Leonhard Goppelt represents the most mature and comprehensive thought of this German New Testament scholar. Among German speaking scholars it is distinguished as rivaling if not replacing the monumental work on New Testament theology by Rudolf Bultmann. A study of the life and ministry of Jesus, this volume makes a thoroughgoing application of the most reliable tools and insights of contemporary New Testament scholarship. Goppelt makes a critical examination of the sources for knowledge of the historical Jesus and maintains an ongoing conversation with the views of other interpreters. Although he sees his study as a qualified conversation between exegetical and systematic theology, his goal is always to come to terms with the intent of the New Testament authors without losing sight of Jesus' meaning for today. The major themes developed are the coming of the Kingdom of God, repentance and the ethical directives of Jesus, repentance as the gift of God's Kingdom, Jesus' ministry of healing and eschatological renewal, Jesus' self understanding and the cross and resurrection. An appendix provides a history and shows the range of problems in New Testament theology. Here Goppelt also examines and evaluates the historical critical, historical positive and Heilsgeschichtliche approaches. Each chapter includes a detailed bibliography in English and German.

Agape in the New Testament, Volume 3 Ceslas Spicq, 2006-09-01. In this insightful work, the author explores the fundamental Christian virtue of agape. Spicq's genius is the way he combines fine linguistic analysis, exegesis, and theological insight. The three volumes cover most of the New Testament books: Volume 1, Agape in the Synoptic Gospels; Volume 2, Agape in the Epistles of St. Paul, the Acts of the Apostles, the Epistles of St. James, St. Peter, and St. Jude; Volume 3, Agape in the Gospel Epistles and Apocalypse of St. John. In the writings of St. John, there is one aspect of agape which is brought out in singular relief: the aspect of manifestation and proof. Most of St. John's uses of the word should be translated: manifest love, love which proves itself, or the economy, the development of the divine love from the Introduction.

Catalog of Audiovisual Productions United States. Assistant Secretary of Defense (Public Affairs), 1984. **Jesus' Death in New Testament Thought: Two-Volume Complete Edition** David A. Brondos, 2018-07-16. Jesus' Death in New

Testament Thought is unlike anything written on the subject to date. It represents a radical break with the traditional models or theories of atonement based on ideas such as penal substitution, participation in Christ, and the Christus Victor motif, claiming that all of these ideas as commonly understood are foreign to New Testament thought. On the basis of his analysis of second temple Jewish thought, Brondos demonstrates that for Jews in antiquity what atoned for sins and led people to be declared righteous in God's sight was not sacrifice, suffering, or death in themselves, but the renewed commitment to living in accordance with God's will, which they manifested by means of their sacrificial offerings and at times their willingness to endure suffering and death out of faithfulness to that will. According to the thought of Jesus' first followers, in accordance with a divine plan conceived of before the ages, Jesus, God had sent his Son in order to establish around him a community of people fully committed to practicing the love, justice, solidarity, and righteousness associated with God's will for all. Jesus' dedication to this task led to confrontation and conflict with the powers and authorities of his day, who sought to silence him by having him put to death. Because he stood firm and remained faithful to that task rather than backing down from it, he was crucified on a Roman cross. Paradoxically, however, in this way he laid the basis for the existence of the community God had desired from the start, stamping it forever as one to which no one could truly belong without assuming the same firm commitment to Jesus and everything for which he had lived and died. Those who form part of this community, living out of faith under Jesus as their risen Lord, come to practice God's will as redefined through Jesus, and on that basis are forgiven and accepted as righteous by God. Thus, by giving up his life out of love for others in faithfulness to the task his Father had given him, Jesus has attained the redemption, reconciliation, cleansing, and justification of those who now live under his lordship as members of the worldwide community of believers from all nations that God has established through him, and his death in fulfillment of the promises that God had made of old to his people Israel. In Volume 1, Brondos looks to the relevant texts from antiquity to trace the background and development of these ideas. His argument will leave the reader with no doubt that Jesus' first followers understood the salvific significance of his death or blood in the manner just outlined, and therefore that the traditional interpretations of his death that have prevailed from patristic times to the present do not reflect faithfully their thought as we find it in the New Testament. In Volume 2, Brondos examines the formulaic allusions to Jesus' death that we find scattered throughout the New Testament and other early Christian writings so as to demonstrate that these are precisely the ideas that lie behind those allusions. At the same time, through his analysis of the writings of Melito of Sardis and Irenaeus of Lyons, he provides clear evidence that by the late second century, ideas that are foreign to those texts began to be read back into them, with the result that the original understandings of Jesus' death that had developed among his first followers came to be replaced by other understandings that run contrary to their thought. In his Conclusion, Brondos argues that only by rejecting the traditional models of atonement and returning to the New Testament teaching on this central doctrine can the Christian church respond effectively to the crisis it faces today and bring about the restoration of the

type of communities envisioned by Jesus and his first followers **Bible Society Record** American Bible Society, 1868

Akenson, 2018-08-14 Apocalyptic millennialism is one of the most powerful strands in evangelical Christianity It is not a single belief but across many powerful evangelical groups there is general adhesion to faith in the physical return of Jesus in the Second Coming the affirmation of a Rapture heavenward of saved believers a millennium of peace under the rule of Jesus and his saints and eventually a final judgement and entry into deep eternity In *Discovering the End of Time* 2016 Donald Harman Akenson traced the emergence of the primary packaging of modern apocalyptic millennialism back to southern Ireland in the 1820s and 30s In *Exporting the Rapture* he documents for the first time how the complex theological construction that has come to dominate modern evangelical thought was enshrined in an organizational system that made it exportable from the British Isles to North America and subsequently around the world A key figure in this process was John Nelson Darby who was at first a formative influence on evangelical apocalypticism in Ireland then the volatile central figure in Brethren apocalypticism throughout the British Isles and also a crusty but ultimately very successful missionary to the United States and Canada Akenson emphasizes that as strong a personality as John Nelson Darby was the real story is that he became a vector for the transmission of a terrifically complex and highly seductive ideological system from the old world to the new So beguiling adaptable and compelling was the new Dispensational system that Darby injected into North American evangelicalism that it continued to spread logarithmically after his death By the 1920s the system had become the doctrinal template of the fundamentalist branch of North American evangelicalism and the distinguishing characteristic of the bestselling Scofield Bible The New Cambridge History of the Bible: Volume 4, From 1750 to the Present John Riches, 2015-04-13 This volume examines the Bible's role in the modern world beginning with a treatment of its production and distribution that discusses publishers printers text critics and translators and continuing with a presentation of new methods of studying the text that have emerged including historical literary social scientific feminist postcolonial liberal and fundamentalist readings There is a full discussion of the changes in understandings of and approaches to the Bible in various faith communities The dissemination of the Bible throughout the globe has also produced a host of new interpretations and
