Arrom de Ayala,1883 *Out in Public* Alison Piepmeier,2004 Images of the corseted domestic white middle class female and the black woman as slave mammy or jezebel loom large in studies of nineteenth century womanhood despite recent critical work exploring alternatives to those images In *Out in Public* **The Post-Truth Condition** Tarun Jose Kattumana,Simon Truwant,2024-06-19 *The Post Truth Condition Philosophical Reflections* edited by Tarun Jose Kattumana and Simon Truwant demonstrates that the absence of a unitary understanding of the phenomenon of post truth stems from the complex nature of the post truth condition itself By approaching post truth as a broad and multi layered societal issue the contributors offer an original contribution to the existing scholarship in three ways First they show that post truth can only be adequately understood if it is viewed not only as a political matter but also as a pervasive cultural

phenomenon Secondly the contributors concur that a profound understanding of the post truth condition can only be gained if it is studied through a conceptual empirical and historical lens Lastly they maintain that a productive understanding of the post truth condition also demands a nuanced and openminded take on both its negative reactionary characteristics and its positive liberating potential Throughout this volume philosophy of history epistemology philosophy of science political philosophy psychoanalysis phenomenology and philosophy of art join forces to clarify the pervasive character dangers and opportunities of our post truth condition

**Cultural Theory in the Films of Alfred Hitchcock** Gary McCarron, 2023-07-11 This book is neither biography nor a conventional film critique Rather the text explores aspects of Hitchcock's work in relation to theories drawn from the social sciences and philosophy The various chapters focus not on specific films but on broader ideas central to Hitchcock's work There is for instance a chapter on his idea of the MacGuffin in which I use Ernesto Laclau's theories of equivalent substitution to explain how the MacGuffin functions in Hitchcock's works There is also a chapter on his notion of pure cinema which moves from the idea of purity as an anthropological concept to consider purity in relation to current debates regarding so called hybrid media and Hitchcock's relevance to these issues in respect of his dissatisfaction with the advent of sound to the cinema world Broadly speaking the book uses Hitchcock's films to illustrate ideas in the social sciences and philosophy and uses those same ideas to illustrate aspects of Hitchcock's films
