

Talk Radio And The American Dream

Wayne Munson

Talk Radio And The American Dream:

Talk Radio and the American Dream Murray Burton Levin, 1987 Radio Reader Michele Hilmes, Jason Loviglio, 2002
First Published in 2002 Routledge is an imprint of Taylor Francis an informa company Talk Radio's America Brian Rosenwald, 2019-08-13 The cocreator of the Washington Post's Made by History blog reveals how the rise of conservative talk radio gave us a Republican Party incapable of governing and paved the way for Donald Trump America's long road to the Trump presidency began on August 1 1988 when desperate for content to save AM radio top media executives stumbled on a new format that would turn the political world upside down They little imagined that in the coming years their brainchild would polarize the country and make it nearly impossible to govern Rush Limbaugh an enormously talented former disc jockey opinionated brash and unapologetically conservative pioneered a pathbreaking infotainment program that captured the hearts of an audience no media executive knew existed Limbaugh's listeners yearned for a champion to punch back against those maligning their values Within a decade this format would grow from fifty nine stations to over one thousand keeping millions of Americans company as they commuted worked and shouted back at their radios The concept pioneered by Limbaugh was quickly copied by cable news and digital media Radio hosts form a deep bond with their audience which gives them enormous political power Unlike elected representatives however they must entertain their audience or watch their ratings fall Talk radio boosted the Republican agenda in the 1990s but two decades later escalation in the battle for the airwaves pushed hosts toward ever more conservative outrageous and hyperbolic content Donald Trump borrowed conservative radio hosts playbook and gave Republican base voters the kind of pugnacious candidate they had been demanding for decades By 2016 a political force no one intended to create had completely transformed American politics

The Hidden History of the American Dream Thom Hartmann, 2024-10-08 America's most popular progressive radio host and New York Times bestselling author explores the fall of the American Dream and the steps we can take to bring it back The widening wealth gap is all too familiar to many Millennials and GenZers especially when home ownership and the lack of debt seem like faraway fantasies And it's no surprise when they only hold about 4.6% of the country's wealth while Boomers held 22% at around the same age So what happened to the promise of the American Dream In this new final entry of his celebrated Hidden History Series Thom Hartmann uncovers the rise of the American middle class through the progressive policies of FDR through to its downfall with the increasing privatization and economic deregulations of the Reagan era He also explores potential solutions including Wealth and inheritance taxes to lessen economic inequality Supporting unions through increasing labor rights Renationalizing public spaces and transportation The American Dream often remains just a dream for many but this book highlights what needs to be done to take it back and help make it a reality for us all

Baseball and the American Dream Robert Elias, 2016-04-15 A fascinating look at how America's favorite sport has both reflected and shaped social economic and **A Companion to the History of American Broadcasting** Aniko

Bodroghkozy, 2018-10-02 Presented in a single volume this engaging review reflects on the scholarship and the historical development of American broadcasting A Companion to the History of American Broadcasting comprehensively evaluates the vibrant history of American radio and television and reveals broadcasting's influence on American history in the twentieth and twenty-first centuries With contributions from leading scholars on the topic this wide-ranging anthology explores the impact of broadcasting on American culture politics and society from an historical perspective as well as the effect on our economic and social structures The text's original and accessibly written essays offer explorations on a wealth of topics including the production of broadcast media the evolution of various television and radio genres the development of the broadcast ratings system the rise of Spanish language broadcasting in the United States broadcast activism African Americans and broadcasting 1950s television and much more This essential resource Presents a scholarly overview of the history of radio and television broadcasting and its influence on contemporary American history Contains original essays from leading academics in the field Examines the role of radio in the television era Discusses the evolution of regulations in radio and television Offers insight into the cultural influence of radio and television Analyzes canonical texts that helped shape the field Written for students and scholars of media studies and twentieth-century history A Companion to the History of American Broadcasting is an essential and field-defining guide to the history and historiography of American broadcasting and its many cultural societal and political impacts

