Sound Of Leadership Presidential Communication In The Modern Age

Amnon Cavari

Sound Of Leadership Presidential Communication In The Modern Age:

The Sound of Leadership Roderick P. Hart, 1987 Why did Gerald Ford speak in public once every six hours during 1976 Why did no president speak in Massachusetts during one ten year period Why did Jimmy Carter conduct public ceremonies four times more often than Harry Truman Why are television viewers two and a half times more likely to see a president speak on the nightly news than to hear him speak The Sound of Leadership answers these questions and many more Based on analysis of nearly 10 000 presidential speeches delivered between 1945 and 1985 this book is the first comprehensive examination of the ways in which presidents Truman through Reagan have used the powers of communication to advance their political goals This communication revolution has produced Roderick P Hart argues a new form of governance one in which public speech has come to be taken as political action Using a rhetorical approach Hart details the features of this new American presidency by carefully examining when and where presidents spoke in public during the last four decades and what they said Even though presidents have been speaking more and more Hart reveals they have been saying less and less Rather than leading the nation the modern president usually offers only the hollow sound of leadership Written with great flair and acuteness The Sound of Leadership will become a standard guide to the voices of modern presidential politics

The ^AUbiquitous Presidency Joshua M. Scacco, Kevin Coe, 2021-03-12 American democracy is in a period of striking tumult The clash of a rapidly changing socio technological environment and the traditional presidency has led to an upheaval in the scope and standards of executive leadership This book brings needed insight to this situation by offering the first comprehensive framework what the authors term the ubiquitous presidency for understanding contemporary presidential communication in these complex times *The Oxford Handbook of the American Presidency* George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today The Myth of Presidential Representation B. Dan Wood, 2009-06-22 The Myth of Presidential Representation evaluates the nature of American presidential representation questioning the commonly held belief that presidents represent the community at large **The Presidency and Rhetorical Leadership** Leroy G. Dorsey, 2008-03-26 Successful presidential leadership depends upon words as well as deeds In this multifaceted look at rhetorical leadership twelve leading scholars in three different disciplines provide in depth studies of how words have served or disserved American presidents At the heart of rhetorical leadership lies the classical concept of prudence practical wisdom that combines good sense with good character From their disparate treatments of a range of presidencies an underlying agreement emerges among the historians political scientists and communication scholars included in the volume To be effective they find presidents must be able to articulate the common good in a particular situation and they must be credible on the basis of their own character Who they are and what they can do are thus twin pillars of successful rhetorical leadership Leroy G Dorsey introduces these themes and David Zarefsky picks

them up in looking at the historical development of rhetorical leadership within the office of the presidency Each succeeding chapter then examines the rhetorical leadership of a particular president often within the context of a specific incident or challenge that marked his term in office Chapters dealing with George Washington John Adams Thomas Jefferson Theodore Roosevelt Woodrow Wilson Franklin Roosevelt Dwight Eisenhower Ronald Reagan and Bill Clinton offer the specifics for a clearer understanding of how rhetoric serves leadership in the American presidency This book provides an indispensable addition to the literature on the presidency and in leadership studies **Visual Rhetoric** Lester C. Olson, Cara A.

Finnegan, Diane S. Hope, 2008-03-20 Visual Rhetoric A Reader in Communication and American Culture is the first collection of its kind essays rich in concepts from the diverse history of rhetoric are featured in their relationship to visual experiences in one or another medium or various media Images are symbols with meaning how these images are seen and the messages they communicate are the study of visual rhetoric Today s society is increasingly inundated with visual images symbols and messages The seminal essays in this collection reveal the workings the research and the effects of how what we see

establishes and influences our perceptions our actions and our communication **Media Power, Media Politics** Mark J. Rozell, Jeremy D. Mayer, 2008-08-14 Media Power Media Politics Second Edition examines the role and influence of the media in every sphere of American politics Organized thematically the book analyzes the relationship between the media and key institutions political actors and nongovernmental entities as well as the role of the new media media ethics and foreign policy coverage Written clearly and concisely by leading scholars in the field the chapters serve as broad overviews to the issues while discussion questions and suggestions for further reading encourage deeper inquiry Updated throughout the second edition includes expanded coverage of the evolving role of new media a new chapter on terrorism and the media and new pedagogical exercises and featured interviews with journalists bloggers and media advisers **The Rise of the President's**

