Talk of the Devil Riccardo Orizio, 2003 Encounters with Amin Bokassa Menghistu Hoxha Duvalier Milosevic and Jaruzelski Essays of extraordinary insight into some of the most evil leaders of our times **Talk of the Devil** Riccardo Orizio, 2003 Orizio looks at seven dictators Idi Amin of Uganda Jean Bedel Bokassa of Central Africa Enver Hoxha of Albania Jean Claude Baby Doc Duvalier of Haiti Colonel Mengistu Haile Mariam of Ethiopia Slobodan Milosevic of Yugoslavia and General Wojciech Jaruzelski of Poland The World's Ten Most Evil Men - From Twisted Dictators to Child Killers Nigel Cawthorne, 2009-05-04 In this hard hitting collection acclaimed author Nigel Cawthorne examines ten of the most sickeningly twisted men who are still alive today Some of them like serial killer Dennis Nilsen and cult leader Charles Manson are thankfully behind bars Others including the world s most wanted terrorist Osama bin Laden are still at large Unbelievably one of them Robert Mugabe is still clinging to the reins of power and continues to inflict suffering and economic mayhem on the desperate people of Zimbabwe Inside this book is the gut twisting story of Charles Taylor the blood soaked African general who has recruited thousands of child soldiers and one of the most shocking cases of recent years that of Josef Fritzl the Austrian man who imprisoned and sexually abused his own daughter for almost a quarter of a century This collection is a terrifying reminder that monsters really do exist Dictatorships Hal Marcovitz, 2011-01-01 Introduces dictatorships discussing the social political economic religious and cultural effects and examining the efforts of various nations to move beyond dictatorships **Handbook of Psychobiography** William Todd Schultz, 2005-07-07 Brings together the world s leading psychobiographers writing on many of the major figures of our age from Osama Bin Laden to Elvis Presley This book addresses the subject of how to construct a psychobiography It provides useful definitions of good and bad psychobiography and discusses an optimal structure for psychobiographical essays Mother Teresa Gezim Alphon, 2006-10-16 Mother Teresa was one of the most written about and publicised women in modern times Apart from Pope John Paul II she was arguably the most advertised religious celebrity in the last quarter of the twentieth century During her lifetime as well as posthumously Mother Teresa continues to generate a huge level of interest and heated debate G zim Alphon explores the significance of Mother Teresa to the mass media to celebrity culture to the Church and to various political groups A section explores the ways different vested interests have sought to appropriate her after her death and also examines Mother Teresa s own attitude to her childhood and to the Balkan conflicts in the 1980s and 1990s This book sheds a new and fascinating light upon this remarkable and influential woman which will intrigue followers of Mother Teresa and those who study the vagaries of stardom and celebrity culture **Religion and Human Security in Africa** Ezra Chitando, Joram Tarusarira, 2019-01-23 Across diverse countries and contexts in Africa religion has direct implications for human security While some individuals and groups seek to manipulate and control through the deployment of religion religious belief is also a common facet of those working towards peace and reconciliation Despite the strategic importance of religion to human security in Africa there are

few contemporary publications that explore this issue on an international scale This volume redresses that imbalance by examining religion's impact on human security across Africa Written by an international team of contributors this book looks in detail at the intersection of religion and security in a variety of African contexts Case studies from a diverse set of countries including Nigeria Ghana South Africa Burkina Faso and more are used to illustrate wider trends across the continent Acknowledging that religion can be used to incite violence as well as encourage peace the chapters employ an interdisciplinary exploration of the ethics sociology and politics around these issues This is much needed volume on religion's capacity to effect human security It will therefore be of significant interest to any scholar of religious studies African studies political science the sociology of religion and anthropology as well as peace conflict and reconciliation studies **After**

**Such Knowledge** Eva Hoffman, 2011-08-02 As the Holocaust recedes in time the guardianship of its legacy is being passed on from its survivors and witnesses to the next generation How should they in turn convey its knowledge to others What are the effects of a traumatic past on its inheritors And what are the second generation's responsibilities to its received memories In this meditation on the long aftermath of atrocity Eva Hoffman a child of Polish Jews who survived the Holocaust with the help of neighbors but whose entire families perished probes these questions through personal reflections and through broader explorations of the historical psychological and moral implications of the second generation experience She examines the subterranean processes through which private memories of suffering are transmitted and the more willful stratagems of collective memory She traces the second generation's trajectory from childhood intimations of horror through its struggles between allegiance and autonomy and its complex transactions with children of perpetrators As she guides us through the poignant juncture at which living memory must be relinquished she asks what insights can be carried from the past to the newly problematic present and urges us to transform potent family stories into a fully informed understanding of a forbidding history War in the Balkans

Richard C. Hall, 2014-10-09 This authoritative reference follows the history of conflicts in the Balkan Peninsula from the 19th century through the present day The Balkan Peninsula which consists of Albania Bulgaria Romania Moldova and the former Yugoslavia resides in the southeastern part of the European continent Its strategic location as well as its long and bloody history of conflict have helped to define the Balkans role in global affairs This singular reference focuses on the events individuals organizations and ideas that have made this region an international player and shaped warfare there for hundreds of years Historian and author Richard C Hall traces the sociopolitical history of the area starting with the early internal conflicts as the Balkan states attempted to break away from the Ottoman Empire to the assassination of Archduke Franz Ferdinand that ignited World War I to the Yugoslav Wars that erupted in the 1990s and the subsequent war crimes still being investigated today Additional coverage focuses on how these countries continue to play an important role in global affairs and international politics *In Idi Amin's Shadow* Alicia C. Decker, 2014-11-15 In Idi Amin's Shadow is a rich social history examining Ugandan women's complex and sometimes paradoxical relationship to Amin

