**Taking the Train** Michael Baker,1993 Almost since the beginning of photography railways have been a popular subject This book draws together the work of more than 30 railway photographers some of whom have become household names such as Ivo Peters Bishop Eric Treacy and H Gordon Tidey A few of the others required extensive detective work to find out anything of their background although all those featured have left a legacy of fine and historically important railway photographs A long vanished age is depicted through the cameras of the very cream of railway photographers and is a fitting tribute to their art **The Railway Magazine** ,1914 *The British National Bibliography* Arthur James Wells,1994

**Forthcoming Books** Rose Arny,1996-10 *Britain's Railways Through the Seasons* David Goodyear,2023-01-31 The four seasons pass by like a gliding ship each signalled by a transformation of changing colors and hues of light thus providing a form of marker to these passages of time Living in the temperate zone we experience four distinct seasons The railway scene reflects such in its own special character cold winter air enhances the bountiful steam escaping from the hissing steam locomotive impatiently awaiting its departure while autumn enchants with trees that exude a variety of hues which embellish any image of even the most mundane suburban train Springtime blossom and wild flowers bestow railway cuttings with a bounty of generous bright colors while coastal railways often look most inviting on warm sunny days as they pass alongside azure seas and golden beaches The seasons each add their own dimension for the photographer to encapsulate and railways passing through the ever changing landscape provide their own tribute to this inspirational tapestry As readers travel through each season so they are invited to share this awe and constant source of inspiration from nature s kaleidoscope of color Photographs are provided with captions and reflective commentary to enlighten the knowledgeable rail enthusiast alongside those who equally enjoy such a portrait of landscape and scenery through the seasons The range of photographs ranges from the mid 1980 s to the present with the majority from the last two decades *Britain from the Rails* Benedict Le Vay,2014-12-01 Including the nation s best kept secret railways Cover *In Britain* ,1958 **Railway Age** ,1922 Eric Treacy, Railway Photographer Eric Treacy,1982 **European Railways** ,1977 **Steam** Colin Garratt,2006 This book is the finest visual tribute to the steam locomotive ever published Colin Garratt s text and photography reflect his unique odyssey to document in pictures and word the last steam locomotives of the world With hundreds of matchless photographs this book vividly portrays real working steam eking out its final moments amid the great landscapes of the world Dust jacket
