Talking Animals And Other People The Autobiography Of A Legendary Animator:

Talking Animals And Other People Shamus Culhane, 1998-03-21 Shamus Culhane 1908 1996 enchanted several generations of animation lovers with his characters Pluto Pinocchio Woody Woodpecker Betty Boop and Popeye as well as with his famous Heigh ho sequence in Snow White and the Seven Dwarfs He started as an errand boy at age fifteen at the Bray studio but went on to become president of his own company and later head of the animation studio at Paramount Talking Animals and Other People is both a memoir of Culhane's life and career and a history of the art taking readers from the earliest days of animation the creation of the flipbook and the first animated motion picture to the assembly line Saturday morning TV cartoons and recent advances in computer animation Culhane gives an unsparing insider s view of the industry from harsh labor relations and brutal internal politics to comical anecdotes and frank portraits of animation giants Filled with over 150 photographs and illustrations Talking Animals also includes detailed descriptions of the craft technique and processes of cartoon making Entertaining and informative this book brings to animated life the everyday world of this beloved art form and the man who helped build it Producing Animation Catherine Winder, Zahra Dowlatabadi, 2011 This text is a comprehensive guide to the management of the animation production process from the identification and sale of a concept through development pre production production and post production to completion The Life and Times of Betty Boop Peter Benjaminson, 2023-11-15 From the moment she uttered her first boop oop a doop in 1930 Betty Boop secured her place in history and in the hearts of countless fans Whether spreading joy during the Depression thwarting Hitler running for US president or flaunting sexual mores Betty has always been a true American original embodying and commenting on the culture and attitudes of her time for nearly a century The Life and Times of Betty Boop is a lively account of the first female fully human cartoon character beginning with her creation by the rebellious and innovative young artists of Fleischer Studios an upstart animation shop intent on competing with Disney Author Peter Benjaminson traces Betty's remarkable evolution originally a dog character she only gradually became the chanteuse we know today and dives into the lawsuit that entertainer Helen Kane brought against the Fleischers for allegedly appropriating her image only for it to come to light that Kane had herself lifted her act from various Black performers Benjaminson follows Betty through successive historical eras rebelling against Hollywood's censorious Hays Code finding her own path as a self starting feminist icon and spawning a merchandising empire that includes everything from watches to wine to Thanksgiving Day floats Throughout he shows how for all her transformations Betty s verve and pluck have made her the object of enduring affection Animated Personalities David McGowan, 2019-02-26 This pioneering book makes the case that iconic cartoon characters such as Mickey Mouse are legitimate cinematic stars just as popular human actors are Mickey Mouse Betty Boop Donald Duck Bugs Bunny Felix the Cat and other beloved cartoon characters have entertained media audiences for almost a century outliving the human stars who were once their contemporaries in studio era Hollywood In Animated Personalities David McGowan asserts that iconic

American theatrical short cartoon characters should be legitimately regarded as stars equal to their live action counterparts not only because they have enjoyed long careers but also because their star personas have been created and marketed in ways also used for cinematic celebrities Drawing on detailed archival research McGowan analyzes how Hollywood studios constructed and manipulated the star personas of the animated characters they owned He shows how cartoon actors frequently kept pace with their human counterparts granting interviews allowing candid photographs endorsing products and generally behaving as actual actors did for example Donald Duck served his country during World War II and Mickey Mouse was even embroiled in scandal Challenging the notion that studios needed actors with physical bodies and real off screen lives to create stars McGowan demonstrates that media texts have successfully articulated an off screen existence for animated characters Following cartoon stars from silent movies to contemporary film and television this groundbreaking book broadens the scope of star studies to include animation concluding with provocative questions about the nature of stardom in an age of digitally enhanced filmmaking technologies Animated Personalities is impressive for its lucid historical structure and exceptionally enjoyable content McGowan breathes life into celluloid figures giving readers a backstory for some of the most enduring iconic characters of screen history This is a truly gratifying book Choice Combining historical formal and theoretical modes of analysis Animated Personalities represents a vital contribution to both star studies and the study of animation in classical Hollywood and beyond By embracing a key problematic of the study of stardom the inability to take any element of its construction as authentic McGowan does not undermine the validity of this approach so much as craft a more honest and complete understanding of it Synoptique Forthcoming Books Rose Arny, 1998-04 Mr. Geisel Judith Morgan, Neil Morgan, 1996-08-22 Horton Thidwick Yertle the Lorax the Grinch Sneetches and the Cat in the Hat are just a handful of the bizarre and beloved characters Theodor S Geisel 1904 1991 alias Dr Seuss created in his forty seven children's books from 1937's And to Think That I Saw It on Mulberry Street to 1990's Oh the Places You ll Go During his lifetime Dr Seuss was honored with numerous degrees three Academy Awards and a Pulitzer but the man himself remained a reclusive enigma In this first and only biography of the good doctor the authors his close friends for almost thirty years have drawn on their firsthand insights as well as his voluminous papers the result is an illuminating intimate portrait of a dreamer who saw the world through the wrong end of a telescope and invited us to enjoy the view Jim Kobak's Kirkus **Reviews** ,1986 Who's who in Animated Cartoons Jeff Lenburg, 2006-06 Looks at the lives and careers of more than Film and the Arts in Symbiosis Gary Edgerton, 1988-03-08 Film and the Arts in Symbiosis is an three hundred animators interesting collection of readable essays written by film scholars and teachers Each essay is accompanied by a set of footnotes a bibliography and a filmography The essays cover the relationship between film and painting photography graphic arts literature theater classical and popular music radio television video art and the new media This is a unique and valuable anthology providing well written and well edited essays that may well be used as course readings RQ This unusual resource

guide and handbook examines the key relationships and abundant interconnections between motion pictures and eleven other traditional or communication arts For the first time the work of scholars who have studied or taught in fields as diverse as broadcasting art music photography and popular culture is pulled together for ready access in one volume Film and the Arts in Symbiosis takes an exploratory yet systematic look at the interdisciplinary nature of the film medium and both highlights and enthusiastically endorses that multi faceted tradition Film - An International Bibliography Malte Hagener, Michael Töteberg, 2016-12-16 Kommentierte Bibliografie Sie gibt Wissenschaftlern Studierenden und Journalisten zuverl ssig Auskunft ber rund 6000 internationale Ver ffentlichungen zum Thema Film und Medien Die vorgestellten Rubriken reichen von Nachschlagewerk ber Filmgeschichte bis hin zu Fernsehen Video Multimedia ,1986 Adult books are categorized by genre i e fiction mystery science fiction nonfiction Along with bibliographic information the expected date of publication and the names of literary agents for individual titles are provided Starred reviews serve several functions In the adult section they mark potential bestsellers major promotions book club selections and just very good books in the children's section they denote books of very high quality.
