**A Book of Quotations** W. Gurney Benham, 2020-04-07 Reprint of the original first published in 1914

**Summa Theologica (Part 3)** Thomas Aquinas, 2012-01-05 This brilliant synthesis of Christian thought has had a decisive and permanent impact on religion since the 13th century and has become substantially the official teaching of the Catholic Church The Summa Theologica as the title indicates is a summing up of all that can be known about God and humanity's relations with God It is divided into three parts dealing with God, man, and the God-man respectively It consists of 38 tracts, 631 questions, about 3000 articles, 10 000 objections and their answers Essential reading for all who are interested in core Christian thought

**Summa Theologica, Volume 4 (Part III, First Section)** St Thomas Aquinas, 2013-01-01 The Summa Theologica is the best known work of Italian philosopher, scholar, and Dominican friar SAINT THOMAS AQUINAS 1225-1274 widely considered the Catholic Church's greatest theologian Famously consulted immediately after the Bible on religious questions at the Council of Trent Aquinas's masterpiece has been considered a summary of official Church philosophy ever since Aquinas considers approximately 10 000 questions on Church doctrine covering the roles and nature of God, man, and Jesus then lays out objections to Church teachings and systematically confronts each using Biblical verses, theologians, and philosophers to bolster his arguments In Volume IV Aquinas addresses chastity and lust, sobriety and humility, pride, prophecy, and Rapture, the passion of Christ, Christ's resurrection, the sacraments, and much more This massive work of scholarship spanning five volumes addresses just about every possible query or argument that any believer or atheist could have and remains essential more than seven hundred years after it was written for clergy, religious historians, and serious students of Catholic thought

**Summa Theologiae, Prima Pars: Volume 3, Human Beings and God's Governance of Creation, QQ 75-119** Thomas Aquinas, Thomas de Vio Cajetan, 2023-06-23 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26-28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate/professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions, not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical, presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26-28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes, making the

body of the text accessible to more readers      *Pennsylvania Public Libraries Film Center ...
