means that over time motion pictures have had an undeniable impact on the beliefs lifestyles and action of Americans This study contributes to the debate over the role and influence of those who create and distribute the products of mass culture in the United States The book also contains a devastating critique of the poststructuralist theories that currently dominate academic film criticism demonstrating how they fail in their attempt to explain the political significance of motion pictures

**Happened?** Art Linson,2002 Wickedly funny It s the best users manual to Hollywood I know Peter Biskinu      Growing Up Hollywood Rocky Lang,2014      *The Defiant One* Aubrey Malone,2013-09-21 This new biography contains excerpts from

interviews and articles by and about Curtis all the way from his teens in the Bronx to his death at 85 in 2010. Many of these are little known and provide insights into his complex relationship with fame, family, and females, the three obsessions of his life. The book also documents his many struggles with substance abuse, his disenchantment with Hollywood when it failed to take him seriously, the violent deaths of his two brothers, the failure of four of his marriages, a heart attack, the death of a son from a drug overdose, and most importantly, the manner in which his resilient spirit saw him through these challenges and tragedies. It's a revisionist biography which adds significantly to the received wisdom on his life and times, not only through personal interviews but also revelations from two recent books not yet available in English: one written by his daughter Allegra and the other by his ex-wife Christine Kaufmann.
