

An illustration of a hockey rink. In the center, several children in colorful hockey gear (yellow, red, blue) are playing hockey. Two men in black suits and white shirts are on the ice; one is standing on the left, and the other is skating on the right. The rink is surrounded by a wooden fence. In the background, two small figures in red and black outfits are standing on the fence. The overall style is a whimsical, hand-drawn illustration.

Taking Sport Seriously Social Issues In Canadian Sport

Vassil Girginov

Taking Sport Seriously Social Issues In Canadian Sport:

Taking Sport Seriously Peter Donnelly, 2000 Taking Sport Seriously Social Issues in Canadian Sport is a unique collection of primary Canadian readings in sport and recreation for students and teachers at community colleges and universities across Canada This book covers such important topics as drugs the Olympic movement sport and health violence in sport masculinity and sport women and sport youth and sport sexuality and sport the economics of sport sport and the newsmedia and race An entire new section deals with the crisis in Canadian hockey The second edition has been substantially revised comprising numerous additional selections as well as new introductions Approximately 65% of the selections are new to this edition This Canadian content book can be used as a supplement to a core text on sport in Canadian society such as *Winners and Losers Sport and Physical Activity in the 90s* Jill LeClair or *Sport Ethics Concepts and Cases in Sport and Recreation* David Cruise Malloy Saul Ross and Dwight Zakus These books are also published by Thompson Educational Publishing **Sport Policy in Canada** Lucie Thibault, Jean Harvey, 2013-12-17 Sport Policy in Canada provides the first and most comprehensive analysis of the new Canadian Sport Policy adopted in 2012 In light of this new policy the authors top scholars in the field provide detailed accounts of the most salient sport policies and programs while also discussing issues and challenges facing policy makers In Canada and around the world the last decades have known a sharp increase in state intervention and public funding in pursuit of medals on the international stage and in support of a more active lifestyle Governments at all levels have made substantial investments in hope of hosting major sporting events to benefit from the economic impact and gain international prestige The study of sport policies often neglected in the past is becoming an increasingly important research topic Sport Policy in Canada seeks to fill this void by offering the most comprehensive analysis of sport policy since Macintosh Bedecki and Franks Sport Policy in Canada 1987 Published in English

Sport and Modern Social Theorists Richard Giulianotti, 2004-08-03 Sport and Modern Social Theorists is an innovative and exciting new collection The chapters are written by leading social analysts of sport from across the world and examine the contributions of major social theorists towards our critical understanding of modern sport Social theorists under critical examination include Marx Weber Durkheim Adorno Gramsci Habermas Merton C Wright Mills Goffman Giddens Elias Bourdieu and Foucault This book will appeal to students and scholars of sport studies cultural studies modern social theory and to social scientists generally **Sport In Consumer Culture** John Horne, 2017-09-16 This book offers a distinctive introduction to understanding the position of sport in consumer society Drawing on recent developments in sociological theory and research particularly in relation to debates about culture and consumption the book examines how sport as both recreational practice and commercial spectacle has become more central to the capitalist economies of signs and space Containing up to date research findings and identifying key issues in the study and politics of sport in consumer culture this is essential reading for all students seeking to broaden their understanding of sport in society *Sport, Violence and Society*

Kevin Young, 2019-03-28 In this fully updated and revised new edition of his landmark study of violence in and around contemporary sport Kevin Young offers a comprehensive sociological analysis of an issue of central importance within sport studies The book explores organised and spontaneous violence both on the field and off and calls for a much broader definition of sports related violence to include issues as diverse as criminal behaviour by players abuse within sport and exploitative labour practices Offering a sophisticated theoretical framework for understanding violence in a sporting context and including new case studies and updated empirical data from professional soccer in Europe to ice hockey in North America the book establishes a benchmark for the study of violence within sport and wider society Through close examination of often contradictory trends from anti violence initiatives in professional sports leagues to the role of the media in encouraging hyper aggression the book throws new light on our understanding of the socially embedded character of sport and its fundamental ties to history culture politics social class gender and the law This new edition also recognises burgeoning new literatures such as research examining concussion and the link between sport and mental illness and includes student friendly pedagogical aids such as critical thinking questions at the end of each chapter *Sport Violence and Society* is a vital read for anyone studying or working in the areas of the Sociology of Sport Sport Psychology Ethics and Philosophy of Sport Sport and Politics Sports History and Sport and the Media *Ethics and Governance in Sport* Yves Vanden Auweele, Elaine Cook, Jim Parry, 2015-11-06 What is or should be the social function of sport in a globalised commercialised world Why does sport matter in the 21st century This book calls for a new model of sport that goes beyond the traditional view that sport automatically encourages positive social moral and political values Acknowledging that sport is beset by poor practice corruption harmful behaviours and illegality it explores current issues in sport ethics governance and development It argues that identifying the root causes of harmful behaviour those things that are characteristic of sport and engaging sport managers policy makers and leaders of sport organisations is essential if sport is to thrive *Inside the Olympic Industry* Helen Lenskyj, 2000-07-14 Analysis from the perspective of those adversely affected by the social economic political and environmental impacts of hosting an Olympic Games **The Chequered Past** David Anderson Charters, 2007-01-01 In the forty year period between 1951 and 1991 Canadian sports car competition underwent a massive change transforming itself from an amateur recreational pastime to a commercialized profession and from an individual sport to a spectacle for mass consumption The Chequered Past is the story of the struggle over power and purpose within the Canadian auto sport that led to this transformation The first comprehensive history of sports car racing and rallying in Canada The Chequered Past traces the efforts of the national governing body the Canadian Auto Sport Clubs CASC to bring its sports car competition up to a world class level and to manage the consequences of those efforts in the second half of the twentieth century David Charters traces the social origins of the sport and the major trends that shaped it professionalism technological change rising costs and the influence of commercial sponsors Charters argues that while early enthusiasts set

