Aboriginal Peoples and Forest Lands in Canada D.B. Tindall, Ronald L. Trosper, Pamela Perreault, 2013-02-11 Aboriginal people in Canada have long struggled to regain control over their traditional forest lands There have been significant gains in the quest for Aboriginal self determination over the past few decades including the historic signing of the Nisga'a Treaty in 1998 Aboriginal participation in resource management is on the rise in both British Columbia and other Canadian provinces with some Aboriginal communities starting their own forestry companies *Aboriginal Peoples and Forest Lands in Canada* brings together the diverse perspectives of Aboriginal and non-Aboriginal scholars to address the political cultural environmental and economic implications of forest use This book discusses the need for professionals working in forestry and conservation to understand the context of Aboriginal participation in resource management It also addresses the importance of considering traditional knowledge and traditional

land use and examines the development of co management initiatives and joint ventures between government forestry companies and native communities

Politics of Forests Jakob Donner-Amnell, 2017-03-02 Bringing together case studies from Canada the Nordic countries and Russia this book is the first to provide a comparative examination of the current transformations in the forest industry regimes and the challenges they make for the communities dependent on this industry Questioning how globalization has influenced forest regimes the book focuses on individual forest companies and argues that they are the main motors of the industry s internationalization often without taking due consideration of the complex interrelations between society the environment and forest trade During the current phase of globalization the sphere of material production within the forest industry has increasingly been modified by more speculative signals from the market Both the growing role of investor interests as well as the broader societal demands for greening the production chain have forced managers to be more sensitive to the performance profile and image of their companies In conclusion the book highlights instances of processes working towards homogenization and diversity and suggests that while Anglo American management practice is increasingly important across the northern forest regions it is also meeting with resistance due to historical and political conditions

Energy Politics and Discourse in Canada Sibo Chen, 2023-08-14 This book examines the discourse around the intricate economic political and ideological struggles underlying Canadian fuel extractivism Focusing on the two contending discourse coalitions formed by supporters and opponents of British Columbia s liquefied natural gas LNG industry the book explores the ongoing debates around the issue The book s in depth investigation of the BC LNG controversy identifies progressive extractivism as an increasingly popular policy discursive paradigm adopted by fossil fuel advocates to legitimize unconventional fossil fuels in an era of intensifying climate crisis It also highlights the importance of debunking the misleading jobs versus the environment dichotomy in mobilizing public opposition to carbon intensive economic growth This deeply nuanced look at energy discourse in public policy will have resonance for scholars and students working in the areas of environmental communication rhetoric discourse analysis public policy and climate change rhetoric

The Provinces and Canadian Foreign Trade Policy Christopher J. Kukucha, 2009-07-01 During the past thirty years international trade agreements have focused increasingly on areas of provincial jurisdiction In *The Provinces and Canadian Foreign Trade Policy* Kukucha argues that Canadian provinces have maintained a level of autonomy in response to these developments sometimes even influencing Canada's global trade relations and the evolution of international norms and standards The first comprehensive review of provincial foreign trade policy in Canada the book highlights the convergence of debates related to federalism Canadian foreign policy and the global political economy as they are played out in the negotiation and implementation of international trade agreements It will be of interest to students and practitioners of political science public policy and economics

Routledge International Handbook of Social and Environmental Change Stewart Lockie, David A. Sonnenfeld, Dana R. Fisher, 2013-10-30 Today the risks associated with global environmental change and the dangers of extreme climatic and geological events remind us of humanity's dependence on favourable environmental conditions Our relationships with the landscapes and ecologies that we are a part of the plants and animals that we share them with and the natural resources that we extract lie at the heart of contemporary social and political debates It is no longer possible to understand key social scientific concerns without at the same time also understanding contemporary patterns of ecosystem change The *Routledge International Handbook of Social and Environmental Change* reviews the major ways in which social scientists are conceptualizing more integrated perspectives on society and nature from the global to local levels The chapters in this volume by international experts from a variety of disciplines explore the challenges contradictions and consequences of social ecological change along with the uncertainties and governance dilemmas they create The contributions are based around the themes of Climate change energy and adaptation Urban environmental change and governance Risk uncertainty and social learning Re assembling social ecological systems With case studies from sectors across both developed and developing worlds the Handbook illustrates the interconnectedness of ecosystem health natural resource condition livelihood security social justice and development It will be of interest for students and scholars across the social sciences and natural sciences as well as to those interested and engaged in environmental policy at all levels

