

The Tale of the Heike

*Translated, with an Introduction, by
Helen Craig McCullough*

Tale Of The Heike 2vol

SA Dillow

Tale Of The Heike 2vol:

Religion and National Identity in the Japanese Context Hiroshi Kubota, Klaus J. Antoni, Johann Nawrocki, Michael Wachutka, 2002 This book focuses upon the relationship between religion and socio cultural or socio political aspects in the history of religions in Japan Religious and ideological justifications in the course of forming a political and national identity and the mutual relation between political national and cultural issues can be noticed in every region of the world before the onset of secularization processes but also in modern nation states today In Japan as well just like in most modern societies political cultural and religious elements are closely interrelated In a comparative approach the sixteen papers in this volume elucidate the intellectual undercurrent in Japanese history of putting positive perspectives on national achievements and cultural religious uniqueness into service of establishing and refurbishing a national identity **Re/configurations of the Self in the Early War Literature of Oōka Shohei and Umezaki Haruo** Erik Robert Lofgren, 1998 Amidaji: Emperor Antoku's Mortuary Temple and its Culture Naoko Gunji, 2022-12-28 How do you reconstruct a tradition of religious art wiped out by another religion Naoko Gunji takes up this challenging question in Amidaji Amidaji was a Buddhist temple in western Japan that from the twelfth century onwards overlooked the strait of Dannoura and commemorated the tragic protagonists of The Tale of the Heike who perished in the strait at the end of the Genpei War 1180 1185 the Heike or the Taira clan and the child emperor Antoku 1178 1185 Amidaji was destroyed however in 1870 amid a nativist royalist movement of persecuting Buddhism and replaced by an imperial Shinto shrine Its art architecture and rituals were lost and have until now been understood through the lens of the current shrine and a few surviving objects By investigating numerous historical sources and artistic literary religious political and ideological contexts Gunji reveals a carefully coordinated program of visual art and rituals for the salvation of Antoku and the Taira **Japan Quarterly**, 1998 **The Clear Mirror**, 1998-08-01 The Clear Mirror Masukagami is an account of Japanese history from 1185 to 1333 by an anonymous author almost certainly a court noble writing around the third quarter of the fourteenth century During this time the military government at Kamakura controlled the country maintaining the emperor with his court at Kyoto as symbolic head of state Though the imperial court had little real power it attempted to maintain as much of its former dignity and prestige as it could The Clear Mirror is at least semi fictionalized promoting a picture of a court healthier and more powerful than it really was Moreover the work sees the court as guardian of its own traditional arts and lifestyle and thus provides not only a history of imperial succession and other events but also copious examples of poetic expressions and descriptions of courtly traditions and ceremonies Because of its attempt to exemplify the best in the courtly prose tradition it is noted for its imitation of the style of the masterpiece The Tale of Genji the work has long been valued in Japan as much for its artistic literary contribution as for its historical significance The present translation makes available to English readers the last significant work belonging to the genre of historical tales rekishi monogatari another example of which is A Tale of Flowering Fortunes translated by William and Helen

Craig McCullough Stanford 1980 The introduction provides a brief summary of the significant historical and political events of the period together with a discussion of the significance of *The Clear Mirror* within the historical tales tradition and comments on the literary strengths and weaknesses of the work A glossary identifies people and places mentioned in the text and an appendix discusses details concerning the work s authorship possible dates of initial publication and other matters relating to the original manuscript

Bibliography of Art and Architecture in the Islamic World (2 Vol. Set) Susan Sinclair,C. H. Bleaney,Pablo García Suárez,2012 Following the tradition and style of the acclaimed *Index Islamicus* the editors have created this new *Bibliography of Art and Architecture in the Islamic World* The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011 This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies

Merriam-Webster's Encyclopedia of Literature Merriam-Webster, Inc,1995 Describes authors works and literary terms from all eras and all parts of the world

Like Clouds or Mists Elizabeth A. Oyler,Michael Watson,2014-01-31 This volume is organized to roughly follow the order of events presented in the Kakuichi bon variant of the Heike Essays and translations focus on a series of major events from the Heike Kiyomori s rise the Gi cycle of plays Yoshinaka s push to the capital the flight of the Heike and the battle of Ichi no tani and the aftermath of the war Each event features a series of one to three plays preceded by essays

The Tokugawa World Gary P. Leupp,De-min Tao,2021-09-20 With over 60 contributions *The Tokugawa World* presents the latest scholarship on early modern Japan from an international team of specialists in a volume that is unmatched in its breadth and scope In its early modern period under the Tokugawa shoguns Japan was a world apart For over two centuries the shogun s subjects were forbidden to travel abroad and few outsiders were admitted Yet in this period Japan evolved as a nascent capitalist society that could rapidly adjust to its incorporation into the world system after its forced opening in the 1850s *The Tokugawa World* demonstrates how Japan s early modern society took shape and evolved a world of low and high cultures comic books and Confucian academies soba restaurants and imperial music recitals rigid enforcement of social hierarchy yet also ongoing resistance to class oppression A world of outcasts puppeteers herbal doctors samurai officials businesswomen scientists scholars blind lutenists peasant rebels tea masters sumo wrestlers and wage workers Covering a variety of features of the Tokugawa world including the physical landscape economy art and literature religion and thought and education and science this volume is essential reading for all students and scholars of early modern Japan

