Andrews, 2016-08-19 *Deaf People and Society* incorporates multiple perspectives related to the topics of psychology education and sociology including the viewpoints of deaf adults themselves In doing so it considers the implications of what it means to be deaf or hard of hearing and how deaf adults lives are impacted by decisions that professionals make whether in the clinic the school or when working with family This second edition has been thoroughly revised and offers current perspectives on the following topics Etiologies of deafness and the identification process The role of auditory access Cognition language communication and literacy Bilingual bimodal

and monolingual approaches to language learning Educational legal and placement aspects Childhood psychological issues Psychological and sociological viewpoints of deaf adults The criminal justice system and deaf people Psychodynamics of interaction between deaf and hearing people Each chapter begins with a set of objectives and concludes with suggested readings for further research This edition contains 10 new and original case studies including ones on hearing children of deaf adults sudden hearing loss a young deaf adult with mental illness and more Written by a seasoned deaf hearing bilingual team this unique text continues to be the go to resource for students and future professionals interested in working with deaf and hard of hearing persons

Rhetoric and Educational Discourse Richard Edwards, Katherine Nicoll, Nicky Solomon, Robin Usher, 2013-02-01 Educational policy is often dismissed as simply rhetoric and a collection of half truths However this is to underestimate the power of rhetoric and the ways in which rhetorical strategies are integral to persuasive acts Through a series of illustrative chapters this book argues that rather than something to be dismissed rhetorical analysis offers a rich and deep arena in which to explore and examine educational issues and practices It adopts an original stance in relation to contemporary debates and will make a significant contribution to educational debates in elucidating and illustrating the pervasiveness of persuasive strategies in educational practices Rhetoric and Educational Discourse is a useful resource for postgraduate and research students in education and applied linguistics The book will also be of interest to academics and researchers in these fields of study and those interested in discursive approaches to research and scholarship