Unbuilt Environments Jonathan Peyton, 2017-01-27 In the latter half of the twentieth century legions of industrial pioneers came to northwestern British Columbia with grand plans for mines dams and energy development schemes Yet many of their projects failed to materialize or were abandoned midstream *Unbuilt Environments* reveals that these lapsed resource projects had lasting effects on the natural and human environment Drawing on a range of case studies to analyze the social and environmental impacts of unfinished projects Jonathan Peyton considers development failure a productive concept for northwestern Canada He looks at a closed asbestos mine an abandoned rail grade an imagined series of hydroelectric installations a failed LNG export facility and a transmission line and finds that these unrealized developments continue to shape contemporary resource conflicts

Environmental Blockades Iain

McIntyre,2021-06-10 Since the 1970s environmental blockades disrupting the exploitation and destruction of forests rivers and other biodiverse places have been one of the most attention grabbing and contentious forms of political action This book explores when where and why environmental blockading and its associated tactics first arose The author explores a broad range of questions including how did tactics and practices first developed and popularised during environmental blockades come to feature regularly in animal rights peace refugee and other campaigns What are blockaders hoping to achieve How have such blockades and tactics shaped government policy the culture of modern politics and popular understandings of ecology colonialism and activism This book offers the first comprehensive history and analysis of environmental blockading in three key countries Australia the United States and Canada As the first places to experience sustained protest cycles which fully established promoted and developed the environmental blockading repertoire as an ongoing strategic option for movements nationally and internationally these campaigns were central in creating a new approach to conservation issues They also played a leading role in making obstructive direct action a regular part of political campaigning as seen in the form of the Extinction Rebellion XR alter globalisation climate justice and other movements This book draws on rigorous archival research including sources ranging from personal diaries campaign minutes and video footage through to police reports and newspaper articles as well as interviews with more than 30 protest leaders and campaigners It will be of great interest to students and scholars in the fields of sociology political science history green criminology and interdisciplinary environmental studies

Canadians and the Natural Environment to the Twenty-First Century Neil S Forkey,2012-06-20
Canadians and the Natural Environment to the Twenty First Century provides an ideal foundation for undergraduates and general readers on the history of Canada s complex environmental issues Through clear easy to understand case studies Neil Forkey integrates the ongoing interplay of humans and the natural world into national continental and global contexts Forkey s engaging survey addresses significant episodes from across the country over the past four hundred years the classification of Canada s environments by its earliest inhabitants the relationship between science and sentiment in the Victorian era the shift towards conservation and preservation of resources in the early twentieth century and the rise of environmentalism and issues involving First Nations at the end of the century *Canadians and the Natural Environment to the Twenty First Century* provides an accessible synthesis of the most important recent work in the field making it a truly state of the art contribution to Canadian environmental history

Environmental History in the Making Estelita Vaz,Cristina Joanaz de Melo,Lígia M. Costa Pinto,2016-10-13 This book is the product of the 2nd World Conference on Environmental History held in Guimarães Portugal in 2014 It gathers works by authors from the five continents addressing concerns raised by past events so as to provide information to help manage the present and the future It reveals how our cultural background and examples of past territorial intervention can help to combat political and cultural limitations through the common language of environmental benefits without disguising harmful past human interventions Considering that political ideologies such as socialism and

capitalism as well as religion fail to offer global paradigms for common ground an environmentally positive discourse instead of an ecological determinism might serve as an umbrella common language to overcome blocking factors real or invented and avoid repeating ecological loss Therefore agency environmental speech and historical research are urgently needed in order to sustain environmental paradigms and overcome political cultural and economic interests in the public arena This book intertwines reflections on our bonds with landscapes processes of natural and scientific transfer across the globe the changing of ecosystems the way in which scientific knowledge has historically both accelerated destruction and allowed a better distribution of vital resources or as it in today's world can offer alternatives that avoid harming those same vital natural resources water soil and air In addition it shows the relevance of cultural factors both in the taming of nature in favor of human comfort and in the role of the environment matters in the forging of cultural identities which cannot be detached from technical intervention in the world In short the book firstly studies the past approaching it as a data set of how the environment has shaped culture secondly seeks to understand the present and thirdly assesses future perspectives what to keep what to change and what to dream anew considering that conventional solutions have not sufficed to protect life on our planet

Handbook of Anti-Environmentalism Tindall, David, Stoddart, Mark C. J., Dunlap, Riley E., 2022-03-22 This thought provoking Handbook provides a theoretical overview of the wide variety of anti environmentalisms and offers an integrative research agenda for future research on the topic Probing the ways in which groups have organized to oppose environmental movements and pro environmental policies in recent decades it examines those involved in these countermovements and studies their motivations and support systems This Handbook explores core topics in the field including contestation over climate change wind power mining forestry food sovereignty oil and gas pipelines and population issues

