The Gospel According To Mark The English Text With Introduction Exposition And Notes:

The Gospel According to Mark William L. Lane, 1974 The Gospel of Mark is significant in many ways Not only was it the first Gospel to be written and an important literary source for Matthew and Luke but it is also best characterized as a witness document a proclamation of salvation through Jesus Christ which received its creative impulse from the early apostolic preaching This widely praised commentary by William Lane shows Mark to be a theologian whose primary aim was to strengthen the people of God in a time of fiery persecution by Nero Using redaction criticism as a hermeneutical approach for understanding the text and the intention of the evangelist Lane considers the gospel of Mark as a total literary work and describes Mark's creative role in shaping the Gospel tradition and in exercising a conscious theological purpose By indicating how the text was heard by Mark's contemporaries while also studying Mark within the frame of reference of modern Gospel research Lane has constructed a thoroughgoing work that is at once useful to scholars and intelligible to nonspecialists From publisher's description

The Theology of the Gospel of Mark William Telford, 1999-06-17 This 1999 book presents the reader with a comprehensive view of the theology underlying the first narrative account of the life of Jesus In Chapter 1 Dr Telford introduces the background of the text and its general message attempting briefly to place the Gospel and therefore its theology in its historical setting In the second chapter he describes and analyses the Gospel's theology again from an historical perspective and with particular regard to its original context In the third chapter Telford goes on to examine the Gospel in relation to other relevant writings of the New Testament Briefly reviewing this larger corpus and highlighting parallels and contrasts where appropriate he seeks to locate the Gospel's theology in its wider canonical context The fourth and final chapter ranges even further afield commenting on the Gospel's history of interpretation and on its significance in the contemporary context

Theology of the Gospel of Mark Paul L. Danove, 2019-11-28 Paul L Danove presents the first full length study of God and the theology of God in the Gospel of Mark In dialogue with scholars who assume that texts are designed to guide their own interpretation Danove develops and applies methods of analysis to describe the actions and attributes of God in the Gospel of Mark Danove presents his argument in a threefold structure beginning with outlining a set of complementary semantic narrative and rhetorical methods for investigating characterization He then moves to examine the semantic and narrative content related to the character of God in the Gospel of Mark and then formulates this information under the guidance of the narrative rhetoric into statements of God's fifty six repeated and sixty two non repeated actions and attributes arranged according to God's portrayal as semantic agent benefactive content of human experience experiencer goal instrument patient of predication source theme and topic of faith

Biblical Research Together with an essay on the current state of research and a discussion of the future of Markan study it provides a chrestomathy of samples of Markan research together with a review of recent dissertations and a full annotated bibliography *The Theological Programme of Mark* Francesco Filannino, 2021-05-31 The first chapters of literary works are indispensable to understanding them This is also true of the Gospels Francesco Filannino shows that the introductory section of Mark's Gospel Mark 1:1-15 is an important key to accessing the whole narrative because it anticipates the main contents of the evangelist's theology **Paul and Mark** Oda Wischmeyer, David C. Sim, Ian J. Elmer, 2014-08-20 The hypothesis that the Gospel of Mark was heavily influenced by Pauline theology and/or epistles was widespread in the nineteenth century but fell out of favour for much of the twentieth century In the last twenty years or so however this view has begun to attract renewed support especially in English language scholarship This major and important collection of essays by an international team of scholars seeks to move the discussion forward in a number of significant ways tracing the history of the hypothesis from the nineteenth century to the modern day searching for historical connections between these two early Christians analysing and comparing the theology and christology of the Pauline epistles and the Gospel of Mark and assessing their reception in later Christian texts This major volume will be welcomed by those who are interested in the possible influence of the apostle to the Gentiles on the earliest Gospel *The African Memory of Mark* Thomas C. Oden, 2011-07-27 We often regard the author of the Gospel of Mark as an obscure figure about whom we know little Many would be surprised to learn how much fuller a picture of Mark exists within widespread African tradition tradition that holds that Mark himself was from North Africa that he founded the church in Alexandria that he was an eyewitness to the Last Supper and Pentecost that he was related not only to Barnabas but to Peter as well and accompanied him on many of his travels In this provocative reassessment of early church tradition Thomas C Oden begins with the palette of New Testament evidence and adds to it the range of colors from traditional African sources including synaxaries compilations of short biographies of saints to be read on feast days archaeological sites non Western historical documents and ancient churches The result is a fresh and illuminating portrait of Mark one that is deeply rooted in African memory and seldom viewed appreciatively in the West *New Testament Survey* Merrill C. Tenney, 1985-08-28 Written in a clear non technical style *New Testament Survey* is an analytical and historical survey which sets forth the message of the New Testament against a fully integrated picture of the world of the first century
