Spirit Structure Of German Fascism:

The Spirit and Structure of German Fascism Robert A. Brady, 1937 **The Spirit and Structure of German Fascism** Robert Alexander Brady, 1973 **Essays in Political Economy** Harold A. Innis, 1978-12-15 This volume of essays in Political Science is a tribute to the character and work of Professor Edward John Urwick who in June 1937 retired under the age limit from the chair of Political Economy in the University of Toronto It is the first volume of a series in Political Economy to be published by the Maurice Cody Foundation and the University of Toronto Press It includes articles written by colleagues of Professor Urwick in the Department of Political Economy on subjects in which they had special interest and articles which are summaries of work done by holders of the Maurice Cody Fellowship since its establishment in 1928 By a happy coincidence this volume is issued fifty years after the chair in Political Economy was founded **The Great Lie** F. Flagg Taylor, 2023-10-03 The Most Insightful and Profound Reflections on Tyranny Totalitarianism was the dominant phenomenon of the twentieth century Deeply troubling questions endure regarding the nature of such tyrannical regimes What enabled human beings to carry out such horrific crimes against their fellow man What does the endurance of Communism reveal about human liberty Why did human beings suffer rule by ideological lies for so long and what kept them open to the truth What are we to make of the relationship between totalitarianism and the foundational principles of democratic modernity Some of the greatest minds of the twentieth century sought answers to these haunting questions Now for the first time ever their incisive and profound reflections on totalitarianism have been brought together in one book The Great Lie showcases the insights of such giants as Aleksandr Solzhenitsyn Vaclav Havel Hannah Arendt Eric Voegelin Czeslaw Milosz Leo Strauss and Raymond Aron along with neglected but important thinkers such as Waldemar Gurian Aurel Kolnai Leszek Kolakowski Pierre Manent Claude Lefort and Chantal Delsol The brilliant essays in this volume illuminate the very nature of totalitarian regimes and the monstrous ideology that is their defining feature The Great Lie allows readers to make sense of political evil and how it can attract so many people into its ideological fold This is not a matter of mere academic interest in an age when we confront totalitarianism in such regimes as North Korea and Cuba and arguably in radical Islamist movements The Spirit and Structure of German Fascism, Etc Robert Alexander BRADY, 1937 Veiled Power Doreen Lustig, 2020 This book critically analyses existing accounts of the history of the relationship between international law and multinational corporations using four case studies Firestone in Liberia the Nuremberg trials the Anglo Iranian Oil Company and the UNCTC code of conduct The American Flint, 1938 *The Spirit and Structure of German Fascism. Yet the dark places are the centre claims George Steiner in *The Bluebird's Castle* Any attempt to analyze rationally the predominating barbaric phenomenon of the 20th century namely the Holocaust and its Fascist background challenges the limits of human understanding The phenomenon of the Holocaust is a consequence of these dark places where again in Steiner's words we have passed out of the major order and symmetries of Western civilization A final understanding of the theme is beyond the limits of rationality and may also be viewed in the light of Adorno's no poetry after Auschwitz Nevertheless the need to attempt reflective and creative work on this topic continues The aim of the book is to study the relationship between ideology and myth as they function diversely in Fascist and Antifascist drama All the plays discussed are constructed as a paradigmatic constellation between myth and ideology coordinated by a central and homogeneous political intent The difference between them lies in their Fascist or Antifascist attitude The plays analyzed were chosen for the treatment of a common thematic Ur myth the postfiguration of the return of the prodigal son and the story of the crucifixion from the New Testament The prodigal cluster includes plays by Franz Theodor Csokor Ernst Wiechert and Max Frisch the sacrificial cluster plays by Otto Erler Rainer Werner Fassbinder and George Tabori As an introductory analysis the theme of the artist and his mission is treated in two plays written in the pre National Socialist period *Der Einsame* Ein Menschenuntergang by Hanns Johst and Bertold Brecht's reaction to this play in *Baal* A final analysis deals with the fusion of mythologems and ideologems as demonstrated in two plays dealing with the New Myth of Germania by Richard Eutinger and Heiner Müller
