Tales Of The Tokoloshe:

Tales of the Tokoloshe Pieter Scholtz, 2004 Fantasy tales of the magical naughty sprite known as Tokoloshe **More tales of the tokoloshe and other legendary African creatures** Pieter Scholtz, *Tales from the Whispering Woods* Sarah J H Powell, 2025-03-25 Tales from the Whispering Woods draws out the similarities among iconic figures of creepy folklore superstitions and urban legends while at the same time highlighting their unique cultural characteristics all brought to you by the host of the Whispering Woods podcast *Beyond the Nile: Gods and Legends from the Heart of Africa* Clifton Brown, 2025-02-19 Growing up I felt disconnected from my African roots since there was virtually nothing in literature mainstream media or the entertainment industry that referenced the rich history and culture that exists there I grew weary of reading and watching the mythos of other cultures constantly on display so I searched for stories from my ancestors Join me on this journey of discovery Discover the thunderous power of Shango the Yoruba god of lightning the nurturing embrace of Yemoja the mother of all waters and the cunning mischief of Eshu and Anansi Meet the fierce warrior queen Nzinga Mbande whose story defies colonial power and explore how the powerful deities of Africa have shaped cultures and inspired generations Beyond the Nile not only uncovers ancient African myths but also highlights their influence on modern culture including the rise of Afrofuturism and global icons like Wakanda Richly illustrated and filled with insightful narratives this book is an invitation to explore the vibrant spiritual traditions and timeless wisdom of Africa Whether you are a lover of mythology a history enthusiast or simply curious about Africa s hidden stories Beyond the Nile will take you on a journey into the heart of the continent s legendary past a journey that celebrates the myths resilience and enduring spirit of African people The Hidden History of South Africa's Book and Reading Cultures Archie L. Dick, 2013-06-17 The Hidden History of South Africa s Book and Reading Cultures shows how the common practice of reading can illuminate the social and political history of a culture This ground breaking study reveals resistance strategies in the reading and writing practices of South Africans strategies that have been hidden until now for political reasons relating to the country s liberation struggles By looking to records from a slave lodge women s associations army education units universities courts libraries prison departments and political groups Archie Dick exposes the key works of fiction and non fiction magazines and newspapers that were read and discussed by political activists and prisoners Uncovering the book and library schemes that elites used to regulate reading Dick exposes incidences of intellectual fraud book theft censorship and book burning Through this innovative methodology Dick aptly shows how South African readers used reading and books to resist unjust regimes and build community across South Africa s class and racial barriers The Ghost That Closed Down The Town Arthur Goldstuck, 2012-10-02 Arthur Goldstuck made the world of South African urban legends his own with four best sellers during the 1990s Now he returns to this landscape but from a very different angle looking at the extent to which ghost stories are really urban legends stories spread by word of mouth and the media as absolute truth but falling short on evidence and

reality In exploring ghost stories as urban legends Goldstuck makes a fascinating discovery the ghostly beliefs of each culture across South Africa have had a profound impact on the supernatural beliefs of every other cultural group in the country over the past four centuries The result is the story of the South African ghost a unique and complex character that reflects a turbulent history and a harsh existence and sheds a fascinating light on the nature of supernatural experience throughout the world For instance what do the Flying Dutchman and the Uniondale Ghost have in common Why do the ghosts of so many of the country's fallen soldiers wander the earth seeking their forbidden lovers How do our religious beliefs affect the way we see ghosts How many ghosts of Daisy de Melker are really out there Arthur Goldstuck has some of the answers in a book that challenges much conventional thinking about the supernatural *100+ Mythical Creatures for Curious People* Luke Marsh,2023-09-08 Unleash your imagination and embark on a thrilling journey through the world of mythical creatures 100 Mythical Creatures for Curious People is a groundbreaking non fiction page turner that delves into the fascinating world of mythical beings Written by Luke Marsh a renowned mythologist and storyteller this book offers a comprehensive exploration of over a hundred mythical creatures from various cultures and periods that will ignite your curiosity and broaden your understanding of mythology In this captivating guide Luke Marsh draws on extensive research and a lifelong passion for mythology to provide detailed descriptions intriguing origins and cultural significance of each creature With 100 Mythical Creatures for Curious People readers will Gain a deep understanding of the rich tapestry of mythical beings Discover the enduring legacy of ancient European Asian African American Oceanic and hybrid mythical creatures Explore the role of mythical creatures in modern culture and media Unravel the major themes and findings in mythical narratives Understand the impact of mythical creatures on society and culture 100 Mythical Creatures for Curious People is perfect for mythology enthusiasts fantasy lovers and curious minds looking to delve into the enchanting world of mythical creatures With its detailed descriptions compelling storytelling and comprehensive coverage this book is a must read for anyone seeking to expand their knowledge and understanding of mythology Don't miss the opportunity to embark on a thrilling journey through the world of mythical creatures with the help of 100 Mythical Creatures for Curious People Order your copy today and start exploring the fascinating world of mythology **This Thing Called the Future** J.L. Powers,2011-04-12 AIDS and South Africa Khosi a 14 year old girl yearns for this thing called the future Does she want too much Using Storytelling to Support Children and Adults with Special Needs Nicola Grove,2013 This wide ranging book shows teachers and other educational professionals how to engage in highly creative approaches to the use of story which can be centred around myths and legends personal stories life stories or stories created by children themselves and highlights how storytelling can open new worlds for children with or without special educational needs *Rethinking the Anthropology of Magic and Witchcraft* Phillips Stevens, Jr.,2023-12-12 This book introduces students to the anthropology of magic and witchcraft terms widely used but with no widely accepted definitions It takes a new approach to this area within the anthropology of religion

demonstrating that the bases for these beliefs and alleged practices are inherent in human cognition and psychology even instinctual and likely rooted in our evolutionary biology It shows how magic and magical thinking are regular elements in people s daily lives and that understanding the components of the witchcraft complex offers surprisingly important insights into patterns of thinking and social behavior The book reviews the many meanings of magic and witchcraft and introduces the best anthropological meanings of the terms The components of these beliefs are timeless and universal this fact and recent advances in the brain sciences suggest that the principles of magic are derived from basic processes of human thinking and the attributes of the witch derive from neurobiologically based fears and fantasies The propensity for such beliefs probably had adaptive significance in the evolutionary development of the human species they are inherently human This book is intended to focus anew on the core concepts of magic witchcraft and the supernatural while also serving as an introduction to the anthropology of religion for undergraduate and graduate level courses **Song of the Starlings** T.M.

Women and Photography in Apartheid South Africa Marie Meyerding,2025-04-29 Tracing the lives and works of five women in four case studies author Marie Meyerding examines the representation of women in the field of photography in South Africa in the second half of the twentieth century All of them are critically understudied with no existing scholarship dedicated exclusively to their photographic contributions Focusing on the representation of women on two different levels as agents behind the camera and as subjects in photographs it showcases women photographers portraying their female contemporaries and analyses to what extent they adhered to or subverted common forms of gender representation In recuperating their forgotten archives the book argues that none of these women are marginal figures but rather that each of them played a leading role in the field of photography in their own time The book will be of interest to scholars working in art history history of photography gender studies intersectionality and African studies