Permanent Campaign Brendan J. Doherty, 2012-08-21 While the presidency has always been a political office the distinction between campaigning and governing has become increasingly blurred in recent years Yet no one until now has documented the phenomenon of the permanent campaign and analyzed its impact on the executive office In this eye opening book Brendan Doherty provides empirical evidence of the growing focus by American presidents on electoral concerns throughout their terms in office clearly demonstrating that we can no longer assume that the time a president spends campaigning for reelection can be separated from the time he spends governing To track the evolving relationship between campaigning and governing Doherty examines the strategic choices that presidents make and what those choices reveal about presidential priorities He focuses on the rise in presidential fundraising and the targeting of key electoral states throughout a president s term in office illustrating that recent presidents have disproportionately visited those states that are important to their political prospects while largely neglecting those without electoral payoff He also shows how decisions about electoral matters previously made by party officials are now made by voter conscious operatives within the White House Doherty

analyzes what these changing dynamics portend for the nature of presidential leadership contending that while such strategies can at times strengthen a president's hand they can also undermine his role as a unifying national leader heighten public cynicism and limit prospects for bipartisan compromise He further shows how trends in presidential fundraising undermine the conventional understanding of the predatory relationship between the president and his party Drawing on new systematic evidence of presidential fundraising and travel archival research at presidential libraries and accounts by presidents and their aides Doherty musters a mountain of evidence to offer an objective comprehensive argument about the causes indicators and implications of the rise of the permanent campaign as no previous book has done an evenhanded account that seeks to disparage no individual president Concise and accessible *The Rise of the President's Permanent Campaign* engages crucially important questions about the development of the presidency as well as larger normative questions about what we want in a leader as it challenges the convention in political science that has long kept most scholarship on presidential campaigns separate from the study of the presidency itself

Unpacking Metaphor-related Prepositions in Political Discourse Mokhtar Ounis, 2023-11-27 This book explores the context around why English prepositions are used in figurative language more frequently than nouns and verbs using corpus based evidence to examine the most often used prepositions and how they are employed and for what purpose While research on cognitive approaches to metaphor has significantly expanded in recent decades little attention has been paid to prepositions as vehicles of figurative language owing to their polysemous complex and inconsistent nature To bridge this gap Ounis introduces an innovative conceptual framework that integrates conceptual metaphor theory diachronic linguistics and discourse pragmatics Drawing upon an extensive corpus of American presidential inaugural addresses this book considers the linguistic conceptual pragmatic and contextual dimensions of English prepositions revealing the fascinating interplay between language culture and cognition This volume will be of interest to scholars in pragmatics metaphor studies English language rhetoric studies and historical linguistics

The Global Intercultural Communication Reader Molefi Kete Asante, Yoshitaka Miike, Jing Yin, 2013-06-26 The *Global Intercultural Communication Reader* is the first anthology to take a distinctly non Eurocentric approach to the study of culture and communication In this expanded second edition editors Molefi Kete Asante Yoshitaka Miike and Jing Yin bring together thirty two essential readings for students of cross cultural intercultural and international communication This stand out collection aims to broaden and deepen the scope of the field by placing an emphasis on diversity including work from authors across the globe examining the processes and politics of intercultural communication from critical historical and indigenous perspectives The collection covers a wide range of topics the emergence and evolution of the field issues and challenges in cross cultural and intercultural inquiry cultural wisdom and communication practices in context identity and intercultural competence in a multicultural society the effects of globalization and ethical considerations Many readings first appeared outside the mainstream Western academy and offer diverse theoretical lenses on culture and

communication practices in the world community Organized into five themed sections for easy classroom use The Global Intercultural Communication Reader includes a detailed bibliography that will be a crucial resource for today's students of intercultural communication

