Working with Children in Groups Kathryn & David Geldard,2017-03-04 With its effective outcomes relative speed and reduced costs the group format is becoming increasingly popular for work with children in counselling and educational settings Drawing from their extensive experience of running children s groups and training group leaders Kathryn and David Geldard describe the entire process of running groups from the initial planning to post group evaluation Topics covered include the benefits and disadvantages of running groups and the types of group available as well as the planning designing implementation and evaluation of group programmes Filled with lots of ideas activities games and work sheets for use in group programmes as well as examples of complete programmes for particular problems such as domestic violence and low self esteem this highly accessible and practical book will be an invaluable resource for anyone wishing to run groups for children **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1990 **A Functional Approach to Group Work in Occupational Therapy** Margot C. Howe,Sharan L. Schwartzberg,2001 Presenting a group model in occupational therapy this resource correlates group work techniques with occupational therapy theory research and practice It provides intervention options for a wide range of disorders including developmental physical psychological social and environmental problems This text leads students through the logical progression of planning implementing and evaluating a functional group *Group Work* Samuel T. Gladding,2003 A comprehensive book that discusses the evolution practice and outcomes of 11 prominent theoretical approaches to group work and examines the essentials required to be an

effective worker and leader with groups in various settings and life stages It begins with an introduction to the history dynamics diversity leadership ethics and development that are part of the lives of groups It then presents an extensive discussion of the issues and procedures for working with groups throughout the lifecycle For group counselors and therapist or anyone working with or within a group *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965-70 *Complexity and Leadership* Kiran Chauhan, Emma Crewe, Chris Mowles, 2022-09-12 Leading organisations in our contemporary world means grappling with unpredictability painful pressures and continual conflict all in the context of an acceleration in the pace of change We expect the impossible from heroic leaders and they rarely live up to expectations With countless recommendations self help books and new concepts scholars and management consultants often simplify and dream unrealistically This book challenges the more orthodox discourse on leadership and presents a way of thinking about leadership that pays closer attention to experience The contributors in this book all senior managers or facilitators of leadership development resist easy solutions new typologies or unrealistic prescriptions Writing about their experiences in Denmark the UK Israel Ethiopia South Africa and beyond they are less concerned with traits that people can possess and learn or magical promises of recipes for success and more with the socio political process of the interaction between people from which leadership emerges as a theme We focus on understanding leadership as a practice within which communication research imagination and ethical judgements are continuously improvised So rather than idealising leadership or reducing it to soothing tools and techniques we suggest how leaders might become more politically emotionally and socially savvy This book is written for academics and practitioners with an interest in the everyday challenges of both individual and group practices of formal and informal leaders in different types of organisations and is an ideal resource for executives and students on leadership development programmes We hope this volume will help readers to expand the wisdom found in their own experience and discover for themselves and for others a greater sense of freedom
