inferences and logical evidences These three questions are Where did this universe and those within it come from Where will they go And Why are they here what is their mission That is to ask What are we doing here High truths which the whole humanity needs and which are appealing to all those who look for the explanation of the basic reality of existence and which is more interesting for the world of science and the scientists and which is brought by divine revelation are discovered once again and proved with rational methods in these works Especially today while quantum physics astronomy and astrophysics have reached to such advanced levels common answers are looked for these three questions on matter universe and human being the science and these works study the same subjects and share a common ground of work Here you are The work which contains in itself a spiritual immaterial treasury for people who have an irresistible interest and passion for science and learning is called RISALE I NUR TREATISE OF LIGHT The content of the book is composed of 19 basic epistles selected from the Collection of Risale i Nur Some selected parts related to the subject from 23rd Word Epistle of Nature Epistle of Resurrection first eight Words and some other epistles are included in our book The main texts from Risale i Nur are placed in the beginning the words and concepts are explained in the footnotes and the explanatory texts are provided afterwards In addition occasionally as the need arises explanatory texts are included within the text of the book in the form of an intermediary note The first part of our book which consists of two main sections is entitled as Discovering the Value of the Treasure of Faith In this section the following is presented the meaning and the importance of the faith and worship which are proposed by the Religion to the man how the hidden secret of the universe is solved by the religion the beauty of faith and how the true value of man comes to light with faith and the levels of Qur an and philosophy in terms of understanding the Secret of the Universe Finally we are trying to look closely at the great good news and the remedy for death brought by the religion through prophets and we are looking for the answer to this question What are the characteristics of true faith that will enable us to earn the eternal life We can regard this first part as the understanding of how great and precious a treasure is The second part of the book is entitled as Proving the Existence of the Treasure of Faith with Evidences In this section six pillars of faith are proved with detailed evidences In other words in the second section the existence of the treasure sought to be achieved whose value is understood appreciated in the first section is proved its place is discovered and this great and magnificent treasure is acquired Primarily understanding that faith is such a great blessing and a treasure with a great value would determine the importance that we would give to that treasure and its evidences Nevertheless you will also observe that in the first part a serious effort has also been made to search for the truth and evidences Once you complete the book you will have completed an important reading that could be considered as a brief summary of the Risale i Nur collection and taken a serious step in studying the high knowledge of faith that is taught by these works In The Journeys of Discovery Risale i Nur Training Program you are invited for an adventure of looking for and finding out the truth We have a very strong reason to begin this journey to witness the magnificent details of the divine technology and uniqueness of the