Sustaining the Forests of the Pacific Coast Debra Salazar, Donald K. Alper, 2011-11-01 Forests define the Pacific Coast in many ways Culturally they are part of the traditions of the First Nations economically they have sustained an industry that has created settlements and wealth throughout the area In the last twenty years the forests have become the subject of increasing conflict as economic interests clash with changing social and political values The war in the woods has escalated hardening battle lines and polarizing forest politics In this thoughtful collection of essays edited by Debra J Salazar and Donald K Alper forest policy in the U S Pacific Northwest and British Columbia is examined in a binational context While US and Canadian forest policy and forest management approaches differ the two countries face similar challenges and conflicts Contributors discuss the evolution of forest exploitation the response of timber companies to U S federal environmental regulations sovereignty for First Nations communities and the reshaping of the political economy of forests by global forces on both sides of the border Groups usually ignored in the forest policy debate such as First Nations peoples workers in the emerging non forest economy and citizen activists are also given voice in this fascinating compilation The contributors to *Sustaining the Forests of the Pacific Coast* offer new perspectives that recognize the complexity of the issues

and the diversity of interests in forest politics A valuable contribution to the ongoing debate over forest policy on both sides of the Canada U S border these essays analyze the challenges facing forest policy makers and open the discussion up to those whose voices have not been heard before Leisure and the Politics of the Environment Louise Mansfield,Belinda Wheaton,2023-04-14 Within leisure studies there is a growing awareness and intensifying conscience about the potential environmental threat posed by the continued and unmanaged economic growth and development of sport tourism and leisure This collection brings together explicit discussions from a range of fields including environmental geography consumer research sociology and politics of the increasing relevance and complexities of environmental politics in leisure studies It provides a snapshot into the wide ranging debates on the politics of the environment and leisure sport tourism and serves as a starting point for further dialogue between leisure studies scholars and those in other disciplines where many of environmental debates have been advanced The volume will be of great value to scholars and practitioners in the areas of leisure studies conservation and local politics This book was published as a special issue of Leisure Studies **In Search of Sustainability** Benjamin Cashore,2011-11-01 In recent years the forests of British Columbia have become a battleground for sustainable resource development The conflicts are ever present usually pitting environmentalists against the forest industry and forestry workers and communities In an effort to broker peace in the woods British Columbia s NDP government launched a number of promising new forest policy initiatives in the 1990s In Search of Sustainability brings together a group of political scientists to examine this extraordinary burst of policy activism Focusing on how much change has occurred and why the authors examine seven components of BC forest policy land use forest practices tenure Aboriginal issues timber supply pricing and jobs **Tracking the Great Bear** Justin Page,2014-01-01 Encompassing millions of hectares of globally rare coastal rainforest the Great Bear Rainforest in coastal British Columbia is home to ancient trees rich runs of salmon and abundant species The area also supports small human communities particularly First Nations Once slated for clearcut logging large areas were protected in 2006 by the signing of one of the world s most innovative conservation agreements This book provides a detailed account of the complex and contested process that resulted in the establishment of the GBR It also shows how environmentalists deployment of a powerful actor network saved the area from status quo industrial forestry while still respecting First Nations right to economic development **Property, Territory, Globalization** William D. Coleman,2011-05-10 In a world of flux and globalization when old territories are dissolving and new nations and political unions are coming together who controls ideas information and creativity Who patrols the new frontiers This volume opens a window to the dark side of globalization and the struggles for autonomy it has generated The chapters focus on property regimes in crisis as sites where globalization autonomy and the political economy of international capitalism intersect Sites of friction indigenous land claims BC forest disputes conflicts between farmers and the patent owners of genetically modified seeds demonstrate not only how property laws and intellectual property rights are supporting the expansion of private

property regimes but also how local activists are using a politics of place to resist these forces The work of Palestinian poets whose attachment to the land is explored in a powerful Coda at the end of the book shows that a politics of place can help local actors build new bases of autonomy to withstand the forces of globalization The Global Forest Sector Eric Hansen,Rajat Panwar,Richard Vlosky,2013-12-04 Changes in production demand supply and trade patterns the impact of green building and bioenergy on industry practices and policy infrastructure and new economies with production advantages and large consumption bases all present challenges and opportunities in the forest sector With contributions from leading experts in academia and profess
