Anthony Grasso

Taking Reform Seriously Perspectives On Public Interest Liberalism:

Taking Reform Seriously Michael W. McCann, 1987-07-06 **Taking Reform Seriously** Michael W. McCann, 1986 Examines the evolution character and impact of liberal public interest activists in American politics and their aspiration to alter both the structure and the policy priorities of the modern corporate state **Journal of Legal Studies**,

Capitalist Restructuring, Globalization and the Third Way J. Magnus Ryner, 2003-09-02 This book addresses the contemporary debate about the third way in European social democracy by analysing the exemplar case of social democracy the Swedish model this book challenges the recent third way perspective The author argues strongly against the widely held belief that the nature of contemporary capitalist restructuring and globalisation has rendered traditional social democracy obsolete

Mobilizing Against Nuclear Energy Christian Joppke, 2023-09-01 In the past two decades young people environmentalists church activists leftists and others have mobilized against nuclear energy Anti nuclear protest has been especially widespread and vocal in Western Europe and the United States In this lucid richly documented book Christian Joppke compares the rise and fall of these protest movements in Germany and the United States illuminating the relationship between national political structures and collective action He analyzes existing approaches to the study of social movements and suggests an insightful new paradigm for research in this area Joppke proposes a political process perspective that focuses on the interrelationship between the state and social movements a model that takes into account a variety of forces including differential state structures political cultures movement organizations and temporal and contextual factors This is an invaluable work for anyone studying the dynamics of social movements around the world In the past two decades young people environmentalists church activists leftists and others have mobilized against nuclear energy Anti nuclear protest has been especially widespread and vocal in Western Europe and the United States In this lucid ri

Justice Contained Lisa J. Conant, 2018-10-18 In this probing analysis of the European Union's transnational legal system Lisa Conant explores the interaction between law and politics In particular she challenges the widely held view that the European Court of Justice ECJ has through bold judicial activism brought about profound policy and institutional changes within the EU's member states She argues convincingly that this court like its domestic counterparts depends on the support of powerful organized interests to gain compliance with its rulings What Conant asks are the policy implications of the ECJ's decisions How are its rulings applied in practice Drawing on the rich scholarship on the U S Supreme Court Conant depicts the limits that the ECJ and other tribunals have to face To illuminate these constraints she traces the impact of ECJ decisions in four instances concerning market competition and national discrimination She also proposes ways of anticipating which of this court's legal interpretations are likely to inspire major reforms Justice Contained closes with a comparative analysis of judicial power identifying the ECJ as an institution with greater similarities to domestic courts than to international organizations The book advances a deeper understanding both of the court's contributions to European integration and of the political economy of

litigation and reform *Science, Politics and Social Practice* Robert Sonné Cohen, Kostas Gavroglu, John Stachel, Marx W. Wartofsky, 1995-02-28 In three volumes a distinguished group of scholars from a variety of disciplines in the natural and social sciences the humanities and the arts contribute essays in honor of Robert S Cohen on the occasion of his 70th birthday The range of the essays as well as their originality and their critical and historical depth pay tribute to the extraordinary scope of Professor Cohen's intellectual interests as a scientist philosopher and a humanist and also to his engagement in the world of social and political practice In *Science Politics and Social Practice* Volume II of *Essays in Honor of Robert S Cohen* an international group of scholars philosophers sociologists historians and political scientists discuss issues at the cutting edge of contemporary social and political thought and its bearing on science Several essays discuss the relations of Marxism to science and specifically to the philosophies of science of Carnap and Popper as well as Soviet Marxism and the effects of Stalinism on Soviet science There are also essays on the philosophy and methodology of the social sciences on questions of method and aim in historical narrative on the issue of cultural relativism and more

Dual Justice Anthony Grasso, 2024-09-17 A far reaching examination of how America came to treat street and corporate crime so differently While America incarcerates its most marginalized citizens at an unparalleled rate the nation has never developed the capacity to consistently prosecute corporate wrongdoing *Dual Justice* unearths the intertwined histories of these two phenomena and reveals that they constitute more than just modern hypocrisy By examining the carceral and regulatory states evolutions from 1870 through today Anthony Grasso shows that America's divergent approaches to street and corporate crime share common self reinforcing origins During the Progressive Era scholars and lawmakers championed naturalized theories of human difference to justify instituting punitive measures for poor offenders and regulatory controls for corporate lawbreakers These ideas laid the foundation for dual justice systems criminal justice institutions harshly governing street crime and regulatory institutions governing corporate misconduct Since then criminal justice and regulatory institutions have developed in tandem to reinforce politically constructed understandings about who counts as a criminal Grasso analyzes the intellectual history policy debates and state and federal institutional reforms that consolidated these ideas along with their racial and class biases into America's legal system

