Keepin' It Hushed Morris L. Nunley,2011-02-14 Examines the barbershop as a rhetorical site in African American culture across genres including fiction film poetry and theater In Keepin It Hushed The Barbershop and African American Hush Harbor Rhetoric Morris L Nunley investigates the role of the hush harbor a safe place for free expression among African American speakers as a productive space of rhetorical tradition and knowledge generation Nunley identifies the barbershop as an important hush harbor for black males in particular and traces the powerful cultural trope and its hidden tradition of African American knowledge through multiple texts From Dunbar s We Wear the Mask to the recent Barbershop movies and the provocative rhetoric of Reverend Jeremiah Wright Nunley s study touches on a range of time periods and genres Nunley s introduction connects African American Hush Harbor Rhetoric AAHHR to everyday considerations of what may or may not be spoken in public and how African American speakers manage numerous hidden transcripts In the first three chapters Nunley charts different iterations of hush harbors and their function in the context of residual and emergent rhetorical traditions He investigates public sphere theory and its application and misapplication to black civil society and hush harbors and connects AAHHR to nommo the power of the word In chapters 4 and 5 Nunley examines the ubiquity of the hush harbor trope in African American culture and considers barbershops as pedagogical sites using literature poetry philosophy and film to make his case In chapter 6 he analyzes the Barbershop movie in detail arguing that the movie s commodified neoliberal version of AAHHR did not represent a hush harbor although that was ostensibly the aim Keepin It Hushed concludes with a presentation of a hush harbor pedagogy in chapter 7 and a distinctive analysis of hush harbor oriented speeches by then Senator Obama and Rev Jeremiah Wright Rhetoricians and readers interested in African American life and culture will appreciate the cogent analysis in Nunley s volume **The Art of Conversation** Judy Apps,2025-09-29 Discover the power

of real conversations and connect deeply with others If you ve ever walked away from a conversation thinking Why did I say that or I wish I d spoken up you re not alone In the newly updated second edition of The Art of Conversation Judy Apps shows you how to turn everyday chats and business conversations into something deeper more meaningful and a lot less awkward Whether you freeze up in social settings or want to connect better with the people around you this book is packed with

brilliant down to earth solutions Discover how to start great conversations and keep them flowing how to handle tricky moments and how to express yourself with ease and confidence Inside the book Spot what s really going on in a conversation and respond in a way that moves it forward Use voice and body language to express yourself more powerfully Employ technology to enhance not replace genuine human connection Build stronger more honest relationships with important people in your life The Art of Conversation is is about being real and connecting deeply and meaningfully with those who matter most to you Whatever base you start from its secrets will transform every aspect of your life Unspeakable Secrets of the Aro Valley Danyl McLauchlan,2016-09-01 A sleepy bohemian neighborhood becomes the unexpected setting for an adventure story as a lively cast of characters that include a brilliant but troubled young writer a voluptuous healer and a shadowy cult and its sinister leader take on an ancient legend of the occult From the mysterious and the horrific to the comedic and the erotic Unspeakable Secrets of the Aro Valley is a dark and hilarious odyssey through Wellington s underbelly that weaves through trail of riddles a struggle for ultimate power and a final unspeakable secret *Culture and Islamic Adaptation Psychology* Malik Badri,Humanology,2018-03-15 The indiscriminate exportation of Western psychology to Muslim and third world countries can pose serious cultural and ideological dilemmas When the exported commodity from North to South is physical in nature the harm done can easily be identified for example the quick detection of the life threatening birth defects caused by the drug thalidomide when taken during pregnancy or the flaws in the breaking system of a Japanese car However when the exported product is ideas and beliefs and ways of life the indirect and sneaky damage is often much more malevolent and long lasting because it attacks the worldview of the recipients and it shakes their cherished beliefs Because of its technological supremacy Islamic and developing countries got used to wholeheartedly accepting any information coming from the West if it is under the tag of science By presenting itself under this prestigious mantra of science students in Muslim countries swallow the kernel of psychology with its nutshell the baby with its filthy water The danger of this approach is greatly augmented by the shortcomings of our educational systems that discourages critical thinking and encourages the submissive acceptance of the words of the teacher and that of printed material