The Biographical Encyclopedia of American Radio Christopher H. Sterling, Cary O'Dell, 2013-05-13 The Biographical Encyclopedia of American Radio presents the very best biographies of the internationally acclaimed three-volume Encyclopedia of Radio in a single volume It includes more than 200 biographical entries on the most important and influential American radio personalities writers producers directors newscasters and network executives With 23 new biographies and updated entries throughout this volume covers key figures from radio's past and present including Glenn Beck Jessie Blayton Fred Friendly Arthur Godfrey Bob Hope Don Imus Rush Limbaugh Ryan Seacrest Laura Schlesinger Red Skelton Nina Totenberg Walter Winchell and many more Scholarly but accessible this encyclopedia provides an unrivaled guide to the voices behind radio for students and general readers alike *All Talk*

Wayne Munson, 2010-06-29 The postmodern phenomenon of the talkshow and its place in American culture **Asymmetric Politics** Matt Grossmann, David A. Hopkins, 2016-08-10 Why do Republican politicians promise to rein in government only to face repeated rebellions from Republican voters and media critics for betraying their principles Why do Democratic politicians propose an array of different policies to match the diversity of their supporters only to become mired in stark demographic divisions over issue priorities In short why do the two parties act so differently whether in the electorate on the campaign trail or in public office Asymmetric Politics offers a comprehensive explanation The Republican Party is the vehicle of an ideological movement while the Democratic Party is a coalition of social groups Republican leaders prize conservatism and attract support by pledging loyalty to broad values Democratic leaders instead seek concrete government action

appealing to voters group identities and interests by endorsing specific policies This fresh and comprehensive investigation reveals how Democrats and Republicans think differently about politics rely on distinct sources of information argue past one another and pursue divergent goals in government It provides a rigorous new understanding of contemporary polarization and governing dysfunction while demonstrating how longstanding features of American politics and public policy reflect our asymmetric party system

Radio - The Forgotten Medium Edward C. Pease, Everette E. Dennis, 2018-04-24 Although television is now dominant radio surprisingly remains a medium of unparalleled power and importance Worldwide it continues to be the communications vehicle with the greatest outreach and impact Every indicator economic demographic social and democratic suggests that far from fading away radio is returning to our consciousness and back into the cultural mainstream Marilyn J Matelski reviews radio's glory days arguing that the glory is not all in the past B Eric Rhoads continues Matelski's thoughts by explaining how and why radio has kept its vitality The political history of radio is reviewed by Michael X Delli Carpini while David Bartlett shows how one of radio's prime functions has been to serve the public in time of disaster Other contributors discuss radio as a cultural expression the global airwaves and the economic regulatory social and technological structures of radio Collectively the contributors provide an intriguing study into the rich history of radio and its impact on many areas of society It provides a wealth of information for historians sociologists and communications and media scholars Above all it helps explain how media intersect change focus but still manage to survive and grow in a commercial environment

Methods of Historical Analysis in Electronic Media Donald G. Godfrey, 2006-08-15 *Methods of Historical Analysis in Electronic Media* provides a foundation for historical research in electronic media by addressing the literature and the methods traditional and the eclectic methods of scholarship as applied to electronic media It is about history broadcast electronic media history and history that has been broadcast and also about the historiography research written and the research yet to be written Divided into five parts this book addresses the challenges in the application of the historical methods to broadcast history reviews the various methods appropriate for electronic media research based on the nature of the object under study suggests new approaches to popular historical topics takes a broad topical look at history in broadcasting and provides a broad overview of what has been accomplished a historian's challenges and future research Intended for students and researchers in broadcast history *Methods of Historical Analysis in Electronic Media* provides an understanding of the qualitative methodological tools necessary for the study of electronic media history and illustrates how to find primary sources for electronic media research

Listening In Susan J. Douglas, 2013-11-30 Few inventions evoke such nostalgia such deeply personal and vivid memories as radio from Amos n Andy and Edward R Murrow to Wolfman Jack and Howard Stern *Listening In* is the first in depth history of how radio culture and content have kneaded and expanded the American psyche But *Listening In* is more than a history It is also a reconsideration of what listening to radio has done to American culture in the twentieth century and how it has brought a completely new auditory dimension to our lives Susan

