Tal Como Eramos:

Tal como éramos Guido Barbujani,2023-03-30 Tal como ramos relata con rigor y amenidad divulgativa una historia de la evolución humana abarcando varios millones de años y combinando información textual y visual porque como dice el autor lo importante es verse las caras Cada capítulo comienza con un rostro una reconstrucción hiperrealista de catorce miembros de la genealogía humana más Charles Darwin el homo sapiens que comenzó este largo camino de descubrimiento de nuestros orgenes Mirar a los ojos de nuestros antepasados remotos y no tan remotos es la mejor manera de adentrarse en el conocimiento de su estilo de vida sus orgenes sus relaciones sus migraciones y descubrir cuántas cosas compartimos con ellos desde el miedo a la muerte hasta la obsesión por proteger a las crías y la necesidad de alimentarse y guarecerse del frío

Tal como éramos Fiona Collins,2020-07-16 Una comedia romántica que es un homenaje a las grandes historias de amor Solo habla con referencias a películas pero para ella eso lo significa todo Después de un matrimonio abusivo Arden Hall ha conseguido divorciarse y vive una vida tranquila y sin grandes pretensiones Sin embargo un día visitando a un amigo que está en el hospital descubre que el que yace en una cama a su lado incapaz de hablar debido a un derrame cerebral es su antiguo amor de juventud el carismático profesor de Estudios cinematográficos Mac Bartley Thomas con el que Arden vivió una apasionada historia de amor Arden duda de si le ha reconocido pero cuando oye a Mac pronunciar con dificultad una frase de las que utilizaban ellos en su lenguaje secreto siempre refiriéndose a películas que ambos amaban sabe que Mac se está intentando comunicar con ella Los agri dulces recuerdos que le provocan ese encuentro hacen que la vida de Arden se tambalee por completo y que se pregunte si la vida le ha concedido una segunda oportunidad y la posibilidad del final feliz en el que siempre había creído Pero la vida nunca va por donde imaginamos *Tal como éramos* Sílvia Tarragona,2018-01-18

Una novela sobre el poder de las relaciones humanas que nos enseña que es al tocar fondo cuando podemos salir con más fuerza e impulso a la superficie La Abuela Amada. (tal Como Éramos) , **Tal como éramos** Rafael Núñez

Florencio,1998 Cultivating Nature Sarah R. Hamilton,2018-04-15 Winner of the 2019 Turku Book Award from the European Society for Environmental History The Albufera Natural Park an area ten kilometers south of Valencia that is widely regarded as the birthplace of paella has long been prized by residents and visitors alike Since the twentieth century the disparate visions of city dwellers farmers fishermen scientists politicians and tourists have made this working landscape a site of ongoing conflict over environmental conservation in Europe the future of Spain and Valencian identity In *Cultivating Nature* Sarah Hamilton explores the Albufera's contested lands and waters which have supported and been transformed by human activity for a millennium in order to understand regional national and global social histories She argues that efforts to preserve biological and cultural diversity must incorporate the interests of those who live within heavily modified and long exploited ecosystems such as the Albufera de Valencia Shifting between local struggles and global debates this fascinating environmental history reveals how Franco's dictatorship Spain's integration with Europe and the crisis in European

agriculture have shaped the Albufera its users and its inhabitants Spatiality at the Periphery in European Literatures and Visual Arts Kathryn Everly, Stefano Giannini, Karina von Tippelskirch, 2023-06-12 Spatiality at the Periphery in European Literatures and Visual Arts analyzes the impact migrations both internal and external have on Europe's literary and visual representations in the nineteenth to twenty-first centuries. The volume aims to subvert a centripetal reading of European cultural production by including peripheral thinkers, writers and visual artists operating in transcultural contexts. The essays highlight and investigate the fertile artistic discourses generated in the spatial peripheries outside of Europe or its inner peripheries. The volume addresses the need for geocritical readings that overcome the engrained dichotomy of centers peripheries. By doing so, the book brings a more nuanced approach to national literatures and proposes the idea of contact zones of imaginative interaction **New Journeys in Iberian Studies** Mark Gant, Anneliese Hatton, Paco

Ruzzante, 2018-07-27 The research collected in this volume consists of 18 chapters which explore a number of key areas of investigation in contemporary Iberian studies. As the title suggests, there is a strong emphasis on transnational and transregional approaches to the subject area, reflecting current discourse and scholarship, but the contributions are not limited by these approaches and include an eclectic range of recent work by scholars of history, politics, literature, the visual arts and cultural and social studies, often working in transdisciplinary ways. The geographical scope of the transnational processes considered range from intra-Iberian interconnections to those with the UK, Italy and Morocco, as well as transatlantic influences between the Peninsula and Argentina, Cuba and Brazil. The book opens up some pioneering new directions in research in Iberian studies, as well as a variety of fresh approaches to hitherto neglected aspects of more familiar issues.

Estado y cultura Jordi Gracia García, 1996 War and Genocide in Cuba, 1895-1898 John Lawrence Tone, 2006
Cubanske Frihedskrig 1895-1898 Bogen handler om Cubas krig for at opnå uafhængighed af Spanien. Spanien satte alt ind på ikke at miste Cuba, og krigen blev ført med stor grusomhed og kostede mange civile cubanere livet. Bl.a. i koncentrationslejre oprettet af spanierne. I 1898 greb USA, der havde store økonomiske interesser på Cuba, ind og afsluttede krigen, der sluttede med Spaniens nederlag. I m. neder senere og førte til oprettelsen af Guantánamo-basen og Cubas selvstændighed i 1902.

Popular Memory and Franco's 'Disappeared' in Spain Francie Cate, 2024-12-01 Francie Cate's Popular Memory and Franco's Disappeared is an obra magistral, an opus magnum, a masterwork. It is an in-depth and broad study in which further research on memory, imposed forgetting, counter-memory and the dynamics of cultural memory will be rooted. Maureen Tobin, Stanley University of Minnesota, Duluth, USA. This book examines a people's history of the Spanish Civil War's anti-fascists who lost their 1936-1939 fight against far-right military insurgents. The book argues that the regime's disappeared have, in fact, since 1936 been the most visible protagonists safeguarded in the shared collective memory of the war's losers. Narratives about Franco's up to 150,000 civilian shooting victims, stories told in the form of memoirs, political speeches, visual art, film, novels and oral testimonies form the centerpiece of this study. How have these narratives told by the war's losers focused

explicitly on the figure of the dead body been mobilized in periods of political upheaval from 1936 to the present including WWII the 1950s and 60s of the Cold War the 1970s and 80s Spanish Transition ongoing mass media culture wars that have polarized the Right and the Left since public exhumations of unmarked graves began in the year 2000 Through fieldwork in the province of Cádiz the author has also recorded interviews with family members of citizens who were murdered Through oral narratives an entire community violently punished during the years of the dictatorship succeeded in keeping alive an alternative history of the pre war enterprise to establish the 1931 Spanish democratic Republic and to build a modern nation bound by constitutional law The discursive commonalities identified in the wide ranging testimonies including pioneering researchers publications beginning in the 1970s constitute a fascinating textual topography of popular cultural memory This book argues that this treasure trove of storytelling preserved an initially clandestine counter narrative of anti Francoist resistance as well as dreams of justice for the dead

Continuity and Change Milly Buonanno, 2000 Continuity and Change examines the growth of fictional television in five major European countries Focusing on drama and comedy it analyzes the degree to which an increase in the production of fictional television and the extension of fictional television's presence into prime time has led to higher production costs and an emphasis on family oriented programming
