*Tale of the Curlew* Rhoads Murphey, 2000-03-30 Tales of sailing and the interaction with the sea      **Dorymates: A Tale of the Fishing Banks** Kirk Munroe, 2021-11-05 In *Dorymates A Tale of the Fishing Banks* Kirk Munroe crafts a captivating narrative that immerses readers in the vibrant world of commercial fishing in the late 19th century. The book is characterized by Munroe's vivid descriptions and a realistic portrayal of life on the fishing banks, balancing adventure with the stark realities of the fishermen's lives. Written in a tone that blends youthful exuberance with poignant reflections, Munroe invites readers to experience the camaraderie, challenges, and dangers of the fishing trade, all while highlighting the relationship between man and nature in a time when fishing was a vital industry. Kirk Munroe was an American author and conservationist known for his deep-seated love for nature and the sea, which profoundly influenced his writing. His experiences living in coastal regions and interacting with fishermen allowed him to authentically depict the rigors and joys of their lives. Munroe's passion for storytelling, along with his commitment to promoting environmental awareness, inspired him to create a narrative that not only entertains but also educates, portraying the importance of preserving marine ecosystems. *Dorymates* is highly recommended for readers seeking an engaging blend of adventure and cultural history. Munroe's keen eye for detail and storytelling prowess ensure this book is not only a gripping tale but one that fosters a deeper appreciation for the delicate relationship between humanity and the ocean. Perfect for young adult readers and adults alike, this novel invites its audience to reflect on their own connection to nature.

*Riding My Bike - A bikepacker's tales from the trails* Mike Raine, A bikepacker's tales from the trails Bikepacking has been an activity since bikes were invented, but in recent years it has really grown in popularity. The UK has proven itself to be an exceptional place for bike-bound off-road adventures. In this book, Mike takes you on his journey to becoming a competent bikepacker, and it's filled with top tips and good advice. It contains tales from some of our greatest bikepacking routes, including the Highland Trail 550, the Trans Cambrian, and the Lakeland 300 routes. The centrepiece of the book is Mike's own Cylchdaith Cymru Welsh 550 journey around his adopted home of Wales. Mike is a naturalist mountaineer and educator, and as such, he comments knowledgeably on the countryside and how it is being managed. He tells tales of the people he meets, the people he cycles with, and the places he visits. This is a bikepacking travelogue for our times. An engaging account of bikepacking as it should be done, with head up and eyes open. Jethro Jessop Bikepacker and YouTuber I love how Mike has added the nature, writing, and history into his personal story of bikepacking. This book emphasises the importance of being outside in nature and of movement through the environment. It contains great practical and technical information for those starting out, but it is a personal journey from naive beginnings to travelling and exploring the natural world, the unconscious competency. This book is so much more interesting than simply going faster, going stronger. Rosie Baxendine's *her Bikepacking Guide*. This is a book full of information, anecdotes, and useful insights, written by a man who has climbed, walked, and biked around most of the UK and Ireland. Mike's beautifully

written travelogue clearly indicates his intimate knowledge of ecology geology history travel and a sense of place A cracking read Iolo Williams Naturalist and Broadcaster The Silence of Amor [and] Where the Forest Murmurs William Sharp,1910
