Dancing with Mrs. Dalloway Celia Blue Johnson, 2011-10-04 Every great book begins with an idea whether it comes to a writer s mind with lightning speed or tugs at the imagination over time Dancing with Mrs Dalloway offers stories of the inspiration behind fifty classic works from The Sound and the Fury Jane Eyre and Frankenstein to Anna Karenina The Bell Jar and Winnie the Pooh Gabriel Garc a M rquez was driving to Acapulco with his family when he slammed on the brakes turned the car around and insisted they abandon their trip so he could return home to write He had good reason to cut the trip short a childhood memory of touching ice had suddenly sparked the first line to a novel that would become his most famous work One Hundred Years of Solitude C S Lewis on the

other hand spent decades pondering the scene that inspired *The Lion the Witch and the Wardrobe* When Lewis was sixteen he had a peculiar daydream a faun carried a bundle of parcels and an umbrella through snow covered woods Lewis was almost forty when he decided to write a novel that grew around the vision In *Dancing with Mrs Dalloway* you ll discover who Edgar Allan Poe s raven really belonged to whether Jane Austen s heartthrob Mr Darcy actually existed who got into mischief with a young Mark Twain and what the real Sherlock Holmes did for a living These delightful stories reveal the often unknown reasons our literary heroes put quill to parchment pen to paper or finger to keyboard to write some of the world s best loved books

New York Nouveau Sara Kippur,2025-08-12 Postwar French writers were at the vanguard of global literary innovation from the experimental minimalism of the Nouveau Roman to the literary games of the OuLiPo but less often appreciated is the extent to which they worked closely with US editors and translators published actively with American presses and often theorized transatlantic connections within their work In this exciting new work Sara Kippur proposes a new French literary history that traces the deep connections between postwar literary experimentalism and the New York publishing industry compellingly arguing that US based editors publishers producers professors and translators crucially intervened to shape French literature While Kippur attends closely to well known writers such as Marguerite Duras Samuel Beckett Eug ne Ionesco Georges Perec and Alain Robbe Grillet she also amplifies the voices of those who have been less visible though no less relevant including women whose contributions have not received proper credit but who helped to foster a sense of new possibilities for twentieth century French writing With these untold histories stitched together in this book through new archival discoveries from special collections and personal archives on both sides of the Atlantic Kippur begins to dismantle rigid notions of canonicity authorship and national literature
