The Figure of Nature John Sallis,2016-08-29 One of America s preeminent philosophers has produced a book with fascinating new insights into the ancient conception of nature Choice Broaching an understanding of nature in Platonic thought John Sallis goes beyond modern conceptions and provides a strategy to have recourse to the profound sense of nature operative in ancient Greek philosophy In a rigorous and textually based account Sallis traces the complex development of the Greek concept of nature Beginning with the mythical vision embodied in the figure of the goddess Artemis he reanimates the sense of nature that informs the fragmentary discourses of Anaximenes Heraclitus Parmenides and Empedocles and shows how Plato takes up pre Socratic conceptions critically while also being transformed Through Sallis s close reading of the Theaetetus and the Phaedo he recovers the profound and comprehensive concept of nature in Plato s thought

A Postfoundationalist Comparative Christology David Muthukumar Sivasubramanian,2022-03-28 Interreligious relationships are often hindered by epistemic disparity caused by the nexus between religions and state powers To solve this problem David Muthukumar Sivasubramanian develops a postfoundationalist epistemological framework to affirm the epistemic parity and plurality of religions while upholding their particularity and universality Building on this postfoundationalist epistemology a comparative Christology paradigm that uses insights from the extant comparative theology method is reformulated with a Christological focus This model seeks to affirm the exclusive faith assertions of Christianity and the corresponding universal claims for Christ It also sustains the particular religious identity of a comparative theologian over against any compulsion to assume hybrid identity in the interreligious cross learning This comparative Christology framework is exhibited through cross learning with the Tamil Saiva Siddhanta tradition This method is shown to affirm not only the particularity and universality of Christianity but also of the Tamil Saiva Siddhanta tradition by defining each religion s attempt at their revealed truth as a parallel quest for truth Thus it facilitates dialogue across religions by securing one s self identity and the other s alterity

Falstaff Robert Nye,2012-02-14 Winner of the Hawthornden Prize and the Guardian Fiction Prize The most beloved comic figure in English literature decides that history hasn t done him justice it s time for him to tell the whole unbuttoned story his way Irascible and still lecherous at eighty one Falstaff spins out these outrageously bawdy memoirs as an antidote to legend and in the process manages to recreate his own This splendidly written novel is a feast opening wide the look and feel of another age and bringing Shakespeare s Falstaff to life in a totally new way Like Jack Falstaff himself it s sprawling vivid oversized big as life We

return in an instant to an England that was ribald violent superstitious coursing with high spirits and a fresh sense of national purpose We see what history and the Bard of Avon overlooked or avoided what really happened that celebrated night at the windmill when Falstaff and Justice Shallow heard the chimes at midnight who really killed Hotspur how many men fell at the Battle of Agincourt what actually transpired at the coronation of Henry V Harry the Prig and just what it was that made the wives of Windsor so very merry Falstaff tells all about Prince Hal John of Gaunt that maniac Pistol Bardolph Doll Tearsheet and Jane Nightwork At the same time his racy narrative offers us a tapestry of the Middle Ages the Black Death and May Day an expedition to Ireland and a pilgrimage to the Holy Land nights at the Boar's Head the splendor of London Bridge and hundreds of other sights and sounds and people zestfully recalled between scabrous opinions and irreverent meditations in sum the very flavor of a great age The voice is unmistakably Falstaff's and his great drama swaggers laughs and shouts across every page

Temiar Religion, 1964-2012 Geoffrey Benjamin, 2014-09-12 The Temiars a Mon Khmer speaking Orang Asli society living in the uplands of northern Peninsular Malaysia have long attracted popular attention in the West for reports that ascribed to them the special psychotherapeutic technique known as Senoi Dreamwork However the reality of Temiar religion and society as studied and recorded by Geoffrey Benjamin is even more fascinating than that popular portrayal which he shows to be based on a serious misrepresentation of Temiar practice When Benjamin first lived in the isolated villages of the Temiars between 1964 and 1965 he encountered a people who lived by swidden farming supplemented by hunting and fishing They practised their own localised animistic religion in an area where the main religion was once Mahayana Buddhism and is now Islam Half a century later the Temiars have become much more deeply embedded in broader Malaysian society while retaining their distinctive way of life and maintaining their complex animistic religious beliefs Benjamin's ongoing fieldwork in the 1970s 1990s and 2000s followed the Temiars through processes of religious disenchantment and re-enchantment as they reacted in various ways to the advent of Baha'i Islam and Christianity Some Temiars even developed a new religion of their own In addition to its rich ethnographic reportage the book proposes a novel theory of religion and in the process develops a deeply insightful account of the changing intellectual framework of anthropology over the past half century

The Cave and the Butterfly Paul S. Chung, 2011-01-01 This study offers an intercultural theory of interpretation and religion It does so by bringing Western and East Asian traditions into dialogue regarding the nature of interpretation The result of this innovative study is a theory of interpretation which integrates the socially embodied dimension of human life with the study of hermeneutics and religion in post foundational and cross cultural perspective Toward this end Paul Chung offers a constructive theology of divine speech acts in a manner more amenable to the social public sphere than other proposals In all of this he deeply considers intercultural horizon of interpretation between West and East and its implications for a theology of interpretation The result is a truly theological theory of interpretation that takes seriously the issues of intercultural studies and their intersection with Christian doctrine