Out of the Closets and into the Courts Ellen Ann Andersen, 2009-01-20 Over the past 30 years the gay rights movement has moved from the margins to the center of American politics sparking debate from bedroom to boardroom to battlefield *Out of the Closets and into the Courts* analyzes the most recent gay rights cases and explores the complex relationship between litigation and social change Ellen Andersen describes what happens when these cases many overseen by the Lambda Legal Defense Fund the nation's oldest and largest gay rights defense firm enter the courtroom and explains why they have met with mixed success *Out of the Closets and into the Courts* explores both the promise and the limits of using legal mobilization to effect social change Crossing disciplinary boundaries Ellen Andersen draws on the accumulated knowledge of political science law and sociology to explain the origins and outcomes of gay rights

litigation The resulting book is essential reading for anyone interested in gay rights legal change and social movements

Bisexuality and Same-Sex Marriage M. Paz Galupo, 2014-06-03 In our society the argument for or against same sex marriage becomes even more heated when the debate turns to bisexual women and men *Bisexuality and Same Sex Marriage* thoughtfully explores this debate from a wide range of interdisciplinary perspectives presenting respected scholars from fields as diverse as American Studies Communication Criminology Human and Organizational Systems Law and Social Policy LGBT Studies Organizational Behavior Psychology Sociology Women s Studies and Queer Studies This clear viewed volume is organized into three perspectives theoretical research and personal that frame the debate from a macro to micro level of analysis This book goes beyond the intense acrimony and divisiveness to rationally examine the issue from various viewpoints and through the latest research This informative text presents and analyzes in depth the current findings and the diverse LGBT and straight perspectives on the issue This insightful resource discusses in detail personal views the latest theories and is extensively referenced *Bisexuality and Same Sex Marriage* is an essential volume for LGBT studies professionals psychologists counselors educators students and interested general public This book was published as a special issue of the *Journal of Bisexuality*

The Dance with Community Robert Booth Fowler, 1991-07-25 Contemporary intellectuals have rushed to embrace the concept of community What does this tell us about American political thought Why are intellectuals uneasy with modern liberal individualism and its institutional policy results Why is political intellectual discourse dominated today by complaint In *The Dance with Community* Robert Booth Fowler reflects upon these and related questions My goal he writes is to present contemporary political thought about community for what it is a conversation interactive spirited and sometimes tough There have been many interpretations of the much discussed decline in community spirit Rather than offer another Fowler steps back to look at the debate itself He examines from the perspective of an intellectual historian the attention to community in current American political thought and explores the setting of that attention He also identifies five alternative models of community integral to the current debates and sketches a clear image of each its relationship to others the logic of its appeal and its emphases and problems In each instance he places the model into the larger conversation over alternative communities and the value of community itself

America's Voucher Politics Ursula Hackett, 2020-05-07 Explores how amid America s racial religious and civic struggles voucher supporting policymakers strategically attenuate policy design and communications to circumvent legal challenge

Mobilizing for Human Rights Beth A. Simmons, 2009-10-29 Beth Simmons demonstrates through a combination of statistical analysis and case studies that the ratification of treaties generally leads to better human rights practices She argues that international human rights law should get more practical and rhetorical support from the international community as a supplement to broader efforts to address conflict development and democratization

Unleashing Rights Helena Silverstein, 2009-09-15 *Unleashing Rights* is a study of the animal rights movement s efforts to advance social reform through the deployment of legal language and practices The

study looks at how prevailing understandings of rights language have shaped the attempt to put forth the idea that animals have rights and how this attempt in turn offers the opportunity to reconstruct the meaning of rights The book also examines the way litigation has influenced the movement s activities and opportunities for success Presented here is an investigation of the legal system through a decentered cultural approach Legal languages and practices are viewed as a part of everyday life constructed used and interpreted not only by those who run official legal institutions but also by everyday people with a legal consciousness Using this approach the book questions whether the deployment of rights and litigation by animal rights advocates has challenged prevailing legal meaning Looking to both the constitutive and instrumental aspects of law and to how each informs the other *Unleashing Rights* finds that the resort to rights and litigation has advanced movement goals and contributed to alternative constructions of legal meaning The study concludes that despite their many constraints both rights talk and litigation are powerful resources for those who seek change especially when used by strategically minded activists *Unleashing Rights* is a book that illustrates the relationship between law social movement activism and social change The book joins the ongoing debate within public law scholarship that is concerned with the effectiveness of legal strategies and languages The book also speaks to those interested in the general study of social movements and in the particular study of the animal rights movement With its cultural approach focused on rights language and the construction of meaning the work will be of interest to the disciplines of law and political science as well as those who study sociology anthropology and philosophy Helena Silverstein is F M Kirby Assistant Professor of Government and Law Lafayette College

