*Smoldering Ashes* Charles F. Walker, 1999-04-05 In *Smoldering Ashes* Charles F Walker interprets the end of Spanish domination in Peru and that country's shaky transition to an autonomous republican state Placing the indigenous population at the center of his analysis Walker shows how the Indian peasants played a crucial and previously unacknowledged role in the battle against colonialism and in the political clashes of the early republican period With its focus on Cuzco the former capital of the Inca Empire *Smoldering Ashes* highlights the promises and frustrations of a critical period whose long shadow remains cast on modern Peru Peru's Indian majority and non Indian elite were both opposed to Spanish rule and both groups participated in uprisings during the late colonial period But at the same time seething tensions between the two groups were evident and non Indians feared a mass uprising As Walker shows this internal conflict shaped the many struggles to come including the Tupac Amaru uprising and other Indian based rebellions the long War of Independence the caudillo civil wars and the Peru Bolivian Confederation *Smoldering Ashes* not only reinterprets these conflicts but also examines the debates that took place in the courts in the press in taverns and even during public festivities over the place of Indians in the republic In clear and elegant prose Walker explores why the fate of the indigenous population despite its participation in decades of anticolonial battles was little improved by republican rule as Indians were denied citizenship in the new nation an unhappy legacy with which Peru still grapples Informed by the notion of political culture and grounded in Walker's archival research and knowledge of Peruvian and Latin American history *Smoldering Ashes* will be essential reading for experts in Andean history as well as scholars and students in the fields of nationalism peasant and Native American studies colonialism and postcolonialism and state formation

*The Age of Atlantic Revolution* Patrick Griffin, 2023-01-01 A bold new account of the Age of Revolution one of the most complex and vast transformations in human history A fresh and illuminating framework for understanding our past and imagining our future Powerfully argued and engagingly written Patrick Griffin's timely account of revolutionary regime change and reaction shows how a world of empires became our world of nation states Peter S Onuf coauthor of *Most Blessed of the Patriarchs* When we speak of an age of revolution what do we mean In this synoptic compelling book Patrick Griffin asks the difficult questions and invites readers to reconsider the answers Eliga Gould author of *Among the Powers of the Earth* The Age of Atlantic Revolution was a defining moment in western history Our understanding of rights of what makes the individual an individual of how to define a citizen versus a subject of what states should or should not do of how labor politics and trade would be organized of the relationship between the church and the state and of our attachment to the nation all derive from this period c 1750 1850 Historian Patrick Griffin shows that the Age of Atlantic Revolution was rooted in how people in an interconnected world struggled through violence liberation and war to reimagine themselves and sovereignty Tying together the revolutions crises and conflicts that undid British North America transformed France created Haiti overturned Latin America challenged Britain and Europe vexed Ireland and marginalized

West Africa Griffin tells a transnational tale of how empires became nations and how our world came into being Early Modern Atlantic Cities Mariana Dantas, Emma Hart, 2024-04-25 The Atlantic World was an oceanic system circulating goods people and ideas that emerged in the late fifteenth and early sixteenth century European imperialism was its motor while its character derived from the interactions between peoples indigenous to Europe the Americas and Africa Much of the everyday workings of this oceanic system took place in urban settings By sustaining the connections between these disparate regions cities and towns became essential to the transformations that occurred in this early modern era This Element traces the emergence of the Atlantic city as a site of contact an agent of colonization a central node in networks of exchange and an arena of political contestation Cities of the Atlantic World operated at the juncture of many of the core processes in a global history of capitalism and of rising social and racial inequality A source of analogous experiences of division as well as unity they helped shape the Atlantic world as a coherent geography of analysis **The Other Rebellion** Eric Van Young, 2001 This book argues that in addition to being a war of national liberation Mexico's movement toward independence from Spain was also an internal war pitting classes and ethnic groups against each other an intensely localized struggle by rural people especially Indians for the preservation of their communities Transnational Perspectives on Latin America Luis Roniger, 2022 Latin America is a region made up of multiple states with a diversity of races ethnicities and cultures In Transnational Perspectives on Latin America Luis Roniger argues that a regional perspective is significant for understanding this part of the Western hemisphere He claims that geopolitical sociological and cultural trends molded a contiguity of influences shaping a transnational arena of connected histories cross border interactions and shared visions complementing the process of separate nation state formation *Race and Nation in Modern Latin America* Nancy P. Appelbaum, Anne S. Macpherson, Karin Alejandra Rosemblatt, 2003-11-20 This collection brings together innovative historical work on race and national identity in Latin America and the Caribbean and places this scholarship in the context of interdisciplinary and transnational discussions regarding race and nation in the Americas Moving beyond debates about whether ideologies of racial democracy have actually served to obscure discrimination the book shows how notions of race and nationhood have varied over time across Latin America's political landscapes Framing the themes and questions explored in the volume the editors introduction also provides an overview of the current state of the interdisciplinary literature on race and nation state formation Essays on the postindependence period in Belize Brazil Colombia Cuba Mexico Panama and Peru consider how popular and elite racial constructs have developed in relation to one another and to processes of nation building Contributors also examine how ideas regarding racial and national identities have been gendered and ask how racialized constructions of nationhood have shaped and limited the citizenship rights of subordinated groups The contributors are Sueann Caulfield Sarah C Chambers Lillian Guerra Anne S Macpherson Aims McGuinness Gerardo Renique James Sanders Alexandra Minna Stern and Barbara Weinstein Native Insurgencies and the Genocidal Impulse in the Americas Nicholas A.

Robins,2005-10-26 This book investigates three Indian revolts in the Americas the 1680 uprising of the Pueblo Indians against the Spanish the Great Rebellion in Bolivia 1780 82 and the Caste War of Yucatan that began in 1849 and was not finally crushed until 1903 Nicholas A Robins examines their causes course nature leadership and goals He finds common features they were revitalization movements that were both millenarian and exterminatory in their means and objectives they sought to restore native rule and traditions to their societies and they were movements born of despair and oppression that were sustained by the belief that they would witness the dawning of a new age His work underscores the link that may be found but is not inherent between genocide millennialism and revitalization movements in Latin America during the colonial and early national periods      *Bibliografía peruana* ,2000      **Latino(a) Research Review** ,1999      **Fronteras de la historia** ,2001      **Subject Guide to Books in Print** ,1991
