Art Song Carol Kimball, 2013-05-01. Book. *Art Song: Linking Poetry and Music* is a follow up to author Carol Kimball's bestselling *Song: A Guide to Art Song Style and Literature*. Rather than a general survey of art song literature, the new book clearly and insightfully defines the fundamental characteristics of art song and the integral relationship between lyric poetry and its musical settings. Topics covered include poetry basics for singers, exercises for singers in working with poetry, insights into composers' musical settings of poetry, building recital programs, performance suggestions and recommended literature for college and university classical voice majors. The three appendices address further aspects of poetry guidelines for creating a recital program and representative classical voice recitals of various descriptions. *Art Song: Linking Poetry and Music* is extremely useful as an unofficial text for college/university vocal literature classes, as an excellent resource for singers and voice teachers, and of interest to all those who are fascinated by the rich legacy of the art song genre.

From the favorites of Tin Pan Alley to today's international blockbusters, the stylistic range required of a musical theatre performer is expansive. Musical theatre roles require the ability to adapt to a panoply of characters and vocal styles. Composers from Gilbert and Sullivan and Irving Berlin to Alain Boublil and Andrew Lloyd Webber are examined through a brief biography, a stylistic overview and a comprehensive song list with notes on suitable voice types and further reading. This volume runs the gamut of modern musical theatre from English light opera through the American Golden Age up to the mega musicals of the late Twentieth Century, giving today's students and performers an indispensable survey of their craft.
