**Songa's Story** Natalie Green Giles, 2003 Describe the fate of the Ozeryany Jews among them Songa's parents who were ghettoized and killed by the Nazis After the war Songa settled in the USA Soviet Jewry on the Eve of the Holocaust Mordechai Altshuler, 1998 The sounds of music and the German language have played a significant role in the developing symbolism of the German nation In light of the historical division of Germany into many disparate political entities and regional groups German artists and intellectuals of the 19th and early 20th centuries conceived of musical and linguistic dispositions as the nation's most palpable common ground According to this view the peculiar sounds of German music and of the German language provided a direct conduit to national identity to the deepest recesses of the German soul So strong is this legacy of sound is still prevalent in modern German culture that philosopher Peter Sloterdijk in a recent essay did not even hesitate to describe post wall Germany as an acoustical body This volume gathers the work of scholars from the US Germany and the United Kingdom to explore the role of sound in modern and postmodern German cultural production Working across established disciplines and methodological divides the essays of Sound Matters investigate the ways in which texts artists and performers in all kinds of media have utilized sonic materials in order to enforce or complicate dominant notions of German cultural and national identity

**Songs in Dark Times** Amelia M. Glaser, 2020-11-24 A probing reading of leftist Jewish poets who during the interwar period drew on the trauma of pogroms to depict the suffering of other marginalized peoples Between the world wars a generation of Jewish leftist poets reached out to other embattled peoples of the earth Palestinian Arabs African Americans Spanish Republicans in Yiddish verse Songs in Dark Times examines the richly layered meanings of this project grounded in Jewish collective trauma but embracing a global community of the oppressed The long 1930s Amelia M Glaser proposes gave rise to a genre of internationalist modernism in which tropes of national collective memory were rewritten as the shared experiences of many national groups The utopian Jews of Songs in Dark Times effectively globalized the pogroms in a bold and sometimes fraught literary move that asserted continuity with anti Arab violence and black lynching As communists and fellow travelers the writers also sought to integrate particular experiences of suffering into a borderless narrative of class struggle Glaser resurrects their poems from the pages of forgotten Yiddish communist periodicals particularly the New York based Morgn Frayhayt Morning Freedom and the Soviet literary journal Royte Velt Red World Alongside compelling analysis Glaser includes her own translations of ten poems previously unavailable in English including Malka Lee's God's Black Lamb Moyshe Nadir's Closer and Esther Shumiatsher's At the Border of China These poets dreamed of a moment when we could mean we workers rather than we Jews Songs in Dark Times takes on the beauty and difficulty of that dream in the minds of Yiddish writers who sought to heal the world by translating pain

**Index to Jewish Periodicals**, 2005 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests The Jewish Audio-visual Review, 1973 Improving Your Storytelling Doug

Lipman,1999 The first steps in storytelling are often easy because we tell stories informally every day Once you take storytelling into the more formal contexts of performance or occupational uses however you may be faced with challenges you hadn t anticipated You need information that goes beyond the basics And you need it in a form that does not just tell you what to do but helps you make your own informed decisions This book is meant for the reader who has already begun to tell stories and is ready to learn more about the art Instead of rules to follow it gives you a series of frameworks that encourage you to think on your feet Doug Lipman has written and taught extensively on the art of storytelling With the same generosity and warmth that characterize his workshops he considers the teller s relationship to the story the teller s relationship to the audience and the transfer of imagery in a medium that is simultaneously visual auditory and kinesthetic **The Memorial**
