Small Businesses that Grow and Grow and Grow Patricia A. Woy,1983 *The 7 Irrefutable Rules of Small Business Growth* Steven S. Little,2005-02-22 Starting a small business and making it a success isn't easy. In fact, most small business owners don't get rich and many fail. This book presents the straight truth on small business success. It doesn't offer cure-alls for every small business. Instead, it outlines real effective principles for continued small business growth and success. Written by business growth expert Steven Little, *The 7 Irrefutable Rules of Small Business Growth* skips empty small business positivism in exchange for real world practical solutions. If you're a small business owner or an entrepreneur just starting out, you'll find answers to all your most important questions on topics such as technology, business plans, hiring, and much more.

\$\$\$ the Entrepreneur's Guide to Start, Grow, and Manage A Profitable Business Daniel R. Hogan, Daniel R. Hogan Jr. Ph. D.,2011-05 *The Entrepreneur's Guide To Start Grow and Manage a Profitable Business* In his book *The Right Stuff* Tom Wolfe describes what it took for the early test pilots to succeed. A career in flying was like climbing one of those ancient Babylonian pyramids made up of a dizzy progression of steps and ledges, and the idea was to prove at every foot of the way that you were one of the elected and anointed ones who had the right stuff and could move higher and higher and even ultimately God willing one day that you might be able to join that special few at the very top, that elite who had the capacity to bring tears to men's eyes, the very brotherhood of the right stuff itself. Although success as an entrepreneur launching a new business does not include feeling superior or facing death, it does require that a person have a special set of qualities and skills with which to exercise good judgment, make wise decisions, take calculated risk, and get along with and lead others. *The Entrepreneur's Guide To Start Grow and Manage a Profitable Business* provides what it takes, what is the right stuff for the successful entrepreneur. The most successful entrepreneurs are not necessarily those who work hardest or longest. Successful business owners are those who have a vision that can see beyond the bottom line, who have learned to manage their professional and personal lives. Making it with a new business venture requires all the traits of an entrepreneur as enumerated in *The Entrepreneur's Guide* as well as the knowledge, skills, and persistence to grow and withstand the stress, ambiguity, conflicting objectives, emotions, and chaos that comes with a new business effort. Achieving this balance is what *The Entrepreneur's Guide* is about. It will help you steer a path to guide you with the right stuff to the top of the pyramid of business success.