The Supreme Court Review, 2014 Dennis J. Hutchinson, David A. Strauss, Geoffrey R. Stone, 2015-07-22 For more than fifty years *The Supreme Court Review* has been lauded for providing authoritative discussion of the Court s most significant decisions An in depth annual critique of the Supreme Court and its work *The Supreme Court Review* keeps at the forefront of the reforms and interpretations of American law Recent volumes have considered such issues as post 9 11 security the 2000 presidential election cross burning federalism and state sovereignty failed Supreme Court nominations the battles concerning same sex marriage and numerous First and Fourth Amendment cases

What's Good for Business Kim Phillips-Fein, Julian E. Zelizer, 2012-04-12 This book provides a sweeping interpretation of how business mobilized to influence public policy and elections since World War II

Lobbying America Benjamin C. Waterhouse, 2015-11-24 *Lobbying America* tells the story of the political mobilization of American business in the 1970s and 1980s Benjamin Waterhouse traces the rise and ultimate fragmentation of a broad based effort to unify the business community and promote a fiscally conservative antiregulatory and market oriented policy agenda to Congress and the country at large Arguing that business s political involvement was historically distinctive during this period Waterhouse illustrates the changing power and goals of America s top corporate leaders Examining the rise of the Business Roundtable and the revitalization of older business associations such as the National Association of Manufacturers and the U S Chamber of Commerce Waterhouse takes readers inside the mind set of

the powerful CEOs who responded to the crises of inflation recession and declining industrial productivity by organizing an effective and disciplined lobbying force By the mid 1970s that coalition transformed the economic power of the capitalist class into a broad reaching political movement with real policy consequences Ironically the cohesion that characterized organized business failed to survive the ascent of conservative politics during the 1980s and many of the coalition s top goals on regulatory and fiscal policies remained unfulfilled The industrial CEOs who fancied themselves the voice of business found themselves one voice among many vying for influence in an increasingly turbulent and unsettled economic landscape Complicating assumptions that wealthy business leaders naturally get their way in Washington Lobbying America shows how economic and political powers interact in the American democratic system *The Supreme Court and Constitutional Theory, 1953-1993* Ronald Kahn,1994 Combining theoretical sophistication with a fundamental comprehension of the political institutions of the USA this study aims to demystify the workings of the United States Supreme Court and its place in democracy

Law and Social Movements Michael McCann,2017-07-05 The work of both socio legal scholars and specialists working in social movements research continues to contribute to our understanding of how law relates to and informs the politics of social movements In the 1990s an important line of new research most of it initiated by those working in the law and society tradition began to bridge the gaps between these two areas of scholarship This work includes new approaches to group legal mobilization politics analysis of the judicial impact on social reform struggles studies of individual legal mobilization in civil disputing and an almost entirely new area of research in cause lawyering It brings together the best of this research introduced by a detailed essay by the editor *American Economic History* James S. Olson,Abraham O. Mendoza,2015-04-28 Covering figures events policies and organizations this comprehensive reference tool enhances readers appreciation of the role economics has played in U S history since 1776 A study of the U S economy is important to understanding U S politics society and culture To make that study easier this dictionary offers concise essays on more than 1 200 economics related topics Entries cover a broad array of pivotal information on historical events legislation economic terms labor unions inventions interest groups elections court cases economic policies and philosophies economic institutions and global processes Economics focused biographies and company profiles are featured as sidebars and the work also includes both a chronology of major events in U S economic history and a selective bibliography Encompassing U S history since 1776 with an emphasis on recent decades entries range from topics related to the early economic formation of the republic to those that explore economic aspects of information technology in the 21st century The work is written to be clearly understood by upper level high school students but offers sufficient depth to appeal to undergraduates In addition the general public will be attracted by informative discussions of everything from clean energy to what keeps interest rates low

Recognizing the exaggeration ways to get this ebook **Taking Reform Seriously Perspectives On Public Interest Liberalism** is additionally useful. You have remained in right site to begin getting this info. acquire the Taking Reform Seriously Perspectives On Public Interest Liberalism connect that we allow here and check out the link.