Making Speeches Tom Hurst, 2025-03-20 Having recently passed the 40th anniversary of Margaret Thatcher's entry into Number 10 Downing Street the burgeoning field of Thatcher studies continues to attract the attention of scholars and students alike The dense array of literature has thus far comprehensively covered Thatcher's politics personal life and famous speeches but the approaches she took to her speech writing have hitherto been overlooked By consulting a variety of primary sources such as the Churchill archives which house Thatcher's papers Tom Hurst deftly presents a comprehensive account of Margaret Thatcher's Speechmaking By encompassing the creation delivery and dissemination of the speeches before concluding with a focus on the reception of these speeches in an unprecedented digital age Hurst fills an existing gap By focusing on the oft overlooked staff who helped Thatcher draft her speeches and in so doing shaped Thatcherism from behind the scenes Hurst promotes an entirely original work that unveils the Iron Lady's reliance on her speechmakers which has previously been unexplored

The Handbook of Rhetoric and Public Address Shawn J. Parry-Giles, J. Michael Hogan, 2010-05-10 The Handbook of Rhetoric and Public Address is a state of the art companion to the field that showcases both the historical traditions and the future possibilities for public address scholarship in the twenty first century Focuses on public address as both a subject matter and a critical perspective Mindful of the connections between the study of public address and the history of ideas Provides an historical overview of public address research and pedagogy as well as a reassessment of contemporary public address scholarship by those most engaged in its practice Includes in depth discussions of basic issues and controversies public address scholarship Explores the relationship between the study of public address and contemporary issues of civic engagement and democratic citizenship Reflects the diversity of views among public address scholars advancing on going discussions and debates over the goals and character of rhetorical scholarship

Jimmy Carter, Human Rights, and the National Agenda Mary E. Stuckey, 2008 Though Jimmy Carter is widely viewed as one of the least effective modern presidents the human rights agenda for which his administration is known remains high in the national awareness and continues to provide important justifications for presidential and congressional action a quarter century later The very elements of Carter's communications on human rights that engendered obstacles to the formation of a coherent and consistent policy the term's vagueness the difficulties of applying it its uneasy relationship with national security interests and the divergence between Democratic and Republican understandings allowed human rights to become a useful rubric for presidents both Democratic and Republican who followed Carter Stuckey discusses the key elements of how human rights came to the nation's attention

The Party Politics of Presidential Rhetoric Amnon Cavari, 2017-03-10 By bringing together two bodies of literature the presidency and political parties this book makes two important contributions First it addresses the gap between presidential public actions and the perceived limited effect they

have on public opinion By examining the short term effect of speeches of presidents on the entire public the long term effect of the speeches on their partisans and on the reputations of their parties for handling policy the book shows that presidents are effective leaders of public opinion Second the book adds to the scholarly interest in how political parties are viewed by the electorate in terms of policy substance It suggests that Americans possess coherent reputations of the parties for handling policy challenges and that these reputations contribute to the party identifications of Americans The effect of presidents on the reputations and in turn party attachments position them as leaders of the party system *The Presidency and Immigration Policy* Matthew Eshbaugh-Soha, Eric Gonzalez Juenke, Andrea Silva, 2023-11-30 This comprehensive analysis of presidential immigration rhetoric quantifies the frequency tone and efficacy of public mentions of immigrants and immigration policy by the presidents from Washington through Biden The book also explores the intersection of the presidential role with that of the other key actors in the immigration policy system notably the press the public and Congress For students of immigration studies presidential studies and political communication this book also poses the question of which is of the greatest significance to the immigration policy agenda presidential leadership making immigration a top priority or existing legislative support for comprehensive immigration reform The Watergate Crisis Michael A. Genovese, 2020-08-11 This reference provides background information about the Watergate crisis and discusses its significance to U S politics today Relatively insignificant at first glance the Watergate crisis led to the downfall of a president and emerged as the most important constitutional crisis since the Civil War Journalists and the media were instrumental in shedding light on Watergate and exposing political corruption at the highest levels of government Watergate became part of American popular culture and synonymous with presidential corruption This book surveys the background of the Watergate crisis and links it to contemporary American politics The first part of the book provides a narrative overview and examination of the Watergate crisis with a consideration of what happened and why and the relevance of Watergate to today s political issues The book considers such topics as political corruption and impeachment the role of the media and the abuse of presidential power The book also offers biographical sketches of key players in the Watergate crisis a chronology glossary primary source document excerpts and an annotated bibliography **Green Talk in the White House** Tarla Rai Peterson, 2004 Annotation This book gathers an array of approaches to studying environmental rhetoric and the presidency covering a range of administrations and a diversity of viewpoints on how the concept of the rhetorical presidency may be modified in this policy area **The World Is Our Stage** Allison M. Prasch, 2023-02-08 A fresh account of the US presidential rhetoric embodied in Cold War international travel Crowds swarm when US presidents travel abroad though many never hear their voices The presidential body moving from one secured location to another communicates as much or more to these audiences than the texts of their speeches In *The World is Our Stage* Allison M Prasch considers how presidential appearances overseas broadcast American superiority during the Cold War Drawing on extensive archival

