MIRACLE OF NATURE OF COURSE ANIMALS CAN T TALK BUT THIS ONE DID AND HE DID A LOT MORE GEF THE TALKING MONGOOSE HAS BEEN DESCRIBED AS THE EIGHTH WONDER OF THE WORLD He sang songs He mimicked other animals and sounds He could read minds He was able to move objects through the air although he was nowhere near them He chatted with visitors from around the world sometimes using vulgar language But they could not see him because

he said he could become invisible whenever he wanted to All the time living in the walls of a remote farmhouse located on the windswept coast of the Isle of Man To the Irvings especially their teenage daughter Gef was not a frightening creature but was considered almost a family pet who would gossip about what was going on across the island and loved to feast on biscuits chocolate and bananas Gef himself seemed confused about his identity He once said he was from another dimension that he was a spirit but took that back by by intimating If I were a spirit how could I kill rabbits When quizzed as to why he was so reclusive Gef said he was not a pleasant sight to behold I am a freak I have hands and I have feet and if you saw me you d faint you d be petrified mummified turned into stone or a pillar of salt Overall he said he was not evil but warned humans not to irritate him as I am not sure what damage or harm I could kill you all if I wanted Thankfully he chose not to do that In addition to original material included is the full text of the extremely rare 1936 book by psychic researcher Harry Price For here are other strange stories such as the talking stove the Squonk and the Bell Witch as presented by Tim R Swartz and today s leading investigators of the strange and unknown This is one of the top Fortean stories of all time An occult masterpiece An adventure into the unknown and the supernormal **Aftershock** Patrice Jones,2007 Every day people who push against violence and injustice or pull for peace and freedom must face their own fears Many activists also must struggle with aftershock the physical and emotional reverberations of frightening horrifying or otherwise traumatizing experiences endured in the course of their activism Jones explores the culture of trauma that people have created through our violent exploitation of the Earth other animals and one another As long as we continue to perpetrate such violations we will never fully heal our own traumatic injuries This book therefore is for survivors of all kinds of trauma for therapists who treat trauma and for anyone who hopes to reduce the amount of terror in the world From publisher description

Literary Cultures and Eighteenth-Century Childhoods Andrew O'Malley,2018-12-29 The essays in this volume offer fresh and innovative considerations both of how children interacted with the world of print and of how childhood circulated in the literary cultures of the eighteenth century They engage with not only the texts produced for the period s newly established children s book market but also with the figure of the child as it was employed for a variety of purposes in literatures for adult readers Embracing a wide range of methodological and disciplinary perspectives and considering a variety of contexts these essays explore childhood as a trope that gained increasing cultural significance in the period while also recognizing children as active agents in the worlds of familial and social interaction Together they demonstrate the varied experiences of the eighteenth century child alongside the shifting sometimes competing meanings that attached themselves to childhood during a period in which it became the subject of intensified interest in literary culture
