Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes **Alien Visions** Margaret Ziolkowski, 2005 There are many parallels and some revealing differences in the encounter between on the one hand the Americans and various Indian tribes and on the other the Russians and some of the peoples of the Caucasus and Siberia The enduring cultural consequences of these encounters provide a fruitful area of inquiry for the comparative examination of national images in literatures The major focus on this study is the perceptions and literary portrayal of the Chechens by the Russians and the Navajos by the Americans Both the Chechen in Russian literature and the Navajo in American literature are often constructs images derived from a potent combination of prejudices and received assumptions In each case a relatively sizable corpus of writings produced over a century or longer exemplifies or attempts to counter persistent and influential modes of cultural stereotyping The diachronic analysis of the portrayal of either the Chechens or the Navajos illuminates patterns of prejudice that have immense implications for both popular and high culture The juxtaposition of the discussion of the two groups as they have been treated in Russian and American literature can deepen our understanding of the commonalities present in attempted cultural domination or ethnic idealization Margaret Ziolkowski is Professor of Russian at Soviet Heroic Poetry in Context Margaret Ziolkowski, 2013-08-15 Soviet Heroic Poetry in Context Miami University Ohio discusses key issues surrounding the composition and recording of folklore as well as its often intensely political aspect and its preoccupation with chimerical cultural authority These issues are dramatically displayed in Soviet epic compositions of the 1930s and 1940s the so called noviny new songs which took their formal inspiration largely from traditional Russian epic songs byliny songs of the past and their narrative content from contemporary political and other events in Stalinist Russia

The story of the noviny is at once complex and comprehensible While it may be tempting to interpret the excrescences of Stalinism as unique aberrations the reality was often more complicated The noviny were not simply the result of political fiat an episode in an ideological vacuum Their emergence occurred in part because of specific trends and controversies that marked European folklore collection and publication from at least the late eighteenth century on as well as developments in Russian folkloristics from the mid nineteenth century on that assumed exaggerated proportions. The demise of the noviny was equally mediated by a host of political and theoretical considerations This study tells the story of the rise and fall of the noviny in all its cultural richness and pathos an instructive tale of the interaction of aesthetics and ideology R. Robson, 2008-10-01 div Located in the northernmost reaches of Russia the islands of Solovki are among the most remote in the world And yet from the Bronze Age through the twentieth century the islands have attracted an astonishing cast of saints and scoundrels soldiers and politicians The site of a beautiful medieval monastery once home to one of the greatest libraries of eastern Europe Solovki became in the twentieth century a notorious labor camp Roy Robson recounts the history of Solovki from its first settlers through the present day as the history of Russia plays out on this miniature stage In the 1600s the piety and prosperity of Solovki turned to religious rebellion siege and massacre Peter the Great then used it as a prison But Solovki s glory was renewed in the nineteenth century as it became a major pilgrimage site only to descend again into horror when the islands became in the words of Alexander Solzhenitsyn the mother of the Gulag system From its first intrepid visitors through the blood soaked twentieth century Solovki like Russia itself has been a site of both glorious achievement and profound misery DIV Orthodox Russia: Belief and Practice Under the Tsars **Slavic Review** ,2002 American guarterly of Soviet and East European studies varies **Old Believers in a Changing World Robert** Crummey, 2011-04-26 This important collection of essays by a pioneer in the field focuses on the history and culture of a conservative religious tradition whose adherents have fought to preserve their beliefs and practices from the seventeenth century through today Old Belief had its origins in a protest against liturgical reforms in the Russian Orthodox Church in the mid 1600s and guickly grew into a complex torrent of opposition to the Russian state the official church and the social hierarchy For Old Believers periods of full religious freedom have been very brief from 1905 to 1917 and since the fall of the Soviet Union Crummey examines the ways in which Old Believers defend their core beliefs and practices and adjust their polemical strategies and way of life in response to the changing world Opening chapters survey the historiography of Old Belief examine the methodological problems in studying the movement as a Russian example of popular religion and outline the first decades of the history Particular themes of Old Believer history are the focus of the rest of the book beginning with two sets of case studies of spirituality culture and intellectual life Subsequent chapters analyze the diverse structures of Old Believer communities and their fate in times of persecution A final essay examines publications of contemporary scholars in Novosibirsk whose work provides glimpses of the life of traditional believers in the Soviet period Old Believers in a Changing
