Why Is There No Labor Party in the United States? Robin Archer, 2010-09-20 Why is the United States the only advanced capitalist country with no labor party This question is one of the great enduring puzzles of American political development and it lies at the heart of a fundamental debate about the nature of American society Tackling this debate head on Robin Archer puts forward a new explanation for why there is no American labor party an explanation that suggests that much of the conventional wisdom about American exceptionalism is untenable Conventional explanations rely on comparison with Europe Archer challenges these explanations by comparing the United States with its most similar New World counterpart Australia This comparison is particularly revealing not only because the United States and Australia share many fundamental historical political and social characteristics but also because Australian unions established a labor party in the late nineteenth century just when American unions against a common backdrop of industrial defeat and depression came closest to doing something similar Archer examines each of the factors that could help explain the American outcome and his systematic comparison yields unexpected conclusions He argues that prosperity democracy liberalism and racial hostility often promoted the very changes they are said to have obstructed And he shows that it was not these characteristics that left the United States without a labor party but rather the powerful impact of repression religion and political sectarianism

The Origins of Worker Mobilisation Michael Quinlan, 2017-11-13 This is a book on how and why workers come together Almost coincident with its inception worker organisation is a central and enduring element of capitalism In the 19th and 20th centuries mobilisation by workers played a substantial role in reshaping critical elements of these societies in Europe North America Australasia and elsewhere including the introduction of minimum labour standards living wage rates maximum hours etc workplace safety and

compensation laws and the rise of welfare state more generally Notwithstanding setbacks in recent decades worker organisation represents a pivotal countervailing force to moderate the excesses of capitalism and is likely to become even more influential as the social consequences of rising global inequality become more manifest Indeed instability and periodic shifts in the respective influence of capital and labour are endemic to capitalism As formal institutions have declined in some countries or unions outlawed and severely repressed in others there has been growing recognition of informal strike activity by workers and wider alliances between unions and community organisations in others While such developments are seen as new they aren't Indeed understanding of worker organisation is often ahistorical and even those understandings informed by historical research are this book will argue in need of revision This book provides a new perspective on and new insights into how and why workers organise and what shapes this organisation The Origins of Worker Mobilisation will be key reading for scholars academics and policy makers the fields of industrial relations HRM labour economics labour history and related disciplines

How Labour Built Neoliberalism Elizabeth Humphrys, 2018-10-08 Why do we always assume it was the New Right that was at the centre of constructing neoliberalism How might corporatism have advanced neoliberalism And more controversially were the trade unions only victims of neoliberal change or did they play a more contradictory role In *How Labour Built Neoliberalism* Elizabeth Humphrys examines the role of the Labor Party and trade unions in constructing neoliberalism in Australia and the implications of this for understanding neoliberalism's global advance These questions are central to understanding the present condition of the labour movement and its prospects for the future

Peacemongers, Australian Resistance to War and Military Conscription, 1885 to 1945 Bobbie Oliver, 2024-10-31 War has been a dominant theme in Australian history but there is an alternative story In every conflict from the Sudan campaign of 1885 to Australia's involvement in the Vietnam War 1966-73 there have been war resisters and conscientious objectors to military service and conscription *Peacemongers* tells their story War resisters endured physical violence prison financial hardship and emotional trauma Many had a strong Christian faith that forbade killing fellow humans while others objected to coercion and believed in freedom of choice Originally a small minority opposed conscription and war This changed with the mass protests against the Vietnam War Thousands took to the streets Those who refused to enlist faced prison terms of up to two years but still they stood firm Despite being branded as cowards they showed that it took a special type of courage to resist war

