplication residencies multi ethnic ministry multisite denominations and networks and spiritual leadership The New International Year Book Frank Moore Colby,Allen Leon Churchill,Herbert Treadwell Wade,Frank H.
