The volume draws on Lyotard i ek Foucault and Althusser to argue that while important theorists such as these have recognized the dominance of scientific discourse rhetoric and composition has not to its detriment The textillustrates that scientific discourse remains a miniscule part of the enterprise of rhetoric and composition and thus the field is not fulfilling its mission of providing students with the writing and reading skills they need to live and work in a science and technology dependent society Zerbe provides an analysis of science popularizations and demonstrates how these works can be used to contextualize primary scientific research He also presents three pedagogical scenarios each built around a carefully chosen accessible example of scientific discourse that demonstrate how articles from scientific journals can be used in writing courses Only by gaining a meaningful fluency in this discourse one that is not offered by science textbooks can a more sophisticated scientific literacy be assured Composition and the Rhetoric of Science effectively explores the relatively limited amount of work done in rhetoric and composition on scientific discourse and questions this state of affairs Zerbe presents for the first time cultural studies and science literacy as gateways for incorporating scientific discourse into first year writing courses Clashing Views on Controversial Issues in Human Sexuality Robert T. Francoeur, William J. Taverner, 1998 The book is a debate style reader designed to introduce students to controversies in human sexuality. The readings which represent the arguments of leading social commentators educators and sexologists reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework Back cover The editor has gathered 38 lively and thoughtful statements by articulate advocates on opposite sides of a variety of sexuality related questions Pref Clashing Views on Controversial Issues in American History Larry Madaras, James M. SoRelle, 1997 Examines some leading issues from the perspective of sharply opposing points of view to show clearly the controversies of a given issue Sexual Ideology and Schooling Alexander McKay, 1999-11-04 Sexuality education in the schools has become a key battleground in the wider social conflict over the sexual norms of Western culture In Sexual Ideology and Schooling Alexander McKay conceptualizes

the sexuality debates as a battle between two basic but diametrically opposed belief systems about the nature and purpose of sexuality in human life and society Restrictive and Permissive He outlines the philosophical moral foundations of a democratic approach to teaching young people about sexuality and persuasively argues that public institutions including the schools should base public policy related to sexuality on democratic principles rather than the dictates of sexual ideology
