Corfu; Cat Tales under Lockdown - a diary Lynne Sayer, 2022-10-01 A cancelled flight opened a new chapter in Lynne's life. Along with her husband she was stranded on the beautiful island of Corfu, Greece. For the first time in her 75 years, this wife and grandmother of 10 had time to herself. This was a unique period in Lynne's life and a dramatic time in the history of the world. Covid-19 was dislocating and destroying the lives of so many people. Against the backdrop of the pandemic, Lynne was able to draw positivity and simple pleasures from her beautiful surroundings and most importantly, all derive great joy and delight from the local cat population. A review of the book from Dr Lee Durrell: This book is about cats, of course, enchanting and extraordinary creatures that they are, each with its own loveable character and temperament. It is also about the magic of Corfu, its profusion of spring wildflowers, melodies of sheep bells, and centuries-old traditions. But there is much more going on here. Lynne Sayer's diary ranges from current global events to deeply personal ones. We hear about Covid, Brexit, and threats to American democracy, as well as the doings of her children and grandchildren in lockdown England. This is well worth a read as a chronicle of our times and for cat lovers everywhere. The modest purchase price goes towards improving the lives of stray cats and kittens in Lynne's region of Corfu. The book ends with a heartfelt appeal to contribute to the work of Kassiopeia Cats Meow, which is the best way to help the brave little cats. I, for one, could not resist it. Lee Durrell, Corfu, October 2021.

The Diary of a Space Traveller and other Stories Satyajit Ray, 2015-07-05 It all began with the fall of a meteorite and the crater it made. In its centre was a red notebook sticking out of the ground. The first or was it really the last of Professor Shonku's diaries. Professor Trilokeshwar Shonku, eccentric genius and scientist, disappeared without a trace after he shot off into space in a rocket from his backyard in Giridih, accompanied by his loyal but not too intelligent servant Prahlaad, his cat Newton, and Bidhushekhara, his robot with an attitude. What has become of the professor? Has he decided to stay on in Mars, his original destination? Or has he found his way to some other planet and is living there with strange companions? His last diary tells an incredible story. Other diaries unearthed from his abandoned laboratory reveal stranger and even more exciting adventures involving a ferocious sadhu, a revengeful mummy, and a mad scientist in Norway who turns famous men into six-inch statues. Exciting, imaginative, and funny, the stories in this collection capture the sheer magic of Ray's lucid language, elegant style, graphic descriptions, and absurd humour. The indomitable Professor Shonku has returned to win himself over a whole new band of followers.