others are revealed as simplistic versions of more complex truths Each generation writes history that speaks to its own interests and concerns write historians Paul Ashton and Anna Clark In *Foundational Fictions in South Australian History* which grew out of a series of public lectures at the University of Adelaide an impressive range of contributors suggest different ways in which familiar narratives of South Australia can be interpreted These essays tap into wider debates too about the nature and purpose of history and the history wars first flamed by John Howard Stuart Macintyre highlights South Australia s central role in several national events Humphrey McQueen questions the origins and influence of the money behind South Australia s so called progressive founding Lucy Treloar suggests historians can learn from novelists when it comes to understanding the past Steven Anderson argues that Don Dunstan s achievement in abolishing capital punishment owed much to a historical movement And Carolyn Collins highlights the role of anti conscription group Save Our Sons SOS in not just ending the Vietnam War but broadening the appeal of the anti war movement Bert Edwards Patricia Sumerling,2019-11-11 Albert Augustine Edwards usually referred to as Bert was one of Adelaide s most flamboyant characters Reputedly the illegitimate son of Charles Cameron Kingston premier of South Australia he was born in obscurity in the slums of Adelaide s West End in 1888 A self made man Bert was a city councillor parliamentarian and philanthropist a friend of the poor and scourge of the establishment He had connections and influence everywhere in the markets pubs sporting clubs churches and prisons and soon enough he became known as the King of the West End Flash in dress and loud in manner he brooked no opposition Bert s future looked rosy until 1924 when the Labor Party took office and his enemies began to stack up quickly It all came crashing down in 1931 In a sex scandal engineered against him Bert was imprisoned for nearly two and a half years for gross indecency with an underage male And they say Adelaide was dull Here dark and bright is Bert Edwards in the full biography that his colourful life deserves **Powerful Influence on Australian Affairs** Nick Dyrenfurth,2017-02-28 In this new history of the Australian Workers Union prominent author Nick Dyrenfurth traces the fortunes of the nation s oldest continuously operating trade union from its origins in the shearing sheds of the late nineteenth century through to it present day representation of modern Australia s diverse workforce The 131 year old AWU s coverage of rural and regional industries impact on Australia s national identity and sway over the ALP have made the union a unique organisation internationally A **Powerful Influence on Australian Affairs** tells the story of the AWU s numerous triumphs and crises colourful characters and famed leaders political influence and the changing working lives and aspirations of its rank and file membership **Responsible Government in South Australia, Volume 2** Robert Martin,2009 **Australian Labour History** Greg Patmore,1991 *Biographical Dictionary of the Australian Senate Volume 1* Ann Millar,1996-10-08 The *Biographical Dictionary of the Australian Senate* covers the period 1901 1929 the period in which the Parliament operated from Melbourne This first volume provides short articles on Australia s Senators during the first thirty years of the Federal Parliament These entries place particular emphasis on the events of a Senator s parliamentary experience

contributions to debates committee work parliamentary positions as well as ministerial appointments It provides also a window on the colonial and post colonial societies in which these ninety nine Senators and their three Clerks lived and worked It explains how miners merchants constitutionalists soldiers printers trade unionists adventurers and pastoralists became Senators and how in an essentially egalitarian society they melded together as Australia s first federal parliamentarians It tells of their work as legislators during a period when Australia was making a unique contribution to democracy itself and reveals the excitement felt by conservatives and non conservatives alike as they shaped the beginnings of an Australian nation The contribution of these Senators to Australian public life was immense The Federationists Richard Baker John Downer Thomas Playford Richard O Connor James Walker Henry Dobson William Trenwith Simon Fraser Josiah Symon and William Zeal retain some elements of notoriety Others such as the South Australian farmer William Russell or Charles Montague Graham a tailor on the Western Australian goldfields were soon forgotten even in their own time The Biographical Dictionary of the Australian Senate reveals to a new generation the influence and the significance of men who came from all sides of politics and the social spectrum and were able parliamentarians and true representatives of the democratic process This readable and authoritative work of reference will provide readers with a biographical account of all Australian senators and a history of the Senate since 1901 It makes a scholarly contribution to historical and parliamentary knowledge and fills many gaps in our knowledge of less well known senators whose careers have not been fully documented before

Confusion Nicholas Dyrenfurth, 2009 CONFUSION revisits the seminal moment when liberals threw in their lot with the conservatives In CONFUSION some of Australia s foremost political historians including Marian Quartly and Stuart Macintyre revisit the seminal moment when liberals threw in their lot with the conservatives In May 1909 Alfred Deakin the radical liberal doyen struck an agreement for a controversial fusion with the anti Labor factions with the new grouping later adopting the name Liberal Party After a heated campaign Labor won the 1910 election forming the first majority government in the history of the Commonwealth How had this occurred For most of the previous decade Labor and Deakin had been allies Was the anti Labor alliance the inevitable outcome of middle class men rallying against the growing electoral might of the workers party What were the long term consequences for both sides of politics With Labor in power federally and in all but one state the non Labor side of politics has been plunged into a period of introspection about its coalition arrangements and about the legitimate traditions of Australian liberalism Can the current Liberals learn from the events of a century ago

Science, Sexuality, and Race in the United States and Australia, 1780s-1890s Gregory D. Smithers, 2013-02-01 This book combines transnational history with the comparative analysis of racial formation and reproductive sexuality in the settler colonial spaces of the United States and British Australia Specifically the book places whiteness and the changing definition of what it meant to be white in nineteenth century America and Australia at the center of our historical understanding of racial and sexual identities In both the United States and Australia whiteness was defined in opposition to the imagined

cultural and biological inferiority of the Indian Negro and Aboriginal savage Moreover Euro Americans and Euro Australians shared a common belief that whiteness was synonymous with the extension of settler colonial civilization Despite this two very different understandings of whiteness emerged in the nineteenth century The book therefore asks why these different racial understandings of whiteness and the quest to create culturally and racially homogeneous settler civilizations developed in the United States and Australia History and Repository of Pulpit Eloquence, (deceased Divines,) Containing the Masterpieces of Bossuet, Bourdaloue ... Etc., Etc., with Discourses from Chrysostom, Basil ... and Others Among the "fathers", and from Wickliffe, Luther ... Etc., of the "reformers". Henry Clay Fish, 1856
