The Dynamics Of Religion Meaning And Change In Religious Traditions

Theodore M. Ludwig

The Dynamics Of Religion Meaning And Change In Religious Traditions:

The Dynamics of Religion Peter Slater, 1978 A signal contribution to the burgeoning field of comparative philosophy of religion The Dynamics of Religion describes patterns of living faith in major world religions in a way which corrects misperceptions of them as archaic traditions trapped in the past Packed with telling examples this book shows how religions provide meaning and guidance for their followers what the fundamental constituents of all religions are including stories symbols solutions to the mystery of evil and more and how religions are dynamic processes that constantly change and adapt over time The author concludes that truth comes not from the dogmatic retelling of any single master story but from the dynamic interplay between stories old and new What is distinctive in each tradition is not any single set of unchanging meanings but the character of the life lived The Dynamics of Religion is exhilarating and essential reading for anyone interested in the way religion begins structure themselves and develop through time **The Dynamics of Religion**, 1979

Transitions and Transformations in the History of Religions Reynolds, TH.M. Ludwig, 2018-11-13 **The Oxford Handbook of Evolutionary Psychology and Religion** James R. Liddle, Todd K. Shackelford, 2020-12-28 The Oxford Handbook of Evolutionary Psychology and Religion offers a comprehensive and compelling review of research in religious beliefs and practices from an evolutionary perspective on human psychology The chapters written by renowned experts on human behavior and religion explore a number of subtopics within one of three themes 1 the psychological mechanisms of religion 2 evolutionary perspectives on the functionality of religion and 3 evolutionary perspectives on religion and group living This handbook unites the theoretical and empirical work of leading scholars in the evolutionary cognitive and anthropological sciences to produce an extensive and authoritative review of this literature Its interdisciplinary approach makes it an important resource for a broad spectrum of researchers graduate students and advanced undergraduates who are interested in studying the factors and mechanisms that underlie and or affect religious beliefs and behaviors *Identity Crises and Indigenous Religious Traditions* Elijah Obinna, 2017-02-10 This book highlights the complex identity crises among many Christians as they negotiate their new identities religious ideas and convictions as both Christians and members of Nigerian African societies of indigenous religious traditions and identities Through an interdisciplinary interpretation of religious practices and educational issues in teaching and ritual training the author provides tools to help analyse empirical cases These include the negotiation processes among Christians with focus on the Presbyterian Church of Nigeria PCN and members of the Ogo society within the Amasiri Afikpo North Local Government Area Ebonyi state in South eastern Nigeria Identifying the power dynamic identity role and influence of indigenous religions on Christians and the Ogo society this book reveals the limited interactions between many Christians and members of the Ogo society Questions explored include what makes the Ogo society an integral part of the socio religious life of Amasiri and what powers and identity does it confer on the initiates how is the PCN within Amasiri responding to the Ogo society through its religious practices such as baptism

confirmation local auxiliary ministries and organisational structure and how does the understanding and application of conversion within the PCN impact on its members response to the Ogo society Demonstrating how complex religious identities and practices of Nigerian African Christians can balance mission influenced Christianity with indigenous religious traditions and identities this book recognises the importance of appropriating the powers of indigenous cultures ingenuity and creativity in the construction and preservation of community identities As such it will be of keen interest to scholars of Christian theology indigenous religious practice and African lived religion

The Sacred Paths Theodore M. Ludwig,1996 This book combines study of the dynamic historical development of each religious tradition with a comparative thematic structure In this way the book helps readers to explore each of the major religions as a unique and integral system of meaning and life At the same time readers are encouraged to discover and explore the nature of religious experience by comparing basic themes and issues common to all religions Covering the religions arising from India China Japan and the Mediterranean world this book introduces the key dimensions of religious experience outlining the basic human concerns that give rise to religious experience such as origin and identity ultimate reality human nature and the good life For anyone interested in exploring the origins and development of the diverse religions of the world

Religious Traditions ,1979-04 *Contemporary Spirituality, Responding to the Divine Initiative* Francis A. Eigo,1983

The Spirit of Sustainability Willis Jenkins,Whitney Bauman,2009-11-01 The Spirit of Sustainability helps readers navigate the moral worlds and ethical concepts and social and religious practices related to sustainability In collaboration with the Forum on Religion and Ecology an established network of leading scholars it explores a wide range of topics and perspectives from the

promise and problems of approaching sustainability through global and indigenous religions to major theories in philosophy and environmental ethics and professional practices and social movements This volume presents the various goals of sustainability ecological integrity economic health human dignity fairness to the future and social justice and provides a framework for reasoning through many interrelated environmental challenges for both current and future generations

The Sacred Paths of the West Theodore M. Ludwig, 1994 This text combines study of the dynamic historical development of each religious tradition with a comparative thematic structure Students are encouraged to discover and explore the nature of religious experience by comparing basic themes and issues common to all religions finding connections with their own personal experiences By sensitively introducing descriptive material within a comparative thematic structure this text helps students to understand how each religion provides for its adherents patterns and meanings that make up a full way of life from Amazon

Horizons, 1980 **The American Benedictine Review**, 1988 **Identity and Change in the Christian Tradition** Marcel Sarot, Gijsbert van den Brink, 1999 In at least two respects the position of religion and Christianity in the Western world has changed in recent years Firstly there is a growing plurality of and pluriformity within religions And secondly religions tend to change and develop faster and on a larger scale than they used to This gives rise to the questions of change and continuity of religious traditions addressed in this volume What function does the conceptual system or language game of religion fulfil within the context of human thought and life In what ways and under what circumstances do such conceptual systems require innovative changes in order to remain adequate for fulfilling this function How are the continuity and change within religious traditions related to these issues What is the nature of this continuity and of such changes within traditions What role can theology play in initiating and directing such changes In answering these questions most contributions to the present volume focus on the Christian tradition
