Michael Kay, Lorin Lee Cary, 1999 Michael Kay and Lorin Cary illuminate new aspects of slavery in colonial America by focusing on North Carolina which has largely been ignored by scholars in favor of the more mature slave systems in the Chesapeake and South Carolina Kay and Cary demonstrate **HeinOnline's Slavery in North Carolina, 1748-1775** Marvin L. Michael Kay, Lorin Lee Cary, 1995 *Slavery in Wilkes County, North Carolina* Larry J. Griffin, 2017 Slavery is a tragic chapter in the history of Wilkes County with a lasting legacy Prominent businessmen and celebrated civic leaders like General William Lenoir and William Pitt Waugh were among the county's largest slaveholders Judith Williams Barber endured forty five years of slavery and garnered respect from both white and black residents Her story is linked to free person of color and noted landowner Henderson Waugh whose illustrious slaveholding white father connected the two families one slave and the other free Author Larry Griffin takes readers on an emotional journey to separate fact from myth as he chronicles the history of slavery in Wilkes County Prominent businessmen and celebrated civic leaders like General William Lenoir and William Pitt Waugh were among the county's largest slaveholders Judith Williams Barber endured forty five years of slavery and garnered respect from both white and black residents Her story is linked to free person of color and noted landowner Henderson Waugh whose illustrious slaveholding white father connected the two families one slave and the other free Author Larry Griffin takes readers on an emotional journey to separate fact from myth as he chronicles the history of slavery in Wilkes County **Slavery in Colonial America, 1619-1776** Betty Wood, 2005-03-11 Slavery in Colonial America 1619 1776 brings together original sources and recent scholarship to trace the origins and development of African slavery in the American colonies Distinguished scholar Betty Wood clearly explains the evolution of the transatlantic slave trade and compares the regional social and economic forces that affected the growth of slavery in early America In addition Wood provides a window into the reality of slavery presenting an accurate picture of daily life throughout the colonies As slavery became more ingrained in American society Wood examines early forms of slave rebellion and resistance and how the reliance on enslaved labor conflicted with the ideals of a nation calling for freedom and liberty Succinct and engaging Slavery in Colonial America 1619 1776 is essential reading for all interested in early American and African American history *Rape and Race in the Nineteenth-Century South* Diane Miller Sommerville, 2005-10-12 Challenging notions of race and sexuality presumed to have originated and flourished in the slave South Diane Miller Sommerville traces the evolution of white southerners fears of black rape by examining actual cases of black on white rape throughout the nineteenth century Sommerville demonstrates that despite draconian statutes accused black rapists frequently avoided execution or castration largely due to intervention by members of the white community This leniency belies claims that antebellum white southerners were overcome with anxiety about black rape In fact Sommerville argues there was great fluidity across racial and sexual lines as well as a greater tolerance among whites for intimacy

between black males and white females According to Sommerville pervasive misogyny fused with class prejudices to shape white responses to accusations of black rape even during the Civil War and Reconstruction periods a testament to the staying power of ideas about poor women s innate depravity Based predominantly on court records and supporting legal documentation Sommerville s examination forces a reassessment of long held assumptions about the South and race relations as she remaps the social and racial terrain on which southerners black and white rich and poor related to one another over the long nineteenth century      *Slavery in North America Vol 1* Mark M. resistance Pulitzer Prize winning author Eric Foner      *Lethal State* Seth Kotch, 2019-01-10 For years American states have tinkered with the machinery of death seeking to align capital punishment with evolving social standards and public will Against this backdrop North Carolina had long stood out as a prolific executioner with harsh mandatory sentencing statutes But as the state sought to remake its image as modern and business progressive in the early twentieth century the question of execution preoccupied lawmakers reformers and state boosters alike In this book Seth Kotch recounts the history of the death penalty in North Carolina from its colonial origins to the present He tracks the attempts to reform and sanitize the administration of death in a state as dedicated to its image as it was to rigid racial hierarchies Through this lens *Lethal State* helps explain not only Americans deep and growing uncertainty about the death penalty but also their commitment to it Kotch argues that Jim Crow justice continued to reign in the guise of a modernizing orderly state and offers essential insight into the relationship between race violence and power in North Carolina The history of capital punishment in North Carolina as in other states wrestling with similar issues emerges as one of state building through lethal punishment      **Race Relations at the Margins** Jeff Forret, 2006-07-01 Covering a broad geographic scope from Virginia to South Carolina between 1820 and 1860 Jeff Forret scrutinizes relations among rural poor whites and slaves a subject previously unexplored and certainly under reported Forret's findings challenge historians long held assumption that mutual violence and animosity characterized the two groups interactions he reveals that while poor whites and slaves sometimes experienced bouts of hostility often they worked or played in harmony and camaraderie *Race Relations at the Margins* is remarkable for its focus on lower class whites and their dealings with slaves outside