The Letters of Robert Duncan and Denise Levertov Robert Edward Duncan, Robert J. Bertholf, Albert Gelpi, 2004 This volume presents the complete correspondence between two of the most important and influential American poets of the postwar period The almost 500 letters range widely over the poetry scene and the issues that made the period so lively and productive But what gives the exchange its special personal and literary resonance is the sense of spiritual affinity and shared conviction about the power of the visionary imagination Duncan and Levertov explore these matters in rich detail until under the stress of dealing with the Vietnam War in poetry they discover deep seated differences in the religious and ethical convictions underlying their politics and poetic stance The issues that drew them together and those that drove them

Strategies for Showing Marcia R. Pointon, 1997 In this unusual and original study Marcia Pointon examines the cultural effects and consequences of the participation by women in acts of representation in the late seventeenth and eighteenth centuries She explores their lives and work and a cultural environment in which images of female saints and goddesses established indices of femininity in the homes of wealthy men Did the women portrayed also possess artefacts and did they use the power of gifts and bequests to determine social relations Did they themselves participate in the processes of creating images of the seen world Pointon sets out to answer some of these questions through a series of novel and vividly recounted case studies of women such as Emma Hamilton wife and mistress Mary Moser the artist Dorothy Richardson the antiquarian She shows that the relationship of these women to the world of consumption was affective and imaginative as well as economic

Signs of the Literary Times William O'Rourke, 1993-11-18 This book is O'Rourke's first volume of nonfiction since his 1972 *The Harrisburg 7* and the New Catholic Left which Garry Wills hailed as a clinical x ray of our society's condition That book prompted Herbert Mitgang to name O'Rourke one of the finest writers of his generation *Signs of the Literary Times* provides new evidence for that assessment It brings together O'Rourke's unique mixture of literary political and cultural criticism published periodically during the last twenty two years The collection ranges from autobiographical essays describing his generation's literary evolution to articles on free speech issues such as nude dancing and the Bush era NEA controversies as well as book reviews that provide a fresh and largely uncharted critical map of the period O'Rourke is not only interested in genre bending and expansion but in persevering during this age of academic specialization as in his phrase a person of letters In the two decades between his first work of nonfiction and this volume O'Rourke has published three highly acclaimed novels *The Meekness of Isaac* 1974 *Idle Hands* 1981 and *Criminal Tendencies* 1987 Of the last *The Virginia Quarterly Review* wrote Of all the novelists paraded in recent years by publishers as natural successors to Graham Greene this one comes the closest A thoroughly entertaining literary event *Signs of the Literary Times* is not so much a compendium of diverse pieces on various subjects as it is a cogent and continuing x ray of our society's condition

55640 316 2 **The Beggar's Benison** David Stevenson, 2013-04-04 Two clubs dedicated to proclaiming the joys of libertine sex thrived in mid and late 18th century Scotland The Beggar's Benison 1732 starting from local roots in Fife became large and sprawling with branches in Edinburgh Glasgow and St Petersburg As a toast The Beggar's Benison was drunk at aristocratic dinners in London as a coded reference to sex and the Prince of Wales later George IV became a member In Edinburgh also the Wig Club 1775 gave the elite of the Scottish Tory establishment a forum in which to dine gamble and venerate a wig supposedly made of the pubic hairs of the mistresses of Charles II Both clubs flourished in a great age of raucous clubs in which bawdy often played a prominent part and both died as changes in sensibility made such behaviour seem gross and unacceptable As the Victorian age approached the clubs withered away under its disapproving glare In this book the author tells the story of these clubs analyzes the obscene relics of their rituals which survive and places the clubs in their social cultural and political contexts It is an extensively researched study but at the same time recognizes the entertainment value of the many anecdotes concerning the clubs the absurdities inherent in the antics of club rituals and the appeal of the bawdy *A Bibliography of Edward Dahlberg* Harold Billings, 1971
