Tales Of Heichu:

Tales of Heichū Susan Downing Videen, 2020-05-11 In this book Susan traces the vicissitudes of Heichu s literary history She translates the complete Heian Tales of Heichu along with the subsequent setdsuwa stories fabliaux and modern The Novel: An Alternative History Steven Moore, 2013-09-17 Encyclopedic in scope and fiction in which he appears heroically audacious The Novel An Alternative History is the first attempt in over a century to tell the complete story of our most popular literary form Contrary to conventional wisdom the novel did not originate in 18th century England nor even with Don Quixote but is coeval with civilization itself After a pugnacious introduction in which Moore defends innovative demanding novelists against their conservative critics the book relaxes into a world tour of the pre modern novel beginning in ancient Egypt and ending in 16th century China with many exotic ports of call Greek romances Roman satires medieval Sanskrit novels narrated by parrots Byzantine erotic thrillers 5000 page Arabian adventure novels Icelandic sagas delicate Persian novels in verse Japanese war stories even Mayan graphic novels Throughout Moore celebrates the innovators in fiction tracing a continuum between these pre modern experimentalists and their postmodern progeny Irreverent iconoclastic informative entertaining The Novel An Alternative History is a landmark in literary criticism that will encourage readers to rethink the novel <u>Traditional Japanese Literature</u> Haruo Shirane, 2012-09-25 Haruo Shirane s critically acclaimed Traditional Japanese Literature An Anthology Beginnings to 1600 contains key examples of both high and low styles of poetry drama prose fiction and essays For this abridged edition Shirane retains substantial excerpts from such masterworks as The Tale of Genji The Tales of the Heike The Pillow Book the Man yoshu and the Kokinshu He preserves his comprehensive survey of secular and religious anecdotes setsuwa as well as classical poems with extensive commentary He features no drama selections from influential war epics and notable essays on poetry fiction history and religion Texts are interwoven to bring into focus common themes styles and allusions while inviting comparison and debate The result is a rich encounter with ancient and medieval Japanese culture and history Each text and genre is enhanced by extensive introductions that provide sociopolitical and cultural context The anthology is organized by period genre and topic an instructor friendly structure and a comprehensive bibliography guides readers toward further study Praise for Traditional Japanese Literature An Anthology Beginnings to 1600 Haruo Shirane has done a splendid job at this herculean task Joshua Mostow University of British Columbia A comprehensive and innovative anthology All of the introductions are excellent Journal of Asian Studies One of those impressive erudite must have titles for anyone interested in Asian literature Bloomsbury Review An anthology that comprises superb translations of an exceptionally wide range of texts Highly recommended Choice A wealth of material Monumenta Nipponica Figures of Resistance Richard H. Okada, 1991-10-18 In this revisionist study of texts from the mid Heian period in Japan H Richard Okada offers new readings of three well known tales The Tale of the Bamboo cutter The Tale of Ise and The Tale of Genji Okada contends that the cultural and gendered

significance of these works has been distorted by previous commentaries and translations belonging to the larger patriarchal and colonialist discourse of Western civilization He goes on to suggest that this universalist discourse which silences the feminine aspects of these texts and subsumes their writing in misapplied Western canonical literary terms is sanctioned and maintained by the discipline of Japanese literature Okada develops a highly original and sophisticated reading strategy that demonstrates how readers might understand texts belonging to a different time and place without being complicit in their assimilation to categories derived from Western literary traditions The author's reading stratgey is based on the texts own resistance to modes of analysis that employ such Western canonical terms as novel lyric and third person narrative Emphasis is also given to the distinctive cultural circles as well as socio political and genealogical circumstances that surrounded the emergence of the texts Indispensable readings for specialists in literature cultural studies and Japanese literature and history Figures of Resistance will also appeal to general readers interested in the problems and complexities of studying another culture The Secret Window Anthony Hood Chambers, 1994-07-01 At the time of his death in 1965 at the age of 79 Tanizaki Jun ichiro had been writing fiction plays essays poems and translations almost without interruption for more than fifty five years In this series of meditations on seven of Tanizaki s novels and novellas the renowned translator Anthony Chambers focuses on the thread of fantasy that Tanizaki weaves throughout his work He examines Tanizaki s subtle use of storytelling devices to evoke his characters alternate sense of reality and to encourage the reader's participation in their fantasies Employing his intimate knowledge of Tanizaki s works Chambers superbly evokes the beauty and truth Tanizaki s characters find in their ideal worlds **Chanovu Quarterly**, 1991 A journal devoted to the Japanese tea ceremony and the arts of Japan Transactions of the Asiatic Society of Japan Asiatic Society of Japan, 1995 **Iapanese Tales** Royall Tyler, 2012-08-22 Two hundred and twenty tales from medieval Japan tales that welcome us into a fabulous faraway world populated by saints scoundrels ghosts magical healers and a vast assortment of deities and demons Stories of miracles visions of hell jokes fables and legends these tales reflect the Japanese civilization They ably balance the lyrical and the dramatic the ribald and the profound offering a window into a long vanished culture With black and white illustrations throughout Part of the Pantheon Fairy Tale and Folklore Library

Steps of Perfection Donald S. Sutton, 2020-03-23 Despite Taiwan s rise as an economic force in the world modernity has not led to a Weberian process of disenchantment or curbed religiosity To the contrary other factors social economic political have stimulated religion How and why this has happened are central issues in this book One part of Taiwan s flourishing religious culture is the elaborate and colorful procession of local gods accompanied by troupes of musicians and dancers Among them are performers with outlandishly painted faces portraying underworld generals who serve the gods and punish

the living Through their performances these troupes claim to exorcise harmful forces from the community In conducting fieldwork among these troupes Donald Sutton confronted their claims to a long history when all evidence indicated that the troupes had been insignificant until the 1970s and their assertions of devotion to tradition given the diversity of performances Concentrating on the stylistic variations in performances the author describes the troupes as organizations shaped by the market forces of supply and demand in the culture of religious festivals By focusing on performances as the nexus of market and art he shows how bodily performance is the site where religious statements are made and the power of the gods made visible **Kodansha Encyclopedia of Japan** ,1983 **Tales of Times Now Past** Marian Ury,1979