the sport on a course toward professionalism that would eventually produce world class Canadian events and racers that course would also ultimately change the purpose of the sport from personal recreation to mass entertainment As technological innovations drove up the costs of competing at the top ranks racers were forced to rely on sponsors who commercialized and ultimately gained control of the sport The end result Charters argues was the marginalization of the amateur competitor and of the CASC itself Based on extensive research into the CASC s records and dozens of interviews with former competitors and officials *The Chequered Past* opens a window into the rich but virtually unknown history of the auto sport and claims for it a place in Canadian sports history *Tattooed* Michael Atkinson,2003-01-01 Cultural sensibilities about tattooing are discussed within historical context and in relation to broader trends in body modification such as cosmetic surgery dieting and piercing *Post-Olympism* John Bale,Mette Krogh Christensen,2020-06-07 The Olympic ideal and the Olympic Games stand as symbols of global cooperation international understanding and the bonding of individuals through the medium of sports However throughout the twentieth century Olympic rhetoric was often confronted by a different reality The Games have regularly been faced by crises that have threatened the spirit of Olympism and even the Games themselves Given the many changes that have occurred in the Olympic Games during the past century it seems reasonable to ask if this global event has a future and if so what form it might take With this larger issue in mind the authors of *Post Olympism* ask probing questions about the following the infamous 1936 Olympics the effect of new technologies on the Games the future impact of the 2008 Beijing Games on China and of China on the Olympics the local and regional impact of the Sydney green Olympics the Games and globalization Disneyfication racism drug abuse The book provides a useful overview of the ongoing significance of the Olympics and will be essential reading for anyone with a serious interest in the Games *The History of Blacks in Canada* George H. Junne,2003-03-30 This fascinating bibliography of source materials clearly demonstrates the significant roles blacks have played in the history and culture of Canada from its beginnings as well as their 400 year fight for equity and justice Organized by area of endeavor and by province the source materials detailed here reveal that blacks in Canada have created a rich diverse and complex legacy This volume lists resources that point to blacks history as soldiers prospectors educators cowboys homesteaders entertainers legislators athletes artists servants and writers The most comprehensive bibliography about blacks in Canada that has been published it is well organized to facilitate locating specific topics or people spanning black history Also included are newspapers and videos that add their own unique contribution Academicians researchers students and interested lay people will find an organized compilation of a vast number of primary and secondary sources about blacks in Canada *Refereeing Identity* Michael Buma,2012 What national pastime novels tell us about our country **Sports around the World** John Nauright,2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world it also details how and why sports are played wherever they exist and examines key charismatic athletes from around the world who have transcended

their sports Sports Around the World History Culture and Practice provides a unique global overview of sports and sports cultures Unlike most works of this type this book provides both essays that examine general topics such as globalization and sport international relations and sport and tourism and sport as well as essays on sports history culture and practice in world regions for example Latin America and the Caribbean the Middle East and North Africa Europe and Oceania in order to provide a more global perspective These essays are followed by entries on specific sports world athletes stadiums and arenas famous games and matches and major controversies Spanning topics as varied as modern professional cycling to the fictional movie Rocky to the deadly ball game of the ancient Mayans the first three volumes contain overview essays and entries for specific sports that have been and are currently practiced around the world The fourth volume provides a compendium of information on the winners of major sporting competitions from around the world Readers will gain invaluable insights into how sports have been enjoyed throughout all of human culture and more fully comprehend their cultural contexts The entries provide suggestions for further reading on each topic helpful to general readers students with school projects university students and academics alike Additionally the four volume Sports Around the World spotlights key charismatic athletes who have changed a sport or become more than just an outstanding player

