Tales Of A Korean Grandmother:

Tales of a Korean Grandmother Frances Carpenter, 2011-12-20 This multicultural children's book presents classic Korean fairy tales and other folk stories providing a delightful look into a rich literary culture. The Korean people possess a folklore tradition as colorful and captivating as any in the world, but the stories themselves still are not as well known to Western readers as those from The Brothers Grimm, Mother Goose, or Hans Christian Andersen. In her best-selling book for young readers, Frances Carpenter collects thirty-two classic Korean children's stories from the Land of the Morning Calm: the woodcutter and the old men of the mountain, the puppy who saved his village from a tiger, the singing girl who danced the Japanese general into the deep river, Why the dog and cat are not friends, and even a more familiar tale of the clever rabbit who outsmarted the tortoise. The children of the Kim family sit at their beloved Grandmother's knee to listen to these and other traditional folk tales which are rooted in thousands of years of Korean culture.

KOREAN GRANDMA, THE GREAT STORY TELLER Ced Choi, 2023-04-04 Korean traditional fairy tales have been passed down from generation to generation through people's mouths based on myths or legends. Grandmothers and grandfathers told their sons and grandsons old stories, and those stories were passed down to their descendants once again. Traditional fairy tales have evolved into new stories by combining the speaker's experiences and other stories. This is the charm of traditional fairy tales. In the past, when there were no books, TV, internet, or YouTube, grandparents were great storytellers. When they told stories to their grandchildren at night, the children immersed themselves in a world of fantasy. They played with their imagination between reality and unreality. Before going to bed, the stories made them feel like they were the protagonists in the fairy tales. Fairy tales became the source of children's imagination and a beacon that awakened the true nature of humans. By looking at children with curious eyes while telling stories, anyone can become a great storyteller like Korean grandmas. We will continue to publish a series of books that combine 7 Korean folktales.

Chicorel Index to Short Stories in Anthologies and Collections, 1975
Myths and Legends from Korea James H. Grayson, 2012-12-06 This book contains 175 tales drawn equally from the ancient and modern periods of Korea, plus 16 further tales provided for comparative purposes. Nothing else on this scale or depth is available in any western language. Three broad classes of material are included: foundation myths of ancient states and clans, ancient folktales and legends, modern folktales. Each narrative contains information on its source and provenance and on its folklore type similarities to folklore types from China, Japan, and elsewhere.

In the Words of the Winners Association for Library Service to Children, 2011 An exclusive collection of 20 acceptance speeches by winners of the most respected prizes in children's literature.
