Narrative Means to Sober Ends Jonathan Diamond, 2002-08-19 Working with clients who abuse drugs or alcohol poses formidable challenges to the clinician Addicted persons are often confronting multiple complex problems from the denial of the addiction itself to legacies of early trauma or abuse to histories of broken relationships with parents spouses and children Making matters more confusing the treatment field is too often splintered into different approaches each with its own competing claims This eloquently written book proposes a narrative approach that builds a much needed bridge between family therapy psychodynamic therapy and addictions counseling Demonstrated are innovative flexible ways to help clients form new understandings of what has happened in their lives explore their relationships to drugs and alcohol and develop new stories to guide and nourish their recovery

Integrative Counselling & Psychotherapy Ariana Faris, Els van Ooijen, 2011-10-18

This is an accessible and user friendly guide to the theory and practice of relational counselling and psychotherapy. It offers a meta theoretical framework for the integration of the three most popular counselling and psychotherapy modalities: humanistic, psychodynamic and Cognitive behavioural including mindfulness and compassion based approaches. This exciting new text outlines the history of integration in the field of psychotherapy and counselling, clarifies the nature of psychotherapeutic integration, defines different models of integration, provides a clear and rich discussion of what it means to work relationally, outlines a coherent and flexible framework for practice in terms of theory as well as technique, demonstrates how this framework can be successfully utilised both in brief and long term therapy for a wide range of client issues and problems, provides a detailed guide to working with the Relational Integrative Model (RIM) for a range of professional issues including ethics, research, supervision, therapist self care and personal development. Brimming with vivid case examples, mind maps and therapeutic dialogue, this invaluable book will help develop the theoretical knowledge and skills base of students, trainers and practitioners alike.

Giving Counsel Donald Capps, 2001-11-01 For most ministers pastoral counseling is a part of daily ministry whether it is in an office counseling session or in a chance meeting with a parishioner outside the church. Whatever the setting, ministers are often called on to provide counsel and by virtue of their calling and training are expected to do so. This how to guide for seminary students and ministers explores the role of the minister as counselor and provides a method for giving counsel. Renowned pastoral care expert Donald Capps equips readers with basic knowledge and skills and helps them to create a framework to ensure that all conversations where counsel is given will be valuable and not harmful to the person involved. Using a problem resolving approach, Capps leads readers through: How to Create a Listening Environment, How to Construct a Conversation, How to Think Systemically, How to Interpret Stories, How to Manage Boundaries. Giving Counsel is the perfect resource for seminary students and ministers of all faiths whether you are beginning your study or looking for a single resource to serve your ministry.

NARRATIVE APPROACHES IN SOCIAL WORK PRACTICE Edith M. Freeman, 2015-08-01 The purpose of this book is to explain the process in which individuals tell and retell their narratives especially during developmental and other transitions in order to create meaning and continuity in their lives. The other goal is to clarify the nature and types of narratives that emerge in people's natural environments during such transitions and during counseling sessions with social workers, psychologists, psychiatrists, counselors, nurses and other service providers. Further, it also describes practical narratives and approaches and includes relevant case examples to illustrate how those approaches have been applied effectively in social work and other helping professions. The text is organized in two sections. Part One is focused on the theoretical foundations of narrative practice and on five basic principles. The five chapters of Part Two demonstrate the application of advanced narrative skills in practice with clients who are challenged by various life span transitions. Clients' narratives are included in each chapter to illustrate particular advanced narrative skills and major

discussion points The cultural context of such narratives may involve a combination of such factors as clients race and ethnicity language religion and spirituality gender age sexual orientation disabling conditions social class and location Tables and figures included in each chapter illustrate specifically how particular narrative strategies can be used with clients and also clarify how to use those approaches in combination with other practice frameworks including family systems task centered crisis solution focused group mutual aid cognitive behavioral and brief theoretical approaches In addition to the individual family community organizational and cultural narratives the book also includes other story forms such as poetry metaphors proverbs parables letters personal journals art and music Forthcoming Books Rose Army,2003-12

Tales Sarah Corrie,David A. Lane,2018-04-17 Formulation remains one of the most important activities that those using psychological approaches undertake as part of their work Arguably however formulation is an activity that remains poorly understood In a current climate demanding quick fix solutions there is a tendency which the authors refuse towards over simplification Instead this book sets out to explore the challenging complexity of psychological formulation By drawing on a wide range of sources from psychology and the arts the authors find ways to honour the stories clients tell yet offer key psychological insights to facilitate change They provide a clear guide to enable the reader to think about the purpose of their work with clients the perspectives which inform it and the process used to ensure effective outcomes The chapters supported by exercises on key issues examine key debates on the role of formulation in professional practice a framework for

developing a systematic approach to formulation and a detailed account of the purpose perspective and process of formulation Art Therapy ,1998 **Mastering Family Therapy** Salvador Minuchin,Wai-Yung Lee,George M.

Simon,2007-06-15 A master class in family therapy now updated with an additional ten years case experience Few people have had as profound an impact on the theory and practice of family therapy as Salvador Minuchin As one commentator put it Memories of his classic sessions have become the standard against which therapists judge their own best work This new edition of the classic Mastering Family Therapy offers beginners and experienced practitioners alike the opportunity to learn the art and science of family therapy under this pioneering clinician and teacher In elegant clinical interplays Minuchin his colleagues Wai Yung Lee and George Simon and eight advanced students provide answers to such critical questions as What does it take to master the art of family therapy How do I create an effective personal style How can I become an instrument for growth for troubled families This updated Second Edition features An overview and critique of new models of treatment in the field especially evidence based models of family treatment New case material highlighting the impact of societal context on families Minuchin s conceptualization of a four step process of family assessment including how history can impact current family functioning A new and thoroughly revised version of the classic text Mastering Family Therapy Second Edition is essential reading for all those who practice study or teach family therapy The Assassin and the Therapist

Jeffrey Kottler,2011-01-19 Many therapists have likely worked with a client who has caused the therapist to confront his most cherished beliefs or has changed the therapist in ways that forever altered the way he performs therapy looks at the world and sees himself The author of this book found himself in just such a situation causing him to begin his own search for truth This book is the result of his search it explores the nature of truth in psychotherapy and in the therapist s life examining some of the things that are often denied and rarely spoken about This book contains two parallel narratives the first tells the story of Jacob a man in his seventies who lived through one of the most dramatic periods in history and actually altered events through his acts of violence Following him from his childhood to his recruitment training and life as an assassin it is a tale of intrigue of adventure and courage but one that also raises a number of profound moral issues The reader will find several unexpected but significant themes scattered throughout Jacob s story which upon close examination have significant implications for the ways therapists think about their work and their relationships with clients The second narrative details the author s struggles as a therapist as he tries to make sense of his doubt imperfections and self deceptions The reader will join him on his search for truth in both psychotherapy and life His story becomes a lesson for digging deep into the complex and ambiguous nature of what therapists do and what they think they learn in their work A greatly unique and fascinating work readers will find themselves both enthralled in and changed by Jacob s story and the author s journey Creative Breakthroughs in Therapy Jeffrey A. Kottler,Jon Carlson,2009-08-18 An invitation to observe and achieve transformative breakthroughs in the therapeutic experience Creative Breakthroughs in Therapy Tales of Transformation and Astonishment
