

Tale or Tail

Tale

A "tale" is a story. It can be true or made-up. People tell tales to entertain, to teach lessons, or to share experiences. Tales have been part of human culture for thousands of years. They are passed down from generation to generation, and each culture has its own special stories.

Example:

- She told a captivating tale about her adventures in the mountains.

Tail

A "tail" is a body part. It's found at the rear end of some animals, including dogs, cats, and monkeys. Tails can serve different purposes. Some animals use their tails for balance, others use them to communicate, and some even use their tails to grab onto things.

Example:

- The cat wagged its tail in excitement.
