

For seventy years the **SOVIET UNION** attempted to eradicate all concept of God from society. In 1988 Soviet leaders not only realized they had failed, but they put the process in reverse. This book recounts how it happened and what the consequences have been for the Church.

THE GOSPEL'S TRIUMPH OVER COMMUNISM

**MICHAEL
BOURDEAUX**

The Gospels Triumph Over Communism

Arthur B. Shostak

The Gospels Triumph Over Communism:

The Gospel's Triumph Over Communism Michael Bourdeaux, 1991 *Introducing World Christianity* Charles E. Farhadian, 2012-02-20 This interdisciplinary introduction offers students a truly global overview of the worldwide spread and impact of Christianity It is enriched throughout by detailed historic and ethnographic material showing how broad themes within Christianity have been adopted and adapted by Christian denominations within each major region of the world Provides a comprehensive overview of the spread and impact of world Christianity Contains studies from every major region of the world including Africa Asia Latin America the North Atlantic and Oceania Brings together an international team of contributors from history sociology and anthropology as well as religious studies Examines the significant social cultural and political transformations in contemporary societies brought about through the influence of Christianity Discusses Protestant Evangelical Catholic and Orthodox forms of the faith Features useful maps and illustrations Combines broader discussions with detailed regional analysis creating an invaluable introduction to world Christianity *The International Politics of Eurasia: v. 3: The Politics of Religion in Russia and the New States of Eurasia* S. Frederick Starr, Karen Dawisha, 2016-06-16 First Published in 2015 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The contributors were chosen not only for their recognized expertise but also to ensure a stimulating diversity of perspectives and a dynamic mix of approaches This is Volume 3 The Politics of Religion in Russia and the New States of Eurasia **The Politics of Religion in Russia and the New States of Eurasia** Michael Bourdeaux, 1995 First Published in 2015 Routledge is an imprint of Taylor Francis an Informa company *European Pentecostalism* William Kay, Anne Dyer, 2011-09-20 Starting from small numbers before 1914 the Pentecostal and charismatic movement now comprises nearly one third of the whole of the global Christian population Scholarly accounts of Pentecostal and charismatic congregations in various countries have been written but this book does something new It provides an interconnected account of Pentecostalism in Europe something never before been attempted because of the diversity of languages spoken across the continent This book shows how Pentecostalism spread from the north of Europe and how it fared during two horrific wars and under communist dictatorships In doing so it provides new theological historical and sociological information about Pentecostal churches in eastern and southern Europe about the Catholic Charismatic Movement and about the state of western groupings [The Cyberunion Handbook](#) Arthur B. Shostak, 2002 In his original CyberUnion the author presented a bold plan for unions to develop a more significant role in the 21st century by adopting four strategic aids futuristics innovations services and traditions F I S T knit together by cutting edge Info Tech resources CyberUnions in Action expands on the F I S T model and looks at gains and setbacks in pioneering efforts to create CyberUnions It highlights relevant websites and features

interviews with key CyberUnion advocates and some critics Shostak reviews overseas union efforts for transferable lessons and pays special attention to the AFL CIO campaign to ensure Labor's advances in the use of computer networks the Internet wireless devices and more

