*The Tale of Two Testaments* William Riley, 1985      **The Old Testament Short Story** Carmel McCarthy, William Riley, 1986 The recent emphasis placed on the study of narrative has found its way into theological studies Essentially this volume is an exploration of narrative and of the significant fact that the Jewish and Christian communities have continued over the centuries to tell stories that they reverence as the Word of God      **Two Testaments, One Bible** David L. Baker, 2013-04-06 Do we need the Old Testament today Is this collection of ancient writings still relevant in our postmodern and increasingly post literary world Isn't the New Testament a sufficient basis for the Christian faith What does the Old Testament God of power and glory have to do with the New Testament God of love whom Jesus calls Father Are these two very different Testaments really one Bible In this thoroughly revised updated and expanded edition of *Two Testaments One Bible* David L Baker investigates the theological basis for the continued acceptance of the Old Testament as Christian Scripture through a study of its relationship to the New Testament He introduces the main issues surveys the history of interpretation and critically examines four major approaches He then considers four key themes which provide a framework for Christian interpretation of two Testaments in the context of one Bible typology promise and fulfilment continuity and discontinuity and covenant He completes his study with a summary of the main conclusions and reflection on their implications for the use of the Bible today      **Theological Exegesis in the Canonical Context** Chen Xun, 2010 Modern Christian theology has been problematic with the schism between the Bible and theology and between biblical studies and systematic theology Brevard Springs Childs is one of those biblical scholars who dismiss this iron curtain separating the two disciplines *Theological Exegesis in the Canonical Context* Brevard Springs Childs's *Methodology of Biblical Theology* analyzes Childs's concept of theological exegesis in the biblical canons Childs disregards negative influences of the historical critical method by establishing canon based theological exegesis that leads into confessional biblical theology He demonstrates forcefully the inadequacies of the historical critical method in practicing biblical theology His canonical approach establishes post critical Christian biblical theology and works within the traditional framework of faith seeking understanding Childs's biblical theology has a double task descriptive and constructive the former connects biblical theology with exegesis the latter with dogmatics He uses a comprehensive model that combines a thematic investigation of the essential theological contents of the Bible with a systematic analysis of the contents of the Christian faith Childs's theological exegesis in the canonical context offers a new interpretation in the modern history of Christian theology      **Invitation to Biblical Theology** Jeremy M. Kimble, Ched Spellman, 2020-06-30 *Invitation to Biblical Theology* provides a thorough overview of biblical theology that is accessible for those new to the topic but substantial enough for advanced study Defining biblical theology as the study of the whole Bible on its own terms Jeremy Kimble and Ched Spellman begin with a brief history of the discipline followed by a survey of contemporary approaches They then lay out their own approach built on the

framework of the canon the covenants and Christ Taking God's plan of redemption in Christ as the uniting theme of Scripture Kimble and Spellman survey the grand storyline of the Bible from Genesis to Revelation showing how each division of the canon moves the overarching story forward The following ten chapters survey central and recurring themes of Scripture including kingdom worship Messiah and atonement God's glory and mission The authors conclude with reflections on how biblical theology can serve the church as well as the academy Pro Ecclesia Vol 24-N2 Joseph Mangina, Associate

**Reading and the Old Testament** Don C. Collett, 2020-04-21 Don Collett an experienced Old Testament scholar offers an account of Old Testament interpretation that capitalizes on recent research in figural exegesis Collett examines the tension between figural and literal modes of exegesis as they developed in Christian thought introduces ongoing debates and discussions concerning figural readings of Scripture and offers theological readings of several significant Old Testament passages This book will work well as a primer on figural exegesis for seminarians or as a capstone seminary text that ties together themes from courses in Bible exegesis and theology Hebrew Bible / Old Testament. III: From Modernism to Post-Modernism Magne Sæbø, Jean Louis Ska, Peter Machinist, 2014-12-10 The long and complex history of reception and

interpretation of the Hebrew Bible Old Testament through the ages described in the HBOT Project focuses in this concluding volume III Part 2 on the multifarious research and the different methods used in the last century Even this volume is written by Christian and Jewish scholars and takes its wider cultural and philosophical context into consideration The perspective is worldwide and ecumenical Its references to modern biblical scholarship on which it is based are extensive and updated The indexes names topics references to biblical sources and a broad body of literature beyond are the key to the wealth of information provided Contributors are J Barton H L Bosman A F Campbell SJ D M Carr D J A Clines W Dietrich St E Fassberg D F Ilesdal A C Hagedorn K M Heim J H genhaven B Janowski D A Knight C K rting A Laato P Machinist M A O'Brien M Oeming D Olson E Otto M S b J Schaper S Sekine J L Ska SJ M A Sweeney and J de Waard **Interpreting the Old**