Douglas explores how listening has altered our day to day experiences and our own generational identities cultivating different modes of listening in different eras how radio has shaped our views of race gender roles ethnic barriers family dynamics leadership and the generation gap With her trademark wit Douglas has created an eminently readable cultural history of radio *Encyclopedia of Radio 3-Volume Set* Christopher H. Sterling, 2004-03 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio s technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined **When the Clock Broke** John Ganz, 2024-06-18 ONE OF THE WASHINGTON POST S TEN BEST BOOKS OF 2024 One of The New York Times s 100 Notable Books of 2024 Longlisted for the National Book Critics Circle Award AN INSTANT NEW YORK TIMES BESTSELLER National Indie Bestseller A Barack Obama summer reading pick One of Publishers Weekly s ten best books of 2024 Terrific Vibrant When the Clock Broke is one of those rarest of books unflaggingly entertaining while never losing sight of its moral core Jennifer Szalai The New York Times Editors Choice John Ganz is a fantastic writer When the Clock Broke is phenomenal truly truly great Chris Hayes Why Is This Happening podcast When the Clock Broke is leagues more insightful on the subject of Trump s ascent than most writing that purports to address the issue directly Becca Rothfeld The Washington Post A revelatory look back at the convulsions at the end of the Reagan era and their dark legacy today With the Soviet Union extinct Saddam Hussein defeated and U S power at its zenith the early 1990s promised a kinder gentler America Instead it was a period of rising anger and domestic turmoil anticipating the polarization and resurgent extremism we know today In When the Clock Broke the acclaimed political writer John Ganz tells the story of America s late century discontents Ranging from upheavals in Crown Heights and Los Angeles to the advent of David Duke and the heartland survivalists the broadcasts of Rush Limbaugh and the bitter disputes between neoconservatives and the paleo con right Ganz immerses us in a time when what Philip Roth called the indigenous American berserk took new and ever wilder forms In the 1992 campaign Pat Buchanan s and Ross Perot s insurgent populist bids upended the political establishment all while Americans struggled through recession alarm about racial and social change the specter of a new power in Asia and the end of Cold War era political norms Conspiracy theories surged and intellectuals and activists strove to understand the Middle American Radicals whose alienation fueled new causes Meanwhile Bill Clinton appeared to forge a new vital center though it would not hold for long In a rollicking eye opening book Ganz narrates the fall of the Reagan order and the rise of a new and more turbulent America *The Routledge Companion to Radio and Podcast Studies* Mia Lindgren, Jason Loviglio, 2022-06-15 This comprehensive companion is a much needed reference source for the expanding field of radio audio and podcast study taking

readers through a diverse range of essays examining the core questions and key debates surrounding radio practices technologies industries policies resources histories and relationships with audiences Drawing together original essays from well established and emerging scholars to conceptualize this multidisciplinary field this book s global perspective acknowledges radio s enduring affinity with the local historical relationship to the national and its unpredictably transnational reach In its capacious understanding of what constitutes radio this collection also recognizes the latent time and space shifting possibilities of radio broadcasting and of the myriad ways for audio to come to us live Chapters on terrestrial radio mingle with studies of podcasts and streaming audio emphasizing continuities and innovations in form and content delivery and reception production cultures and aesthetics reminding us that neither radio nor podcasting should be approached as static objects of analysis but rather as mutually constituting cultural forms This cutting edge and vibrant companion provides a rich resource for scholars and students of history art theory industry studies journalism media and communication cultural studies feminist analysis and postcolonial studies Chapter 42 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Telecommunications Update , Active Radio Jeff Land,1999 In a searing critique of the War on Drugs and other attempts to eradicate getting high Lenson ventures outside the conventional genres of drug writing and looks at the drug debate from a lost and often forbidden point of view the user s Walking a fine line between the antidrug hysteria prevalent in our culture and an uncritical advocacy of drug use he describes in provocative detail the experiences and dynamics of drugs of pleasure and desire

