Tales Of The Sabine Borderlands Early Lo

James Alexander Robertson

Tales Of The Sabine Borderlands Early Lo:

Tales of the Sabine Borderlands Théodore Pavie, 1998 *Le Lazo* is one of the first pieces of Texas or Western literature. It is an enigmatic blend of reportage and imagination reflecting the effects of the Fredonian Rebellion of 1827, the Spanish invasion of Mexico in 1829, and the passage of the Law of 6 April 1830 which triggered the next phase of Anglo rebellion against Mexican authorities in Texas. The Mexican protagonist Antonio enters into conflict with the Creole commander of the presidio at Nacogdoches, Col. José de las Piedras. Both men pursue rosary-clutching Clara, who represents the vessel of the new era to come. El Cachupín tells of the full-blooded Spaniard Pepo and his Creole wife Jacinta, who had been successfully established in Texas only to be chased across the Sabine by increasing political hostilities in Mexico. East of the river, a lonely planter, probably a remnant of the pirate Lafitte's band, and his concubine take them in and alter their fate. *Encyclopedia of Exploration, 1800 to 1850* Raymond John Howgego, 2004. In 732 major articles, Raymond Howgego's *Encyclopedia of Exploration, 1800 to 1850* attempts to detail every significant traveller, voyager, or expedition that set out during the period. Its indexes provide the names of over 3000 travellers and 1000 ships, while the bibliographies cite more than 10,000 works of reference. Extensive biographical information is included for the travellers themselves, placing every expedition thoroughly in its historical context. The text is fully cross-referenced between articles, whilst every article is supplemented by a comprehensive bibliography of both primary and secondary sources. *More than a Massacre* Sabine F. Cadeau, 2022-06-09. *More than a Massacre* is a history of race, citizenship, statelessness, and genocide from the perspective of ethnic Haitians in Dominican border provinces. Sabine F. Cadeau traces a successively worsening campaign of explicitly racialized anti-Haitian repression that began in 1919 under the American Occupiers, accelerated in 1930 with the rise of Trujillo, and culminated in 1937 with the slaughter of an estimated twenty thousand civilians. Relatively unknown by contrast with contemporary events in Europe, the Haitian-Dominican experience has yet to feature in the broader literature on genocide and statelessness in the twentieth century. Bringing to light the massacre from the perspective of the ethnic Haitian victims themselves, Cadeau combines official documents with oral sources to demonstrate how ethnic Haitians interpreted their changing legal status at the border, as well as their interpretation of the massacre and its aftermath, including the ongoing killing and land conflict along the post-massacre border. *Choice*, 2001. *Quartermasters of Conquest* Christopher N. Menking, 2025-03-18. The Mexican-American War, 1846-1848, resulted in the largest militaristic land acquisition in American history. It also, as Christopher Menking contends in this book, shaped the distribution of power and wealth in South Texas in profound ways that still resonate throughout the region's political and economic landscape. The US Army Quartermaster Department oversaw the logistical war effort, which continued to operate a new chain of forts and depots along the southern and western boundary with territories controlled by Native Americans after the war ended. In *Quartermasters of Conquest*, Menking explores the Quartermaster Department's critical but generally unappreciated functions: its wartime support of three separate armies in

the field and its long term consequential operations in the decade after the war In a detailed account of the Quartermaster Department s methods Menking describes how the Army imported Anglo labor to the area north of the Rio Grande then sparsely populated by Tejanos and Mexicans This Anglo influx along with river transportation and supply contractors ultimately altered the demographics of the region and Menking suggests contributed to the growth of new Texas towns and cities as satellite communities grew alongside the forts dramatically shifting the urban geography and economic power across the Rio Grande Combining analysis of wartime logistics with insight into the divergent military and social histories of the lower Rio Grande borderland Quartermasters of Conquest demonstrates the lasting influence of the Quartermaster Department on South Texas during the mid nineteenth century and the wartime roots of Anglos political dominance despite being an ethnic minority in the region

Engraved Prints of Texas Mavis Parrott Kelsey, Robin Brandt Hutchison, 2005 A collection of illustrated black and white engravings depicting the history of Texas from 1554 to 1900 presented chronologically and featuring a brief introduction to the historical background of each era