s military state Based on more than one hundred interviews with women who survived the regime as well as a wide range of primary sources this book reveals how the violence of Amin s militarism resulted in both opportunities and challenges for women Some assumed positions of political power or became successful entrepreneurs while others endured sexual assault or experienced the trauma of watching their brothers husbands or sons disappeared by the state s security forces In Idi Amin s Shadow considers the crucial ways that gender informed and was informed by the ideology and practice of militarism in this period By exploring this relationship Alicia C Decker offers a nuanced interpretation of Amin s Uganda and the lives of the women who experienced and survived its violence Each chapter begins with the story of one woman whose experience illuminates some larger theme of the book In this way it becomes clear that the politics of military rule were highly relevant to women and gender relations just as the politics of gender were central to militarism By drawing upon critical security studies feminist studies and violence studies Decker demonstrates that Amin s dictatorship was far more complex and his rule much more strategic than most observers have ever imagined **The Worst of the Worst** William N.

Spencer,2021-12-01 A look back at some of the worst despotic tyrants in our world s history Perhaps by reading about their great egotistical mistakes we can prevent abominable history from repeating itself **Classical Theorists in the Social**

by going against the crowd Collectively people think and act in ways that are different from how they think and act as individuals Understanding these differences says William Bill Bonner a longtime maverick observer of the financial world and the vagaries of the investing public is vital to preserving your wealth and personal dignity From the witch hunts of the early modern world to the war on terror from dot com mania to the real estate bubble people have always been caught up in frauds conceits and wild guesses often with devastating results In Mobs Messiahs and Markets Bonner and coauthor Lila Rajiva show groupthink at work in an improbable array of instances throughout history and reveal why swimming against the

current pays Shares the deeper secrets of investing and pushes you to question what this means for your financial well being Explains why people so often abandon good sense and good behavior to follow the crowd Offers concrete advice on how you can avoid the public spectacle of modern finance The authors cautionary tale of bubble economies reveals how the gush of credit let loose by Alan Greenspan has wreaked havoc on our lives but their thoughtful and always entertaining approach also offers some sound investing principles for avoiding the pitfalls of the public spectacle thinking for yourself and protecting your money your sanity and your soul

*Behind the Killing Fields* Gina Chon,Sambath Thet,2011-06-03 In recent history atrocities have often been committed in the name of lofty ideals One of the most disturbing examples took place in Cambodia s Killing Fields where tens of thousands of victims were executed and hastily disposed of by Khmer Rouge cadres Nearly thirty years after these bloody purges two journalists entered the jungles of Cambodia to uncover secrets still buried there Based on more than 1 000 hours of interviews with the top surviving Khmer Rouge leader Nuon Chea Behind the Killing Fields follows the journey of a man who began as a dedicated freedom fighter and wound up accused of crimes against humanity Known as Brother Number 2 Chea was Pol Pot s top lieutenant He is now in prison facing prosecution in a United Nations Cambodian tribunal for his actions during the Khmer Rouge rule when more than two million Cambodians died The book traces how the seeds of the Killing Fields were sown and what led one man to believe that mass killing was necessary for the greater good Coauthor Sambath Thet a Khmer Rouge survivor shares his personal perspectives on the murderous regime and how some victims have managed to rebuild their lives The stories of Nuon Chea and Sambath Thet collide when the two meet While Thet holds Chea responsible for the death of his parents and brother he strives for understanding over revenge in order to reveal the forces that destroyed his homeland in the name of creating utopia In this age of suicide bombers and terror alerts the world is still at a loss to comprehend the violence of zealots Behind the Killing Fields bravely confronts this challenge in an exclusive portrait of one man s political madness and another s personal wisdom

**Paris and the Marginalized Author** Valérie K. Orlando,Pamela A. Pears,2018-10-15 This volume of essays explores what it is that has brought marginalized and often exiled writers seen as treacherous alienated and or queer by their societies and nations together by way of Paris Spanning from the inter war period of the late 1920s to the

present millennium this volume considers many seminal questions that have influenced and continue to shape the realm of exiled writers who have sought refuge in Paris in order to write Additionally the volume s essays seek to define alienation and marginalization as not solely subscribing to any single denominator sexual preference gender or nationality but rather as shared modes of being that allow authors to explore what it is to write from abroad in a place that is foreign yet freed of the constrictions of one s home space What makes Paris a particularly fruitful space that has allowed these authors and their writings to cross national ethnic racial religious and linguistic boundaries for over a century What is it that brings together writers such as Moroccan Abdellah Ta a Americans James Baldwin Richard Wright and most recently Ta Nehisi Coates and Shay Youngblood Algerian Nabile Far s Franco Algerian Leila Sebbar Canadian Nancy Huston French Jean Genet and French Vietnamese Linda L How do their representations and understanding of transgression and marginalization transcend national linguistic and ethnic boundaries leading ultimately to revolution both literary and literal How does their writing help us to trace the history of Paris as a literary and artistic capital that has been useful for authors exploration of the Self race and home country These are but a few of the many questions explored in this volume This book relies on an inherently intersectional approach which is not based in reified identities whether they be LGBT postcolonial ethnic national or linguistic Instead we posit that for example queer theory and a politics of difference i can help us investigate the dynamics of these multiple identity positions and hence provide a broader understanding of the lived experiences of these writers and perhaps their readers from the early 1940s to the present