**Testament Theologically** Andrew T. Abernethy, 2018-12-18 How should Christians read the Old Testament today Answers to this question gravitate between two poles On the one hand some pay little attention to the gap between the Old Testament and today reading the Old Testament like a devotional allegory that points the Christian directly to Jesus On the other hand there are folks who prioritize an Old Testament passage's original context to such an extent that it is by no means clear if and how a given Old Testament text might bear witness to Christ and address the church This volume is a tribute to Willem A VanGemeren an ecclesial scholar who operated amidst the tension between understanding texts in their original context and their theological witness to Christ and the church The contributors in this volume share a conviction that Christians must read the Old Testament with a theological concern for how it bears witness to Christ and nourishes the church while not

undermining the basic principles of exegesis Two questions drive these essays as they address the topic of reading the Old Testament theologically Christology If the Old Testament bears witness to Christ how do we move from an Old Testament text theme or book to Christ Ecclesiology If the Old Testament is meant to nourish the church how do scriptures originally given to Israel address the church today The volume unfolds by first considering exegetical habits that are essential for interpreting the Old Testament theologically Then several essays wrestle with how topics from select Old Testament books can be read theologically Finally it concludes by addressing several communal matters that arise when reading the Old Testament theologically

**Honor Killings** Lisa Idzikowski, 2017-07-15 Honor killings are acts of vengeance committed by male relatives against female relatives who have brought dishonor upon the family This dishonor can include refusal to enter into an arranged marriage being the victim of sexual assault seeking a divorce or having social or professional interactions outside the community These crimes often go unpunished or lightly punished in cultures in which the practice is enshrined and are often reported as suicides or accidents Honor killings occur worldwide including among immigrant communities within Western democracies The articles in this volume provide multiple perspectives on how best to prevent prosecute and punish such crimes how to safeguard women's safety and freedom and how to balance tradition religion and community standards against the protection of universal human rights

The Bible as Christian Scripture Christopher R. Seitz, Kent Harold Richards, 2013-10-23 This memorial volume both displays and evaluates the canonical approach of Brevard S Childs whose attention to history through time animated his interest in the Bible's use in the church through the ages up to and including the present Just as Childs wrote on a wide range of topics canonical and theological both Testaments Isaiah and Exodus the Pauline letters the history of biblical interpretation biblical theology and historical theological and methodological questions the contributors to this volume seasoned colleagues as well as younger scholars who studied with Childs offer an international collection of historical theological and New Testament essays as well as contributions focused on the Old Testament The contributors are Stephen B Chapman Brevard S Childs Don Collett Daniel R Driver Mark W Elliott Leonard G Finn Mark Gignilliat Bernd Janowski J rg Jeremias Leander E Keck Neil B MacDonald David L Petersen Murray A Rae C Kavin Rowe and Christopher R Seitz

*The academy, 1893* *Biblical Criticism in Crisis?* Mark G. Brett, 2008-01-03 This book suggests that Old Testament scholars should strengthen their growing links with neighbouring academic disciplines and encourage a number of interpretative interests within biblical studies Given such a pluralistic context the author's contention is that the canonical approach to Old Testament study will have a distinctive contribution to make to the discipline without necessarily displacing other traditions of historical and literary inquiry as many scholars have assumed Dr Brett offers a comprehensive critique of the canonical approach as developed by Brevard Childs and examines the development of Childs's exegetical practice his hermeneutical theory and the many critical responses which his work has elicited In responding to these criticisms the author examines the most problematic aspects of the canonical approach notably Childs's inadequate

reply to those who emphasize the ideological conflicts that lie behind biblical texts in their final form and seeks to reconstruct the approach in light of contemporary discussions of interpretation in literary theory and the social sciences

*The Politics of Power and the Ordination of Women* Adolphus Amadi-Azuogu, 2007-08 The politics of power in the church hinders the ordination of women today Once ecclesiastical power is involved ruling is also involved Consequently the altar has also become the throne and this tempts men to suppress women The author argues that Jesus refrained from using any gender specific paradigms that would have excluded women from ritual leadership Christian **Telling the Whole Story**

Originally published in 1986 This study asks What problems confront the narrator of a religious story and What different solutions to those problems are offered by the religious narratives of *The Canterbury Tales* The introduction explains the grounds for inclusion of the tales here studied then examined in three sections The first includes the tales of the Clerk Prioress and Second Nun and Chaucer's *Melibee* and explores the parallels between the production of a religious narrative and that of a faithful translation The second considers how the tales of the Man of Law Monk and Physician though formally similar to those in the first section subvert the offered parallel by their creation of narrators who actively mediate them to their audience and who seem as concerned with the projection of their own personalities as with the transmission of the given story The final section shows how the tales of the Pardoner and Nun's Priest highlight the dilemma and provide distinctive resolutions The whole study aims to explore the dynamic relationships that exist between two contrasting positions an artist's commitment to the authority of a given story and his need to assert himself over it 30 Old Testament
