Talk To Me Opening Up Your Silent Man:

We Have To Talk Samuel Shem, Janet Surrey, Stephen Bergman, 1999-04-23 We have to talk For many men these are the four worst words in the English language especially when they're uttered by a female partner But it doesn't have to be that way argue Samuel Shem and Janet Surrey in their pathbreaking and practical new book *Male relational dread* that all too familiar reaction set off by women's relational yearnings can be tamed and in its place can emerge true satisfaction for men and women To demonstrate how this is done Shem and Surrey take us behind the scenes of their popular workshops We hear couples speak intimately about anger guilt resentment shame and sex We watch them wrestle collectively with the gender divide in their relationships the deep disconnects or impasses that reflect the vastly different developmental paths men and women have traveled We see couples learn to bridge the poles of dread and yearning to emerge from isolation into mutuality We witness their moments of sadness humor and ultimately discovery Filled with moving stories of real people struggling with real problems *We Have to Talk* shatters the rules and offers dramatic proof that men and women are not from different planets after all It is certain to be seen as the relationship book for the new millennium

A Perverse Romance: a Tourist Dance to Art and Satirical Provocation Pru La Motte, 2019-06-17 *A Perverse Romance* is a satirical tale of artist Hephzibah Brown who is persuaded by Cedric the Imp of Perversity to follow him to the recently independent Ghana following with the temptation that they will compose a tourist book for him to write and for her to illustrate She does follow but knowing his unreliability she changes it to a book about tourists one a pragmatist and the other an idealist And more than this her tourists will be women The novel becomes an examination of real life being a form of transience How I use satire Satire is the uncomfortable life of being disturbed but draws to our notice the human capacity of doubling our subjective thinking This is a philosophical impact which philosopher Thomas Nagel brought to my attention in mind and cosmos materialism Subtracts from the physical world as its major object is everything mental consciousness meaning intention or purpose It is the absence known but ignored too hard Subjectivity becomes fictive but remains to challenge through satire