the purview of the master Race and class Forret demonstrates intersected in unique ways for those at the margins of southern society challenging the belief that race created a social cohesion among whites regardless of economic status As Forret makes apparent colonial era flexibility in race relations never entirely disappeared despite the institutionalization of slavery and the growing rigidity of color lines His book offers a complex and nuanced picture of the shadowy world of slave poor white interactions demanding a refined understanding and new appreciation of the range of interracial associations in the Old South      *American Slavery* Peter Kolchin, 2003 updated to address a decade of new scholarship the book includes a new preface afterword and revised and expanded bibliographic essay from publisher description      *Slavery in America* Dorothy Schneider, Carl J. Schneider, 2014-05-14 Presents the history of slavery in America from colonial times through the U S Civil War      **African American Voices** Steven Mintz, 2009-02-24 A succinct up to date overview of the history of slavery that places American slavery in comparative perspective Provides students with more than 70 primary documents on the history of slavery in America Includes extensive excerpts from slave narratives interviews with former slaves and letters by African Americans that document the experience of bondage Comprehensive headnotes introduce each selection A Visual History chapter provides images to supplement the written documents Includes an extensive bibliography and bibliographic essay      **The Power to Die** Terri L. well written exploration of the cultural and legal meanings of slave suicide in British North America far reaching compelling and relevant Choice The history of slavery in early America is a history of suicide On ships crossing the Atlantic enslaved men and women refused to eat or leaped into the ocean They strangled or hanged themselves They tore open their own throats In America they jumped into rivers or out of windows or even ran into burning buildings Faced with the reality of enslavement countless Africans chose death instead In The Power to Die Terri L Snyder excavates the history of slave suicide returning it to its central place in early American history How did people traders plantation owners and most importantly enslaved men and women themselves view and understand these deaths and how did they affect understandings of the institution of slavery then and now Snyder draws on an array of sources including ships logs surgeons journals judicial and legislative records newspaper accounts abolitionist propaganda and slave narratives to detail the ways in which suicide exposed the contradictions of slavery serving as a powerful indictment that resonated throughout the Anglo Atlantic world and continues to speak to historians today The American South William J. Watson, 2016-04-05 Of America s thirteen original colonies North Carolina was one of the most rural its urban population miniscule and its maritime commerce severely limited except in the town of Wilmington Prior to the Civil War the coastal town was North Carolina s largest urban area and principal seaport with shipping as the mainstay of the local economy Wilmington indeed was a singular place in colonial and antebellum North Carolina This book presents the history of Wilmington from its founding and development to the eve of the Civil War Part I traces Wilmington s history from the incorporation of the town in 1739 40 to 1789 when North Carolina joined the newly formed United States of America This section focuses on the confused and disputed origins of Wilmington life in a colonial urban setting the growing importance of the port and town governance Part II expands upon the preceding topics for the years 1789 to 1861 It also examines the economic development of the port the wide variety of social activities the growth of the African American population and Wilmington s role in state and national politics Creating and Contesting Carolina Michelle

LeMaster,Bradford J. Wood,2013-11-01 The essays in *Creating and Contesting Carolina* shed new light on how the various peoples of the Carolinas responded to the tumultuous changes shaping the geographic space that the British called Carolina during the Proprietary period 1663 1719 In doing so the essays focus attention on some of the most important and dramatic watersheds in the history of British colonization in the New World These years brought challenging and dramatic changes to the region such as the violent warfare between British and Native Americans or British and Spanish the no less dramatic development of the plantation system and the decline of proprietary authority All involved contestation whether through violence or debate The very idea of a place called Carolina was challenged by Native Americans and many colonists and metropolitan authorities differed in their visions for Carolina The stakes were high in these contests because they occurred in an early American world often characterized by brutal warfare rigid hierarchies enslavement cultural dislocation and transoceanic struggles for power While Native Americans and colonists shed each other s blood to define the territory on their terms colonists and officials built their own version of Carolina on paper and in the discourse of early modern empires But new tensions also provided a powerful incentive for political and economic creativity The peoples of the early Carolinas reimagined places reconceptualized cultures realigned their loyalties and adapted in a wide variety of ways to the New World Three major groups of peoples European colonists Native Americans and enslaved Africans shared these experiences of change in the Carolinas but their histories have usually been written separately These disparate but closely related strands of scholarship must be connected to make the early Carolinas intelligible *Creating and Contesting Carolina* brings together work relating to all three groups in this unique collection      **New Voyages to Carolina** Larry E.
