A VINTNER'S TALE
Tony Coles,2012-01-05 I find it interesting that when I talk to some of my grandchildren about what they are learning at school I have been told that in history they have been learning about the Second World War I count myself very lucky that I am of a generation that has not had to suffer the sacrifices that my parents had to in living through two world wars When I read the history of the First World War it has many descriptions of the hardship rationing and shortages experienced at the end of that conflict and I can relate with what I read as we had the same experience in the first twelve years of my life with rationing and shortages in the Second World War So my story begins with quite a few pages about that I have included all my diary entries written on board HMS Bulwark I had not read these diaries since I wrote them fifty five years ago but there are some interesting insights into the mind of a na ve insecure nervous National Service conscript along with some interesting descriptions of some of the places around the world we went to The rest of the story is of my two loves my family and the building of a successful business in the wine trade

A Salamander's Tale Paul Steinberg,2015-04-21 Staring in the face of prostate cancer at age thirty five and metastatic disease and proposed surgical castration at age forty Paul Steinberg was forced to take two simultaneous journeys The first was to transition from doctor to patient and surrender his physical health to a medical establishment he knew from firsthand knowledge would be using approaches that would be outdated within a few years The second was a spiritual journey His search for a higher meaning in his life sent him as far as walking over hot coals with Tony Robbins Using the salamander as his role model Steinberg a college health and sports psychiatrist takes a look at the evolution of the regenerative capabilities of cold blooded vertebrates like the salamander and at what we as humans have lost and gained in our warm bloodedness How do human beings regenerate How do we redeem ourselves when our capacity for regeneration is limited How did the prostate evolve and how does prostate cancer develop With wit and humor Steinberg tackles lust and sex and ultimately time and death and the gods Having lived longer than virtually anyone else with metastatic prostate cancer he uses his knowledge as a doctor and experience as a patient to provide a story of endurance and perseverance weaving a tale of grace regeneration and redemption just not the kind of regeneration and

redemption that he or anyone else would expect