Spirit Tree E. Leslie Williams,2007 Despite what some scholarship has suggested Shint does exhibit a unifying cognitive integrity *Spirit Tree* offers a unique social psychological interpretation of Shint ritual at the Hakozaiki Hachiman Shrine in Fukuoka Japan and situates the cosmological organization of this practice within the larger context of ritual in East Asia Employing a comparative approach this study blends two theoretical orientations cultural anthropology and Jungian psychology Hakozaiki s rituals are a combination of a Yayoi period

female medium tradition with a complex set of Chinese Yin Yang Five Phase principles Both systems are based on the feminine archetype a fundamental conceptual foundation of Shint ritual practice which cognitively links woman and the earth While the female shaman tradition is female affirming in outlook the later Chinese system is much less so This monograph is a new acknowledgement of the conceptual continuity of Shint ritual as an outgrowth of social cognition Eccentric Spaces, Hidden Histories David Bialock,2007-02-01 After The Tale of Genji c 1000 the greatest work of classical Japanese literature is the historical narrative The Tale of the Heike 13th 14th centuries In addition to opening up fresh perspectives on the Heike narratives this study also draws attention to a range of problems centered on the interrelationship between narrative ritual space and Japan s changing views of China as they bear on depictions of the emperor s authority warriors and marginal population going all the way back to the Nara period By situating the Heike in this long temporal framework the author sheds light on a hidden history of royal authority that was entangled in Daoist and yin yang ideas in the Nara period practices centered on defilement in the Heian period and Buddhist doctrines pertaining to original enlightenment in the medieval period all of which resurface and combine in Heike s narrative world In introducing for the first time the full range of Heike narrative to students and scholars of Japanese literature the author argues that we must also reexamine our understanding of the literature ritual and culture of the Heian and Nara periods **Noguchi East and West** Dore Ashton,1993-09 An art history professor and author or editor of 30 books on art and culture maps the life of Japanese American sculptor and designer Isamu Noguchi 1904 1988 and his spiritual journey both in the events of his life and in the milestones of his art the sculptures gardens public spaces and stage decors that gained force and significance from Noguchi s double heritage Photographs Buddhism and Iconoclasm in East Asia Fabio Rambelli,Eric Reinders,2012-09-06 This is a cross cultural study of the multifaceted relations between Buddhism its materiality and instances of religious violence and destruction in East Asia which remains a vast and still largely unexplored field of inquiry Material objects are extremely important not just for Buddhist practice but also for the conceptualization of Buddhist doctrines yet Buddhism developed ambivalent attitudes towards such need for objects and an awareness that even the most sacred objects could be destroyed After outlining Buddhist attitudes towards materiality and its vulnerability the authors propose a different and more inclusive definition of iconoclasm a notion that is normally not employed in discussions of East Asian religions Case studies of religious destruction in East Asia are presented together with a new theoretical framework drawn from semiotics and cultural studies to address more general issues related to cultural value sacredness and destruction in an attempt to understand instances in which the status and the meaning of the sacred in any given culture is questioned contested and ultimately denied and how religious institutions react to those challenges Japan Mikiso Hane,2013-09-01 What is a shogun Who were the samurai and what is the warrior code What lies behind the Japanese work ethic From the ancient tea ceremony to the boom and subsequent downturn of its economic prosperity this uniquely concise introduction to Japan and its history surveys nearly 10 000 years of

society culture economics and politics Balancing economic and political information with new insights into the twin spheres of art and religion Mikiso Hane offers authoritative coverage of all aspects of Japanese life With a particular focus on the key events of the last 200 years the author also pays special attention to the changing conditions of those whose history has been so frequently neglected the women the peasants and the lowest order of untouchables Well rounded and enlightening this informative account of Japan and its people will be greatly appreciated by historians students and all those with an interest in this diverse and enigmatic country **The Journal of Asian Studies** ,1978 *Optical Allusions* Joseph Tsuyoshi Sorensen,2005 *A Select List of Books on the Civilizations of the Orient* Association of British Orientalists,1955

Itineraries of Power Terry Kawashima,2020-05-11 Movements of people and groups through travel migration exile and diaspora are central to understanding both local and global power relationships But what of more literary moves textual techniques such as distinct patterns of narrative flow abrupt leaps between genres and poetic figures that flatten geographical distance This book examines what happens when both types of tropes literal traversals and literary shifts coexist *Itineraries of Power* examines prose narratives and poetry of the mid Heian to medieval eras 900 1400 that conspicuously feature tropes of movement Terry Kawashima argues that the appearance of a character's physical motion alongside literary techniques identified with motion is a textual signpost in a story urging readers to focus on how the work conceptualizes relations of power and claims to authority From the gendered intersection of register shifts in narrative and physical displacement in the Heian period to a dizzying tale of travel retold multiple times in a single medieval text the motion in these works gestures toward internal conflicts and alternatives to existing structures of power The book concludes that texts crucially concerned with such tropes of movement suggest that power is always simultaneously manufactured and dismantled from within **AB Bookman's Yearbook** ,1974 *The New Encyclopædia Britannica: Macropædia* ,1993 This encyclopedia includes a two volume index a 12 volume Micropaedia Ready reference a 17 volume Macropaedia Knowledge in depth and the Propaedia

When somebody should go to the books stores, search start by shop, shelf by shelf, it is in point of fact problematic. This is why we offer the book compilations in this website. It will unconditionally ease you to look guide **Tale Of The Heike 2vol** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best area within net connections. If you aspire to download and install the Tale Of The Heike 2vol, it is totally simple then, before currently we extend the partner to buy and create bargains to download and install Tale Of The Heike 2vol suitably simple!
