Talk Me Into It:

In Your Face Lia Mills, 2008-05-01 In early 2006 Lia Mills went to the dentist worried about a painful lump in her cheek In Your Face is her account of what happened next a diagnosis of oral cancer surgery to remove the tumour and reconstruct her jaw a broken leg that came about as a result of a bone graft and that went undiagnosed for several weeks radiotherapy and resulting illness and finally recovery Based on the journals she kept even when she was feeling her worst In Your Face gives an extraordinary day by day account of what Lia went through It also observes more beauty and comedy in the world than most of us notice even when we re feeling our best It is not so much a book about cancer as a book about life It should be read by anyone who wants to understand illness and recovery fear and hope and love A life changing book for me Anne Enright winner of the Man Booker Prize 2007 The bravery and love and zest for experience displayed by Lia Mills and encountered by her in the darkest depths of her illness make this exceptional book a gift of life Nuala O Faolain An uplifting story of survival Irish Independent
