Taking Advantage Of Media A Manual For Parents And Teachers:

Taking Advantage of Media Laurene Krasny Brown, 1986-01-01 Looks at how children learn to read discusses the relative merits of radio television illustrated books and unillustrated books and assesses the impact of television and computers on children Tuning In to Young Viewers Tannis M. MacBeth, 1996-05-07 This book provides a much needed overview of crucial topics concerning the uses and effects of television including diversity on television dependence diagnosis and prevention the socialisation of young children and children s fear *Resources in Education* , 2001-04 Children & Television Barrie Gunter, Jill McAleer, 2005-07-05 Does violence on TV lead to violent behaviour How can parents influence children s viewing Fears over the effect of television on children have been around since it was invented The recent explosion in the number of channels and new multimedia entertainment lends a new urgency to the discussion This completely revised second edition of *Children and Television* brings the story of children and television right up to date In addition to presenting the latest research on all of the themes covered in the first edition it includes a discussion of the new entertainment media now available and a new chapter which examines the role of television in influencing children s health related attitudes behaviour Barrie Gunter and Jill McAleer examine the research evidence in to the effects of television on children and their responses to it They conclude that children are sophisticated viewers and control television far more than it controls them

Media Education in the Primary School Carol Craggs, 2002-01-04 Media Education in the Primary School provides a clear practical guide for teachers on how to approach media education The author offers helpful advice on teaching about media institutions news gathering and on soaps comics and advertising Cross cirucular classroom activities such as video work simulating advertising campaigns and photography are also included All the activities have been thoroughly tested and are fully compatable with current National Curriculum requirements Fake, Fact, and Fantasy Maire Messenger Davies, 2013-11-05 Based on a study examining the meaning of the term media literacy in children this volume concentrates on audiovisual narratives of television and film and their effects It closely examines children s concepts of real and unreal and how they learn to make distinctions between the two It also explores the idea that children are protected from the harmful effects of violence on television by the knowledge that what they see is not real This volume is unique in its use of children s own words to explore their awareness of the submerged conventions of television genres of their functions and effects of their relationship to the real world and of how this awareness varies with age and other factors Based on detailed questionnaire data and conversations with 6 to 11 year old children carried out with the support of a fellowship at the Annenberg School for Communication University of Pennsylvania the book eloquently demonstrates how children use their knowledge of real life of literature and of art in intelligently evaluating the relationship between television s formats and the real world in which they live **The Education Quarterly** , 1987 *Teaching with Favorite Marc Brown Books* Bonnie Brown Walmsley, Sean A.