Sport, Civil Liberties and Human Rights

Richard Giulianotti, David McArdle, 2014-01-02 What is the relationship between sport and human rights Can sport protect and enhance the human rights of competitors and sport workers Can it also undermine those rights These topical issues are among the many that are explored in this groundbreaking volume which analyzes how sports both contribute to and undermine the human rights of participants spectators and workers The papers are written by esteemed academics whose work is at the cutting edge of this burgeoning area of study Experts from around the world have contributed to this important work and examine controversial issues such as sexual harassment racism freedom of movement sport as popular protest This book was previously published as a special issue of Sport in Society

The Olympics

Vassil Girginov, 2023-05-09 The Olympics A Critical Reader represents a unique critical guide to the definitive sporting mega event and the wider phenomenon it represents Olympism Combining classic texts and thoughtful editorial discussion with challenging new pieces including previously unseen material the book systematically addresses the key questions in modern Olympism including what does studying Olympism entail how do historical accounts create and challenge Olympic myths how do different theoretical perspectives inform our understanding of Olympism which socio political processes influence personal collective and imagined Olympic identities how do we experience and make sense of Olympism who owns Olympism and why does it matter how do cities compete for and celebrate the Olympics how are the Olympic values promoted why is it important to protect the ethical principles and properties of Olympism what are the grounds for contesting Olympism how can Olympism be taught how can the principles and practices of Olympism be sustained in the future Each thematic part has been designed to include a range of views including background treatment of an issue as well as critical scholarship to ensure that students

develop a well rounded understanding of the Olympic phenomenon The Olympics A Critical Reader is essential reading for students of the Olympics and Olympism the sociology of sport sport management and cultural studies Routledge Companion to Sports History S. W. Pope, John Nauright, 2009-12-17 The field of sports history is no longer a fledgling area of study There is a great vitality in the field and it has matured dramatically over the past decade Reflecting changes to traditional approaches sport historians need now to engage with contemporary debates about history to be encouraged to position themselves and their methodologies in relation to current epistemological issues and to promote the importance of reflecting on the literary or poetic dimensions of producing history These contemporary developments along with a wealth of international research from a range of theoretical perspectives provide the backdrop to the new Routledge Companion to Sports History This book provides a comprehensive guide to the international field of sports history as it has developed as an academic area of study Readers are guided through the development of the field across a range of thematic and geographical contexts and are introduced to the latest cutting edge approaches within the field Including contributions from many of the world s leading sports historians the Routledge Companion to Sports History is the most important single volume for researchers and students in and entering the sports history field It is an essential guide to contemporary research themes to new ways of doing sports history and to the theoretical and methodological foundations of this most fascinating of subjects

Deviance and Social Control in Sport Michael Atkinson, Kevin Young, 2008 *Deviance and Social Control in Sport* challenges preconceived understandings regarding the relationship of deviance and sport and offers a conceptual framework for future work in a variety of sociological subfields **To the Extreme** Robert E. Rinehart, Synthia Sydnor, 2012-02-01 An international array of authors including some prominent extreme athletes like Jake Burton and Arlo Eisenberg look at a variety of issues and concerns within the new action extreme sports that are gaining popularity throughout the world For each sport an interpretation is presented through two essays one written by a scholar active in some aspect of research for the given activity and another by a practitioner athlete who writes from the inside out The juxtaposed essays confront questions about the essence of sport such as What is sport How does it originate and What is its use value and function This book offers a fascinating look at how twentieth and twenty first century sport forms emerge proliferate and take hold in a sport crazy world *One of the Boys* Paul Jackson, 2010-03-15 A new edition of a book that has changed the way we think about sexual conduct and combat

Sport Media Vectors: Digitization, Expanding Audiences, and the Globalization of Live Sport Laurel Walzak, Joe Recupero, 2021-05-12 In *Sport Media Vectors* Digitization Expanding Audiences and the Globalization of Live Sport leading scholars from five continents explore the socio cultural and political aspects of sport media vectors The book covers a complementary range of topics esports livestreaming traditional linear broadcasting gender sexual orientation and masculinities in sport media global comparisons media and technological implications of sport and audience study The book plays an important role in understanding the globalization of live sport from the sport media point

of view which has not been widely investigated However due to recent demand by fans to consume and engage with live sport and the concomitant growth of digital platforms supplying fans with access and enhancing their consumption experience it is gaining importance and attention in the field Consequently a common thread is a focus on the intersection between scholarly work and its convergence with and practical relevance for industry practice

This is likewise one of the factors by obtaining the soft documents of this **Taking Sport Seriously Social Issues In Canadian Sport** by online. You might not require more time to spend to go to the books opening as without difficulty as search for them. In some cases, you likewise complete not discover the declaration Taking Sport Seriously Social Issues In Canadian Sport that you are looking for. It will utterly squander the time.

However below, when you visit this web page, it will be thus extremely easy to get as without difficulty as download guide Taking Sport Seriously Social Issues In Canadian Sport

It will not agree to many time as we tell before. You can attain it while exploit something else at house and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we have enough money below as with ease as review **Taking Sport Seriously Social Issues In Canadian Sport** what you later to read!
