**The Potosí Mita, 1573-1700** Jeffrey A. Cole,1985-08-01 Potos a mining center in what is now Bolivia was the most productive source of silver in the Spanish American Empire between the mid 1500 s and the late seventeenth century Much of this success was attributable at least initially to the mita a system of draft Indian labor instituted by Viceroy Francisco do Toledo in 1573 for the working of the silver mines and refineries Bitter debate swirled around the mita during most of its 250 year history It was assailed by its enemies as a form of servitude worse than slavery and accused of depopulating the provinces subject to it yet it was supported by many however reluctantly who believed that the Spanish Empire depended on Potos silver for its survival The author traces the evolution of the mita from its inception to the end of the Hapsburg epoch in 1700 The primary focus is on the metamorphosis of the mita under the pressures of changing production realities at Potos and demographic developments in the provinces from which the Indians were drafted

The author describes the role of native headmen kurakas in the system the means used by Indians to evade service and the efforts of the mining guild to tailor the mita to its needs The secondary focus is on the Hapsburg government s administration of the mita especially those factors that prevented the Crown or its viceroys from being fully effective Places of Encounter, Volume 1 Aran MacKinnon,2018-04-27 Places of Encounter provides a place based approach to world history focusing on specific locations at critical moments when human history was transformed as a result of encounters physical political cultural intellectual and religious Original contributed essays by leading academics in the field explore places from Hadar to Xi an Salvador to New York and numerous other locations that have produced historical shockwaves and significant global impact throughout history With a chronologically organized table of contents each chapter dissects a particular moment in history with personal commentary from each contributor a narrative of the location s historical significance at the time and a section on significant global connections Primary sources and discussion questions at the end of each chapter allow students a view into the lives of individuals of the time Students will experience the narrative of historic individuals as well as modern scholars looking back over documentation to offer their own views of the past providing students with the perfect opportunity to see how scholars form their own views about history *Old Potosi* Celestine D.