research Prasch examines five foundational moments in the development of what she calls the global rhetorical presidency Truman at Potsdam Eisenhower's Goodwill Tours Kennedy in West Berlin Nixon in the People's Republic of China and Reagan in Normandy In each case Prasch reveals how the president's physical presence defined the boundaries of the Free World and elevated the United States as the central actor in Cold War geopolitics

Cowboy Presidents David A. Smith, 2021-02-11 For an element so firmly fixed in American culture the frontier myth is surprisingly flexible How else to explain its having taken two such different guises in the twentieth century the progressive forward looking politics of Rough Rider president Teddy Roosevelt and the conservative old fashioned character and Cold War politics of Ronald Reagan This is the conundrum at the heart of *Cowboy Presidents* which explores the deployment and consequent transformation of the frontier myth by four U S presidents Theodore Roosevelt Lyndon B Johnson Ronald Reagan and George W Bush Behind the shape shifting of this myth historian David A Smith finds major events in American and world history that have made various aspects of the Old West frontier more relevant and more useful for promoting radically different political ideologies and agendas And these divergent adaptations of frontier symbolism have altered the frontier myth Theodore Roosevelt with his vigorous pursuit of an activist federal government helped establish a version of the frontier myth that today would be considered liberal But then Smith shows a series of events from the Lyndon Johnson through Jimmy Carter presidencies including Vietnam race riots and stagflation seemed to give the lie to the progressive frontier myth In the wake of these crises Smith's analysis reveals the entire structure and popular representation of frontier symbols and images in American politics shifted dramatically from left to right and from liberal to conservative with profound implications for the history of American thought and presidential politics The now popular idea that frontier American leaders and politicians are naturally Republicans with conservative ideals flows directly from the Reagan era *Cowboy Presidents* gives us a new clarifying perspective on how Americans shape and understand their national identity and sense of purpose at the same time reflecting on the essential mutability of a quintessentially national myth the book suggests that the next iteration of the frontier myth may well be on the horizon

Landmark Essays on American Public Address Martin J. Medhurst, 2020-08-26 This volume traces the historical evolution of American academic thought concerning public address what it is how it ought to be studied and what can be learned by engaging rhetorical texts in an analytical fashion To begin one must distinguish among three separate but interrelated uses of the term public address as practice theory and criticism The essays in this volume represent landmarks in the literal sense of that term they are marks on the intellectual landscape that indicate where scholars and ideas have passed and in that passing left a mark for future generations It is appropriate to revisit the landmarks that have set public address off as a field of study and it allows readers to remember the struggles that have led to the current situation Most of the authors of the following chapters are deceased but their ideas live on transformed adapted modified rejected and reborn The scholarly dialectic continues What constitutes a study in public address how best to

approach rhetorical texts which analytical tools are required for the job how best to balance text with context and what role ought theory to play in the conduct or outcome of critical inquiry these questions live on To answer them at all is to engender debate and that is how it should be if the intellectual vitality of public address is to be maintained The papers are a prolegomenon to such studies for they mark where scholars have been and point the way to where they still must go

Getting the books **Sound Of Leadership Presidential Communication In The Modern Age** now is not type of challenging means. You could not unaccompanied going subsequently ebook stock or library or borrowing from your friends to gate them. This is an utterly simple means to specifically get guide by on-line. This online proclamation Sound Of Leadership Presidential Communication In The Modern Age can be one of the options to accompany you when having other time.

It will not waste your time. endure me, the e-book will totally sky you supplementary thing to read. Just invest tiny grow old to entre this on-line broadcast **Sound Of Leadership Presidential Communication In The Modern Age** as competently as review them wherever you are now.