Living Soviet in Ukraine from Stalin to Maidan Michael T. Westrate, 2016-04-29 What the world is now witnessing in Ukraine is the cumulative effect of history and memory in the lives of the people of the region and this book directly addresses those subjects Although the majority of scholarship on the Soviet Union focuses on top level political and intellectual elites these groups were only tiny minorities What was life like for the rest of society What was it like for the vast population that usually supported the regime mostly accepted the rules essentially internalized the ideology and generally made the same choices as their neighbors and friends What was it like to live Soviet as the USSR hit its peak as a superpower and then fell apart What was it like to live Soviet in Ukraine in the decade after independence This book answers those questions It is an oral history of a group of military colonels and their wives children and contemporaries covering their lives from childhood to the present During this period these military families went from comfortable economic circumstances professional prestige and political influence as part of the Soviet upper stratum to destitution and disgrace in the 1990s Today many of them are part of Europe's largest ethnic minority Russians in Ukraine The geographic focus is Kharkiv the second largest city in Europe's second largest country a Russian speaking city in eastern Ukraine Based on 3 000 pages of interview transcripts and supplemented with materials gleaned from unprecedented access to personal family and institutional archives the book investigates how families endured shifting social cultural and political realities By analyzing the lives of individuals in context Westrate provides insights at the grassroots level He reveals how ideological professional gender ethnic and national imperatives as developed and transmitted by elites were internalized transformed or rejected by the rank and file He reveals how the subjective identities of individuals and small groups developed and changed over time and how that process relates to the parallel projects pursued by the leaders of their countries In the process he shows what those experiences have to offer the study of Soviet post Soviet and transnational history bridging the boundaries created by the collapse of the USSR and exploring the foundations of both twenty first century Ukraine and today's conflicts

The Dangerous God Dominic Erdozain, 2017-10-02 At the heart of the Soviet experiment was a belief in the impermanence of the human spirit souls could be engineered conscience could be destroyed The project was in many ways chillingly successful But the ultimate failure of a totalitarian regime to fulfill its ambitions for social and spiritual mastery had roots deeper than the deficiencies of the Soviet leadership or the chaos of a command economy Beneath the rhetoric of scientific communism was a culture of intellectual and cultural dissidence which may be regarded as the prehistory of perestroika This volume explores the contribution of Christian thought and belief to this culture of dissent and survival showing how religious and secular streams of resistance joined in an unexpected and powerful partnership The essays in *The Dangerous God* seek to shed light on the dynamic and subversive capacities of religious faith in a context of brutal oppression while acknowledging

the often collusive relationship between clerical elites and the Soviet authorities Against the Marxist notion of the ideological function of religion the authors set the example of people for whom faith was more than an opiate against an enduring mythology of secularization they propose the centrality of religious faith in the intellectual political and cultural life of the late modern era This volume will appeal to specialists on religion in Soviet history as well as those interested in the history of religion under totalitarian regimes

The End and the Beginning George Weigel, 2011-11-01 As March gave way to April in the spring of 2005 and the world kept vigil outside the apostolic palace in Rome the pontificate of Pope John Paul II then drawing to a poignant end was already being described as one of the most consequential in two millennia of Christian history With these words world renowned author and NBC Vatican analyst George Weigel begins his long awaited sequel to the international bestseller *Witness to Hope: The Biography of Pope John Paul II* More than ten years in the making *The End and the Beginning* Pope John Paul II: The Victory of Freedom the Last Years the Legacy tells the dramatic story of the Pope's battle with communism in light of new and recently disclosed information and brings to a close Weigel's landmark portrait of a man who not only left an indelible mark on the Catholic Church but also changed the course of world history When he was elected pope in the fall of 1978 few people had ever heard of the charismatic Karol Wojtyła But in a very short time he would ignite a revolution of conscience in his native Poland that would ultimately lead to the collapse of European communism and death of the Soviet Union What even fewer people knew was that the KGB the Polish Secret Police and the East German Stasi had been waging a dangerous decades long war against Wojtyła and the Vatican itself Weigel with unprecedented access to many Soviet era documents chronicles John Paul's struggle against the dark forces of communism Moreover Weigel recounts the tumultuous last years of John Paul's life as he dealt with a crippling illness as well as the new world disorder and revelations about corruption within the Catholic Church Weigel's thought provoking biography of John Paul II concludes with a probing and passionate assessment of a man who lived his life as a witness to hope in service to the Christian ideals he embraced

Toward the Twenty-first Century in Christian Mission James M. Phillips, Robert T. Coote, 1993 This unique volume offers a comprehensive survey of the prospects and critical issues for the Christian world mission The essays written by various mission experts cover such topics as the biblical and theological basis of the mission women in mission urban mission dialogues with other faiths the anthropology of popular religions and more

Decoding **The Gospels Triumph Over Communism**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