Radio in the Global Age David Hendy,2013-04-24 Radio in the Global Age offers a fresh up to date and wide ranging introduction to the role of radio in contemporary society It places radio for the first time in a global context and pays special attention to the impact of the Internet digitalization and globalization on the political economy of radio It also provides a new emphasis on the links between music and radio the impact of formatting and the broader cultural roles the medium plays in constructing identities and nurturing musical tastes Individual chapters explore the changing structures of the radio industry the way programmes are produced the act of listening and the construction of audiences the different meanings attached to programmes and the cultural impact of radio across the globe David Hendy portrays a medium of extraordinary contradictions a cheap and accessible means of communication but also one increasingly dominated by rigid formats and multinational companies a highly intimate medium but one capable of building large communities of listeners scattered across huge spaces a force for nourishing regional identity but also a pervasive broadcaster of globalized music products a stimulus to the imagination but a purveyor of the banal and of the routine Drawing on recent research from as far afield as Africa Australasia and Latin America as well as from the UK and US the book aims to explore and to explain these paradoxes and in the process to offer an imaginative reworking of Marshall McLuhan s famous dictum that radio is one of the world s hot media Radio in the Global Age is an invaluable text for

undergraduates and researchers in media studies communication studies journalism cultural studies and musicology It will also be of interest to practitioners and policy makers in the radio industry *The Oxford Handbook of Radio and Podcasting* Michele Hilmes, Andrew Bottomley, 2024 Radio today remains the most accessible and widely available communication medium worldwide despite technological shifts and a host of upstart challengers Since its origins in the 1920s radio has innovated a new world of sound culture now expanded into the digital realm of podcasting that is enabling the medium to reach larger audiences than ever before Yet radio remains one of the least studied of the major areas of communication arts due largely to its broadcast era ephemerality With the advent of digital technology radio's past has been unlocked and soundwork is exploding as a creative field creating a lively and diverse sonic present while simultaneously making critical historical analysis possible at last This volume offers newly commissioned chapters giving readers a wide ranging view of current critical work in the fields of radio and podcasting employing specific case studies to analyze sound media's engagement with the arts with the factual world of news talk and documentary programming as a primary means of forging community along with national transnational and alternative identities and as a subject of academic and critical research Its historical scope extends from radio's earliest days through its mid twentieth century decades as the powerful voice of nations and empires onto its transformation into a secondary medium during the television era and into the expanding digital present Over the course of 37 chapters it provides evidence of the sound media's flexibility and adaptation across diverse cultures by examining radio's past and present uses in regions including the United States Canada Britain Australia Poland China Korea Kenya Angola and Mozambique South Asia and the Caribbean Contributors include historians and media scholars as well as sound artists and radio podcast producers Notably companion links to digital quotations from works analyzed are included in many chapters along with chapter audiographies offering links to further listening Throughout *The Oxford Handbook of Radio and Podcasting* connects radio's broadcast past to its digital present and traces themes of creativity identity community nation and transnationality across more than a century of audio media **Stay Tuned** Christopher Sterling, John Michael Kittross, 2001-11-01 Since its initial publication in 1978 *Stay Tuned* has been recognized as the most comprehensive and useful single volume history of American broadcasting and electronic media available This third edition has been thoroughly revised and updated to bring the story of American broadcasting forward to the 21st century affording readers not only the history of the most important and pervasive institution affecting our society but also providing a contextual transition to the Internet and other modern media The enthusiasm of authors Christopher H Sterling and John Michael Kittross is apparent as they lead readers through the development of American electronic mass media from the first electrical communication telegraph and telephone through radio and television to the present convergence of media business entities programming and delivery systems including the Internet Their presentation is engaging as well as informative promoting an interest in history and making the connections between the developments of yesterday and the industry of today Features of

this third edition include chronological and topical tables of contents new material reflecting modern research in the field a new chapter describing historical developments from 1988 through to the current day an expanded bibliography including Web site and museum listings an updated and expanded glossary and chronology and extensive statistical data of the development of television and radio stations networks advertising programming audiences and other aspects of broadcasting Designed for use in undergraduate and graduate courses on the history of American mass media broadcasting and electronic media Stay Tuned also fits well into mass communication survey courses as an introduction to electronic media topics As a chronicle of American broadcasting this volume is also engaging reading for anyone interested in old radio early television and the origins and development of American broadcasting
